- (1) It shall be unlawful for any person to own, or keep custody of or to take care of more than four dogs, more than four cats or any combination of dogs or cats numbering greater than four animals, four months or older, who are frequently outside on the premises, unless the person has a special permit issued by the City.
 - (2) If a person has more than four dogs or cats frequently outside on the premises, then the Code Enforcement Officer must make the following five findings in order to issue a special permit:
 - (a) Noise from the dogs or cats will not interfere with an abutting occupant's use and peaceful enjoyment of the property.
 - (b) Any odor or unsanitary conditions caused by the dogs or cats will not interfere with an abutting occupant's use and peaceful enjoyment of the property.
 - (c) More than four dog runs or other dog-related structures or any combination thereof shall not be permitted if the structures can be seen from an abutting occupant's property in a residentially zoned district.
 - (d) There is no evidence that the dogs or cats pose any health problem or disease exposure for abutting occupants.

(e) The dogs or cats do not interfere in some other manner with the peaceful use and enjoyment of abutting property.

(B) Livestock or other Domestic Animals.

All chicken coops must be constructed in such a manner that they are elevated not less than one foot above the ground.
