***RE: South Point Tree Inventory***

**Dear Mr. Martin,**

Thank you for engaging Davey Resource Group, Inc. “DRG” to provide a tree inventory and condition assessment of Parcel 187898, an undeveloped tract of land located within the City of Belmont ETJ, for the purposes of compliance with the City of Belmont Land Development Code, Chapter 11: Tree Protection and Landscaping, Section 11.3.7. Specifically, the inventory sought to identify all Protected Trees, Significant Trees, and Heritage Trees pursuant to Section 11.3.7(B) of the Belmont Tree Ordinance, which are defined within Section 11.3.4 as follows:

**Protected tree** Any deciduous tree that is 10 inches in diameter or larger, as measured at 4.5 feet above grade, i.e., diameter at breast height.

**Significant tree** Any tree, deciduous or conifer, that is 18 inches in diameter or larger, as measured at 4.5 feet above grade, i.e., diameter at breast height.

**Heritage tree** Any tree that is 36 inches in diameter or larger, as measured at 4.5 feet above grade, i.e., diameter at breast height.

DRG conducted field work for the inventory and assessment between October 27<sup>th</sup>, 2020 and November 6<sup>th</sup>, 2020. In addition to the identification of any Protected, Significant, or Heritage trees, the following data fields were collected: Unique Tree ID#, X and Y GPS-coordinates (non-survey grade), tree species (common name and botanical name), tree diameter (DBH), and tree condition (Good, Fair, Poor). All trees found and identified as meeting the requirements of the Belmont Tree Ordinance were field-marked utilizing either white or orange flagging tape. Data points were logged in the field utilizing a Trimble® Geo 7X handheld GPS unit.

In total, DRG found and inventoried 657 trees meeting the above-referenced definitions (273 Protected, 370 Significant, 14 Heritage). Appendix A, Table 1, presents a summary of the inventoried trees by status and condition. Appendix B, Table 2, lists the individual trees. In addition, DRG presents the following deliverables, submitted as electronic attachments to the same email as this letter:

1. An Excel spreadsheet containing the data collected on the 657 inventoried trees.
2. A .KMZ file depicting the locations of the inventoried trees.
3. ESRI Shapefiles of the data containing the geospatial information and other collected data.

Thank you for providing us the opportunity to work with you on your project, and we recognize that our success depends on meeting your needs. The DRG team is devoted to providing excellent customer service through our technical expertise and our passion for innovative solutions. Should you have any questions or require additional information, please do not hesitate to contact me.

Respectfully,

A handwritten signature in black ink that reads "Joseph A. Joyner". The signature is fluid and cursive, with the first name "Joseph" and last name "Joyner" clearly legible.

## LIMITED WARRANTY

The Davey Tree Expert Company, its divisions, agents, representatives, operations, and subsidiaries (collectively “Davey”) provides this Limited Warranty as a condition of providing the services outlined in the agreement between the parties, including any bids, orders, contracts, or understandings between the parties (collectively the “Services”).

Davey provides the Services utilizing applicable standard industry practices and based on the facts and conditions known at the point in time the Services are performed. Facts and conditions related to the subject of the Services may change over time. Davey cannot predict or determine developments concerning the subject of the Services and will not be liable for any developments, changes, or conditions that occur, including, but not limited to, decay or damage by the elements, persons or implements, insect infestation, deterioration, conditions not discoverable using the means and methods used to perform the Services, or acts of God or nature or otherwise. If a visual inspection is utilized, visual inspection does not include aerial or subterranean inspection, testing, or analysis. Davey will not be liable for the discovery or identification of non-visually observable, latent, dormant, or hidden conditions or hazards, and does not guarantee that items will be healthy or safe under all circumstances or for a specified period of time, or that remedial treatments will remedy a defect or condition.

Davey may have reviewed publicly available or other third-party records or conducted interviews and has assumed the genuineness of such documents and statements. Davey disclaims any liability for errors, omissions, or inaccuracies resulting from or contained in any information obtained from any third-party or publicly available source.

To the extent permitted by law, Davey does not make and expressly disclaims any warranties or representations of any kind, express or implied, with respect to completeness, accuracy, or current nature of the information contained in the Services or the reports or findings resulting therefrom beyond that expressly contracted for by Davey in the agreements between the parties, including but not limited to, performing diagnosis or identifying hazards or conditions not within the scope of the Services or not readily discoverable using applicable standard industry practices. Davey disclaims any warranty of fitness for any particular purpose. Davey’s warranty is limited to one year from the date Services are performed. Davey’s liability for any claim, damage, or loss, whether direct, indirect, special, consequential, or otherwise, caused by or related to the Services shall be limited to the Services expressly contracted to be performed by Davey.
