

## ANNUAL LEAF PROGRAM

THE LEAF SEASON BEGINS OCTOBER 1, 2021 AND  
RUNS THROUGH MARCH 31, 2022

Citizens are allowed to rake leaves to curb-side or to the edge of residential lots. However, please note that the City encourages you to bag your leaves to ensure immediate pick-up. This practice will assist in cleaner storm drains and improved water run-off on your street. Bagged leaves should be in clear bags or bags left open for inspections. No limbs or other materials are allowed.

LEAF PILES MUST BE SEPERATED FROM ALL OTHER DEBRIS OR BULK ITEMS

Leaf piles will be vacuumed with an automated leaf truck on a "Bi-Weekly" schedule. Only leaf materials can pass through the vacuum system. If other debris (sticks and branches) are found within the piles the leaf truck cannot pick them up. It's up to the homeowner to separate individual materials.

Debris piles consisting of tree limbs, sticks, branches, and shrub trimmings will be picked up on-demand with the assistance of an automated claw truck. This collection service runs throughout the year and MUST be scheduled by filling out an online request form or calling 704-825-0507. The collection will occur on Wednesday every week except for holidays.

Bulk items consisting of old furniture and various household items (no building materials, hazardous items, tires, batteries or metals) will continue being handled by Waste Pro on a quarterly basis in July, October, January and April. Outside of the scheduled bulk pick-up dates, resident can schedule an additional bulk pick-up by calling 704-839-7800.

CREWS WILL OPERATE ON A REGULAR BI-WEEKLY SCHEDULE. IN THE EVENT OF RAIN OR OTHER INCLEMENT WEATHER, LOOSE LEAF PICK-UP WILL BE DELAYED FOR SEVERAL DAYS DUE TO THE OPERATION OF THE VACUUM EQUIPMENT. LEAVES WILL BE PICKED UP ON REGULAR SCHEDULE.
