

## Argument In Favor

### ARGUMENT IN FAVOR OF MEASURE X

Support for Measure X is essential to **continue providing professional emergency medical and fire protection services to Belvedere's residents.**

Measure X is **not a new tax.**

**A YES vote continues the existing measure.**

The citizens of Belvedere receive exemplary emergency medical and fire services through the City's contract with the Tiburon Fire Protection District. All residents benefit from these essential services provided by a highly qualified agency.

Every four years since 1984, Belvedere voters have overwhelmingly supported continuing measures to fund our fire and emergency medical requirements. 2024 marks the eleventh renewal of the measure. As approved by Belvedere's voters, Measure X will allow for continued funding for another four years, adjusting for changes in local cost of living and population.

**A YES vote on Measure X will ensure that the City continues to fund these essential emergency services.**
