DISCUSSION

Chairman K. Kirkwood recognized Mr. Chris Sarajian, owner of Bailey's Restaurant.

Mr. Sarajian discussed the Pine Hill and SR 611 traffic signal project. He introduced his Engineer Mr. Chris McDermott of Riley & Associates. Mr. McDermott explained that his client would like to extend a road from SR 611 to Industrial Park Drive which would eventually come out onto SR 940. He stated that this would only be possible if the Pine Hill & SR 611 traffic signal light project goes through. He noted that his client, Mr. Sarajian is willing to give up some of his property to make this road possible. He also noted that this road could be an additional access for the fire company.

It was acknowledged that the LSA Grant for the traffic signal project is out of the Borough's hands and that PennDOT is still looking for some signatures. It was also noted that the grant is potentially expiring in June of this year and that an extension should be requested.

There was some discussion from the Councilmembers that were present who indicated that they would support such a plan.

At this time Vice Chair R. Dorkoski moved to send a letter of support to Borough Council and carbon copy PMEDC to extend the LSA Grant for the Pine Hill and SR 611 traffic signal project. Commissioner N. DeLano seconded. Motion carried unanimously.
