The Camp Fire Zone Project is designed by citizens to help citizens. In their roles as zone captains, individuals meet regularly to share rebuilding questions, resources, and needs specific to their community. Zone Captains then report back to their community/council leaders with updates and information or requests. From Paradise to Concow to Stirling City (and everywhere in between) we are a group of organized individuals working together to unite as one non-political voice, the system is unique by grouping a large number of people together with a unified voice to achieve a common goal of rebuilding their neighborhood/solving issues and being able to save a lot of time and money.
