

Webex How to Join a Meeting Using a PC

Summary

There are two methods to connect to a Webex virtual meeting. One method is to use the browser based web app and the other is by using the downloadable app on you PC. This tutorial will guide you in connecting to a Webex meeting using both.

NOTE: To install the Webex downloadable app, you must have administrative credentials for the PC it is being downloaded to. Download using this link

Steps

To join a meeting using the web app:

1. You will need to locate the meeting invitation sent to your email inbox. You will be provided with a Meeting Number and Password (if a password has been required by the host). Click the green **Join Meeting** button to continue to the meeting. You may also call in to the meeting using the telephone number provided.

Development Services invites you to join this Webex meeting.
