

The Triangle

In 2022, the Tolt Commons Visioning Committee presented their recommendations to Council for the downtown space.

Three Concepts

1. Provide Open space for all community members to gather for fun and socializing
2. Draw from the past to look to the future
3. Central area that is pedestrian friendly and has interpretive signage, seating, places for people to gather, and sustainable plantings

Agreed Assumptions - Triangle Space

1. Preserving Community gathering space
2. Parking accommodations
3. Semi-Permanent Site Furnishings
4. Safe Pedestrian elements
5. Considerations for potential event/group usage
6. Well-designed and attractive
7. Local plants and sustainable landscaping
8. Climate Resiliency considerations
9. Interpretive Signage about Tolt History
10. More Green Space than hardscaping
