RESOLUTION NO. 20-08

CHERRY TOWNSHIP

BUTLER COUNTY

A RESOLUTION OF THE BOARD OF SUPERVISORS OF CHERRY TOWNSHIP, COUNTY OF BUTLER, COMMONWEALTH OF PENNSYLVANIA, SUPPORTING THE CALL BY THE BUTLER COUNTY BOARD OF COMMISSIONERS TO JOIN WITH OUR MUNICIPAL, SCHOOL AND BUSINESS LEADERS TO STOP THE SPREAD OF COVID-19 IN OUR COMMUNITIES

WHEREAS, cases of COVID-19 are rising in not only Butler County but the entire region; and,

WHEREAS, the Butler County Board of Commissioners is calling upon municipal, educational and business leaders to join in comprehensive messaging to help inhibit the spread of this dangerous virus in our communities; and,

WHEREAS, working collaboratively we as a community can significantly inhibit the spread of this virus and help our schools to remain as open as possible and allow our health care facilities to continue to provide the level of services our communities have depended upon for many years; and,
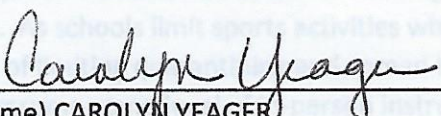

WHEREAS, by all being collaborative in our approach as a community we can begin to see a decrease in active cases that could have a severe impact upon our families, friends and co-workers as well as the community at large, versus doing nothing and letting the virus spread unchecked; and,

NOW, THEREFORE, BE IT RESOLVED that CHERRY TOWNSHIP does hereby express in support of the following;

1. We encourage our residents to voluntarily take steps to stop the spread of the virus through basic measures such as hand washing, wearing a mask, practicing social distancing and staying home when they are feeling ill.

2. We ask our residents to avoid non-essential activities that put themselves and their friends, family and co-workers at risk.

3. Municipal Officials are directed to work collaboratively with the Butler County Board of Commissioners in their efforts to communicate with the residents and businesses.
