Employee Spotlight...

Daniel Gotelli, Recreation Leader
Colma Employee since June 2022

Why did you want to work with the Town of Colma?
I grew up living here and wanted to give back to the community. I thought the best way to do that was by working for the Town itself!

What is your favorite part about working here?
My favorite part is getting to know all the interesting people in the neighborhood.

When you're not at work, what are some things you like to do?
I like to play video games, draw, write stories, and sometimes I go hiking.

What are your plans for the future?
I am planning on transferring to a 4-year college to get my degree in environmental science. Once I get that, I would like to have a career in that category of science.

What is your best tip for health and wellness?
Give yourself a break every now and then if you're getting overwhelmed. I take a break by going on walks to clear my head every time I feel burnt out. Doing so gives me the energy and motivation to continue and complete whatever I need to do.

Fun Fact:
I worked on a mural called "Greetings From Daly City" with my art club back in high school.

Kumon is an after-school learning program designed to help build confidence, increase self-discipline, improve concentration, and study habits. Kumon instructors will design individual lesson plans based on a student’s ability and understanding of the material in math or reading. The emphasis on individualized learning will help your child become more focused, motivated, and self-reliant. Students will also learn to assume responsibility for their own progress and learn at a rate that is comfortable for them. For more information or if you would like to enroll your child in this program, please call the Colma Community Center at 650-985-5678.
