

CHAPTER FOUR: BUSINESS ACTIVITIES

Subchapter 4.07: Regulating Signs

4.07.010 Purpose.

(a) The Town of Colma enacts this subchapter regulating signs to preserve the character of Colma as a city of memorial parks and cemeteries, to preserve the Town's scenic corridors, to safeguard and enhance property values in the Town's "G," "R," "C," "P," "E," and "PD," zones, to reduce visual clutter, to protect the Town's natural beauty, to encourage sound planning practices, to ensure the tranquility and peace of mind of visitors to Colma's cemeteries, and to preserve and enhance the aesthetic, traffic safety and environmental values of the Town.

(b) At the same time, it is the Town's intent to provide for channels of communication to the public and to regulate on the basis of characteristic and proportion of signage.

(c) The Town finds as to commercial signage that it is in the interest of both aesthetics and traffic safety that sign information is kept to a minimum. The use of subordinate information in commercial signage, such as telephone numbers, lists of products, pictures of products, etc., is discouraged, but may be permitted. Where subordinate information exists on commercial signage, the name or use of the business shall be the dominant message on the sign. Subordinate information on commercial signage which presents as a traffic hazard will not be allowed. Noncommercial signage, which rights are constitutionally broader, is permitted unless expressly prohibited within this chapter.

Where a sign has two or more faces, the area of all faces shall be included in determining the area of the sign, except that where two such faces are placed back to back and are at no point more than two feet from one another, the area of the sign shall be taken as the area of one face if the two faces are of equal area, or as the area of the larger face if the two faces are of unequal area.

4.07.215 Building Permit Required.

No person shall construct, enlarge, alter, move, demolish, convert, occupy, equip, use, or maintain any structure with a sign without first obtaining a building permit issued by the Building Official. Each such sign shall be constructed in accordance with the applicable provisions of the Building Codes as set forth in Chapter Five, Subchapter Four of the Colma Municipal Code.

4.07.220 Temporary Non-commercial Signs.

(a) In order strike a balance between, on the one hand, the need to maintain an expressive forum for speech, and on the other hand, to reduce visual blight within the Town of Colma, maintain the Town's cleanliness and aesthetics and maintain public safety, the City Council of the Town of Colma finds that regulations governing the placement of temporary noncommercial signs and the removal of all abandoned temporary non-commercial signs is necessary to promote the Town's aesthetics, public safety and the health and welfare of its citizens. Specifically, but without limitation, the City Council finds that:

(1) Although temporary non-commercial signs provide an important and economic method of expressing temporary non-commercial and protected speech, they can also create visual, aesthetic and safety impacts that have a deleterious effect on the community.

(2) Many times temporary non-commercial signs are placed in areas that conflict with traffic signals and devices or are placed on structures located in the public right-of-way. Prohibition of temporary non-commercial signs on public street medians, bridges, public utility box or any poles used for public utility, traffic control signs, traffic signals, or street signs is necessary to: prevent visual distractions to motorists which create traffic hazards, prevent unsafe road conditions, and to prevent eyesores from proliferating along public streets.

(3) Temporary non-commercial signs placed on private property are sometimes left for months, sometimes years. These abandoned temporary non-commercial signs detract from the positive visual image of the community, and the community's redevelopment efforts and also have a tendency to attract the placement of additional temporary signs and result in unattractive sign clutter.

(4) Regulation of the size of temporary non-commercial signs is necessary for safety and aesthetic reasons, specifically, that the strong winds common in Colma would remove the signs, creating hazards and accumulation of debris, and extremely large or illuminated signs would create a distraction to motorists.

(b) *No Permit Required.* A Sign Permit is not required for any temporary non-commercial sign erected, installed or maintained in conformity with this ordinance. No person shall construct, enlarge, alter, move, demolish, convert, occupy, equip, use, or maintain any structure with a temporary sign without first obtaining a building permit issued by the Building Official. Each such temporary sign shall be constructed in accordance with the applicable provisions of the Building Codes set forth in Subchapter Four of Chapter Five of the Colma Municipal Code.

(c) Public Property.

(1) Except as provided in the next paragraph, no person may erect, affix, mark or maintain any temporary non-commercial sign on public property or within a public right-of-way, including but not limited to, public buildings and structures; public utility poles, wires and structures; traffic signs; public streets and sidewalks; and public parks.

(2) The City Manager may designate public areas for non-commercial signs to be erected, installed or maintained, provided that the sign shall not exceed thirty-two square feet in area and shall be affixed to the ground.

(d) *Private Property:* A temporary non-commercial sign shall not be erected, installed or maintained on private property, or on public property lawfully occupied by a private user, except in accordance with the following standards:

(1) Permission to erect, install or maintain a temporary non-commercial sign shall first have been obtained from the owner, owner's representative, lessee or tenant of said property;

(2) A temporary non-commercial sign shall not be erected, installed or maintained on the roof of a building;

(3) A temporary non-commercial sign placed in residential zoning districts shall be no larger than four square feet; and

(4) A temporary non-commercial sign placed in zoning districts other than residential shall be no larger than sixteen square feet.

(e) *Nuisance.* Any temporary non-commercial sign that is in violation of this section shall be deemed a public nuisance, and the Code Enforcement Officer may order the owner of the property, and/or the owner of the sign, to remove the sign and abate the nuisance. The City shall also have the authority to remove said sign in accordance with this section.

(f) *Removal of Temporary Non-commercial Signs in Violation of this Subchapter*

(1) A temporary non-commercial sign that is in violation of this section, is located on private property and has not been removed by the owner of the property, and/or the owner of the sign, after the owner has been provided with written notification to remove such sign, the reasons for the requested removal and a reasonable opportunity to remove the sign, may be removed by the City.

(2) A temporary non-commercial sign that is posted on public property or in the public right-of-way in violation of this section may be removed summarily by the City at any time.

(g) *Removal of Temporary Non-commercial Signs After Event.*

(1) Each temporary non-commercial sign shall be removed after any event to which they relate by the owner of the property, or owner of the sign. Temporary non-commercial signs remaining more than ten (10) days after any event to which they relate shall be deemed abandoned and a nuisance, and may be summarily removed by the City after giving the owner of the property, or owner of the sign, written notification to remove such sign, the reasons for the requested removal and a reasonable opportunity to remove the sign.

(2) Temporary non-commercial signs posted on public property or in the public right-of-way remaining after any event to which they relate may be summarily removed by the City at any time.

(3) Temporary non-commercial signs on vacant parcels remaining more than ten (10) days after any event to which they relate shall be deemed abandoned and may be summarily removed by the City.

(h) *Post Removal and Claim Procedures.*

(1) Upon removal of any temporary non-commercial sign by the City, such signs shall be taken to the City Corporation Yard for temporary storage. The City shall keep an itemized account of the actual costs incurred in removing such signs, including incidental

expenses. Incidental expenses shall include, but not be limited to, the cost of any rental equipment required for removal of the sign, administrative costs incurred to notify the property owner, or any candidate or committee responsible and any storage costs.

(2) The City shall provide written notification of its removal of a temporary non-commercial sign to any candidate, candidate's committee, or ballot measure committee responsible for its placement. The written notification shall inform that said sign has been removed and is available for pick-up at the City's Corporation Yard. All temporary non-commercial signs removed shall be stored in the City Corporation Yard and may be destroyed by the City if not claimed within fifteen (15) days of the written notification to the candidate, candidate's committee, or ballot measure committee. For purposes of this subsection, notification shall be deemed to have been provided upon the delivery of the notification letter addressed to the candidate, candidate's committee, or ballot measure committee to the United States Post Office.

(3) Any person claiming a sign so removed by the City may have the sign released upon the payment of any fees incurred for removal of such sign. Signs not picked-up within fifteen (15) days of notification shall be destroyed and the responsible owner of the property, or any candidate, candidate's committee or ballot measure committee shall be billed for the actual costs of the removal. The City may recoup such costs by any reasonable means available.

(i) Appeal Procedures,

(1) Any person aggrieved by any action of the City, may appeal such action, in writing, to the City Council within five (5) days of any written notification by the City of the impending removal of a sign or summary removal.
