

CHAPTER SIX. PARKING AND TRAFFIC

Subchapter 6.01 - Preferential Parking Zones And Permit Parking

6.01.010. Findings.

The City Council finds that:

- (a) Commuter vehicles substantially and regularly interfere with the use of the majority of available public street parking spaces in the Sterling Park residential area by adjacent residents and merchants;
- (b) A shortage of reasonably available and convenient residential-related parking spaces exists in the Sterling Park residential area;
- (c) Commuter vehicles being driven or parked in the area of the Sterling Park residential area cause or are the source of unreasonable noise, traffic hazards, and environmental pollution;
- (d) The establishment of preferential parking zones is required to enhance or protect the quality of life in Sterling Park residential area and to make parking reasonably available and convenient for the benefit of adjacent residents and merchants;
- (e) The establishment of preferential parking zones in the Sterling Park residential area will also encourage the use of car pooling and mass transit by commuters; and
- (f) No alternative solution to the problems caused by commuter parking is reasonably feasible or practical.
