# ILNESSES & MEDICATION

Adventure Field Trip to Santa Cruz, 2017

# ILLNESS & MEDICATION POLICY

While we encourage campers to attend the “Summer Fun In The Sun” Day Camp program, an ill child will not perform well and may expose other participants in the program. Please use the following guidelines and **keep your child at home** if any of these symptoms are present:

1. Fever of 100 degrees or greater (before medication)
2. An undiagnosed rash
3. An earache or draining ear
4. Diarrhea or vomiting
5. Severe sore throat
6. Persistent or severe cough
7. Persistent or severe headache
8. Any known communicable disease
9. Evidence of head lice

If your child has a fever of 100 degrees or greater, they must be fever free without medication for 24 hours before returning to the Day Camp program. A child also needs to be free of diarrhea for 24 hours prior to returning to the Day Camp program.

If your child is diagnosed with a **communicable disease**, please notify Day Camp staff immediately at 650-991-3213. Communicable diseases include chicken pox, Coxsackievirus (hand, foot, mouth disease), croup, Pertussis (whooping cough), pink eye, pinworms, impetigo, fifth disease, hepatitis, flu, measles, mumps, meningitis, strep throat, lice, ringworm, and scabies.

**MEDICATION** If your child(ren) requires medication throughout the day, please inform a Senior Recreation Leader. Parents must pick up and complete the medication form. This form will also need to be filled out by the child’s health care provider/physician. Medication must be in the original bottle with **clear instructions**. **Prescriptions must have labels that clearly state child’s name and dosage instructions.**

**Thank you for your cooperation in our efforts to keep our campers safe and healthy.**
