

**Candidate Statement**  
**Joanne F. del Rosario**

Occupation: Incumbent

Age: 65

It has been an honor and privilege to serve the Colma community over the past 12 years. During my tenure on Council, I have witnessed all the ups and downs, in both the best of times and the worst of times. Through it all, the Town has remained strong. Our number one priority has always been to ensure that the present and future needs of our residents and businesses are met. Over the past four years we have seen growth in economic and housing development in Town. The renovation of City Hall has long been awaited and soon to be complete prior to this year's election.

I am proud of the initiatives that this Council has put in place to further the growth and stability of our Town. It is indeed an honor to sit on Council with my fellow colleagues who work unselfishly to build a community that we can all be proud of for generations to come.

I look forward to serving for another term, and I respectfully ask for your vote.
