

**Notice of and Agenda for Special Meeting
of the Town of Colma City Council**

**Colma Town Hall
1198 El Camino Real
Colma, California**

**Wednesday, February 21, 2024
1:00 PM**

To provide Public Comment in person:

Members of the public wishing to speak are requested to complete a yellow speaker card and submit it to the City Clerk. Comments should be kept to three minutes or less.

To provide Public Comment in writing:

Members of the public may provide written comments by email to the City Clerk's Office at swright@colma.ca.gov before the meeting. Emailed comments should include the specific agenda item on which you are commenting or note that your comment concerns an item that is not on the agenda. The length of the emailed comment should be commensurate with the three minutes customarily allowed for verbal comments, which is approximately 250-300 words.

NOTICE IS HEREBY GIVEN that the City Council of the Town of Colma will hold a Special Meeting at the above time and place for the purpose of transacting the following business:

PLEDGE OF ALLEGIANCE AND ROLL CALL

ADOPTION OF AGENDA

NEW BUSINESS

1. STATUS UPDATE TO 2023-2025 STRATEGIC PLAN

Consider: Motion to Accept the Update to 2023-2025 Town of Colma Strategic Plan.

ADJOURNMENT

Dated: February 16, 2024

Shelby Wright, Administrative Technician II
on behalf of Abigail Dometita, Interim City Clerk

STAFF REPORT

TO: Mayor and Members of the City Council
 FROM: Daniel Barros, City Manager
 MEETING DATE: February 21, 2024
 SUBJECT: 2023-2025 Strategic Plan Update

RECOMMENDATION

Staff recommends that the City Council make the following motion:

MOTION TO ACCEPT UPDATE TO THE 2023-25 TOWN OF COLMA STRATEGIC PLAN

EXECUTIVE SUMMARY

The attached document provides a status update on each program of the approved 2023-2025 Strategic Plan.

FISCAL IMPACT

There is no direct fiscal impact associated with this action. Each individual program in the Strategic Plan has a fiscal impact, however, some of these programs are already in progress and, as such, are already budgeted and/or have been completed.

BACKGROUND

The attached Strategic Plan Status Update provides updates to each of the initiatives in the 2023-25 Strategic Plan, as approved by the City Council in March 2023. The February 2024 status update and 2024 Goals are shown in **bold text**. The Council adopted 2023-2025 Strategic Plan reflects the prioritization of proposed programs as determined by the City Council at the March 2, 2023, City Council meeting.

ANALYSIS

Below is a summary of work at various stages of completion based on prioritization from the Town's adopted Strategic Plan:

Resiliency

- Programs completed or near completion.

1. The Town has collaborated with Props and Measures and EMC Research to study the feasibility and public interest of a 0.5% sales tax increase.
 2. Despite efforts, the Town has not heard back from the county on the potential for managing Colma's portion of the lighting district.
 3. We will be approaching CalWater in the near future, if SFPUC and Daly City Water want to bring reclaim water into the Town, agreements will have to be established with CalWater being the Town's Water Purveyor for the reclaim water system.
 4. Formation of The Employee Wellness Committee and Holiday Party Committee to help promote a more robust wellness programs.
 - Currently promoting Pickleball
 5. Employee Assistance Program (EAP) changed from Management Health Network to Aetna.
- Goals for 2024
 1. Official ballot measure for the 2024 general election for a voter-approved increase to sales tax in Colma by 0.5%
 2. Backfill ASD and City Clerk openings.
 3. Wellness: employee gym coming soon in the Town Hall basement.
 4. Staff will continue to pursue LAFCo opportunity with the County and report back to the City Manager on next steps.

Operations

- Programs completed or near completion.
 1. The use of Credit Cards has been implemented at City Hall; PD to be implemented in the very near future.
 2. The City Clerk's office plans to bring an update of the Records Retention Schedule to the City Council this coming year.
 3. The Police Department has implemented 24/7 dispatch services since July of 2023 and has hired one fulltime dispatcher and six per diem dispatchers.
 4. The Smart Corridor project plans have been completed, Staff is still working on the funding agreement with C/CAG and Daly City.
- Goals for 2024
 1. Implement the use of Credit Cards at PD

2. The Town plans to release an RFP by the end of the fiscal year for the replacement of its financial software system, Eden (ERP Technology).
3. The Smart Corridor project is estimated to go to construction in late spring of 2024, pending City Council approval.

Economic Development

- Programs completed or near completion.
 1. The adoption of the Town's Housing Element Update.
 2. The Zoning Code Update is complete as of the second reading on February 14th and will have an effective date of March 15,2024.
 3. The Retail Coach was not retained for an additional year. Statistical data and information gathered from their work will continue to be referenced, though new information is not anticipated to be as frequently available.
 4. New businesses already opened or in the process include: Boot Barn, DashMart, Pet Club, Good Feet, Raising Canes, and Shoe Palace.
- Goals for 2024
 1. Re-establish an Economic Development Committee. A formal study session to come at a future City Council Meeting.
 2. CMO staff, in collaboration with the upcoming Economic Development Committee, will continue to engage with retail management around Town to ensure the economic vitality of the Town and that all vacant store fronts are filled.
 3. Prepare a Request for Proposal (RFP) and hire a consultant to develop a community branding campaign.

Community

- Programs completed or near completion.
 1. Centennial Mural project on the F Street wall anticipated completion of April 2024.
 - Centennial Coloring contest inspired by the Mural has also been created with winners to be announced at the March 13th Council Meeting.
 2. The Police Department has started the Explorer Program and currently has two explorers who have been sworn in.
 3. Monthly citizen recognition is in the works. Staff plans to add a section in LW that directs residents to our website where they can nominate a "Good Samaritan" in Town. Nominees to be recognized at a future City Council Meetings.
 4. The Colma Cab Connect launched in August 2023. The Town is partnered with Serra Yellow Cab. Forty-nine residents have applied for the program.

Staff has promoted on social media, E-Newsletter, Livewire and mailed physical applications to all residents.

5. The Police Department continues to work with Life Moves as needed to address various issues concerning the homeless population.
 6. Many recreation events returned in full swing and in-person this year with participation numbers increasing in all quarters from last year.
- Goals for 2024
 1. Explore wayfaring opportunities within on-going Sign Ordinance Update.
 2. Staff will continue to promote the Colma Cab Connect program on all Town publications and at events.
 3. Staff will hold a study session with the City Council regarding potential regulations to address homelessness following the County's lead on an ordinance earlier this year.
 4. Looking forward to the Town's scheduled Centennial events celebrations.
 5. Recreation services continue to seek new ways to evolve and enhance services, programs, and experiences for residents and the general public.

Capital

- Programs completed or near completion.
 1. Serramonte Blvd West Bicycle and Pedestrian Improvement Project: 70% Design is currently at 70% completion and is being reviewed by the San Mateo Transit Authority (SMCTA) the funding agency for completeness.
 2. The El Camino Real Bicycle and Pedestrian Improvement Project Study Report and Project Development Support (PSR-PDS) is approximately 40% to 50%, complete.
 3. The El Camino Real landscape project will be incorporated into the ECR Bike and Ped complete street program. The Lawndale Landscape project will need to come before City Council for consideration and funding for phase 2, development of Plans, Specifications and Estimates.
 4. Storm Drain System Assessment: Staff has completed Phase 1 of three phases of this project.
 5. Historical Museum Building repairs are complete.
 6. City Parking lots have been slurry sealed and striped.
 7. Phase 1 of this Urban Tree Master Plan has been completed.
 8. The Police Department purchased one administration vehicle and two patrol vehicles.
 9. The Police Department has completed their Lawnet Equipment Upgrade and continues to keep Radio Encryption on hold while the law and current DOJ policies work out.
- Goals for 2024

1. Begin phase two of the Urban Tree Master Plan by way of a study session with the City Council and general public in effort to building a strategy of a tree maintenance and/or replacement program.
2. The Police Department is scheduled to purchase two new patrol vehicles.
3. Phase 2 of the Storm drain assessment to start in late spring of 2024 and anticipated to be complete by the following wet-weather season.
4. Complete Bark Park upgrades including a new pet-friendly drinking fountain, fencing and security upgrades, as well as updated seating and amenities for dog owners.
5. Once the Serramonte Blvd West Bicycle and Pedestrian Improvement Project plans have been reviewed by SMCTA, staff will reach out to the Serramonte business' and other stakeholders as part of public review estimated to take place March 2024. After the business and public review, staff will present to City Council for review and comment at a late-spring City Council Meeting.
6. The PSR-PDS funding agreement is estimated to come to the Town in March of 2024 and the work for the PA&ED is estimated to start in June/July of 2024.

Council Adopted Values

Accepting the status update to the Strategic Plan is a *responsible* action because it provides certainty of the framework of priorities for Staff to follow. The goals and programs of the Strategic Plan consider the Town's long-term financial stability and promote innovation and vision for the Town's operations as well.

Sustainability Impact

Several components of the Strategic Plan directly further the Town's Climate Action Plan and sustainability efforts.

Alternatives

The Council could choose not to accept the status update and could, instead, direct staff to bring back a more comprehensive review of the Plan.

CONCLUSION

Staff recommends the Council accept the status update by motion.

ATTACHMENTS

- A. Status Update to 2023-25 Strategic Plan

2023 - 2025 STRATEGIC PLAN

Value Statement

We treat all persons, claims and transactions in a fair and equitable manner.

We make decisions after prudent consideration of the financial impact, considering the long-term financial needs of the agency, especially its financial stability.

We work to build trust with one another and the community to foster an inclusive, supportive and open environment.

We promote intelligent and thoughtful innovation in order to forward the Town’s policies and services.

Goals and Priority Programs

Area: Goal:	<u>Resiliency:</u> <i>Ensure long term Financial health, Workforce development, Emergency preparedness and Climate adaptation</i>	<u>Operations:</u> <i>Increase Civic engagement, Transparency and use of Technology</i>	<u>Economic Development:</u> <i>Marketing & Brand Development, Supporting Retail, and Future Land Use</i>	<u>Community:</u> <i>Build upon our Community identity & Improve quality of life</i>	<u>Capital:</u> <i>Update Infrastructure and Beautification</i>
Programs:	* Develop Revenue Strategies to meet rising costs	Build efficiencies through Technology	* Land Use	* Public Art Programs & Wayfaring	* Improve Streets, Sidewalks and Bikeways providing access to all

*Priority Program

Programs

Resiliency

Ensure long term financial health & lead the efforts for Climate Change

- Develop Revenue Strategies to meet rising costs *
 - **Description:** Financial stability continues to be the Town’s top priorities. In recent years, the Town was successful in obtaining voter approval of a Transient Occupancy Tax (or hotel/motel tax), established an Unfunded Liabilities Funding Strategy, as well as a Sewer Enterprise Fund, and sought out many grant opportunities. The next steps in ensuring financial stability include possible service cuts, which are part of the annual budget process, and additional revenue sources through the development of revenue strategies. This program will commit resources to researching long-term revenue sources for the upcoming elections in 2024. This will include conducting studies, surveys, and public outreach to identify potential revenue strategies. Possible strategies include but are not limited to, sales tax, and business license tax.
 - **Assigned to:** CMO & Finance
 - **February 2024 - Sales Tax revenue measure for November 2024 ballot; The Town has collaborated with Props and Measures and EMC Research to study the feasibility and public interest of a voter-approved 0.5% sales tax increase.**
 - **Description:** In 2017-19 Strategic Plan the City Attorney provided a confidential memo to staff that outlined some of the initial steps that it would take to establish a Landscape or Lighting District. The program was also included in the 2020 – 22 Strategic Plan where additional information was discovered, and progress made. The critical step would be to ensure that the Town could collect revenues to support the Lighting District. Establishing a landscape and/or lighting district could reduce the General Fund’s exposure to costs associated with streetscape landscaping and lighting costs.

During FY 2021/22 & FY 2022-23 staff held several meetings with San Mateo County Public Works staff as well as the County’s Local Agency Formation Commission (LAFCo) regarding the portion of streetlights with in the Colma Lighting District that reside in the Town of Colma. To fund this endeavor, staff has identified that Colma’s portion of the Colma Lighting District generates about \$135,000 annually from property taxes. The revenue collected from the property tax rolls is to provide the needed operation and maintenance money to maintain the Colma Lighting District streetlights.

Working with LAFCo and the County Controllers Office, it was determined because the Town is a low property tax city, the Town would only be able to receive a portion of the property tax revenue that is dedicated to the Colma Lighting District, that amount would be in the range of \$75,000 to \$80,000 annually. Staff has proposed to the County not splitting the Colma Lighting District and instead entering into an agreement where Colma maintains their portion of the streetlights and in return receives the full amount of taxes collected by the County, including a portion of the Colma Lighting District reserves. Colma’s portion of

the reserves would help offset the cost of replacing the aging streetlights in the Sterling Park neighborhood.

- **Assigned to:** DPW, CMO & City Attorney

- **February 2024 - Currently we have not heard back from the County as far as managing Colma's portion of the lighting district. Staff will continue to pursue this opportunity with the County and report back.**

- **Description:** Engage Cal Water exploring the feasibility of Citywide Water Purveyor Franchise Agreement

- **Assigned to:** DPW, CMO & City Attorney

- **February 2024 - We approached this topic with CalWater and their legal team regarding a Franchise Agreement, currently there is not a Franchise Agreement or a Memorandum of Understanding in place that states that CalWater is the Town's purveyor. CalWater believes, because we have several agreements in place for various parts of the Townwide water system, and they have acted in the capacity of being the Town's water purveyor that they have franchise rights, to some degree that is true. We will be approaching CalWater in the near future, if SFPUC and Daly City Water want to bring reclaim water into the Town, agreements will have to be established with CalWater being the Town's Water Purveyor for the reclaim water system. This may provide us the opportunity to again to address and clarify CalWater as being the Town's Water Purveyor through a new Franchise Agreement.**

- **Description:** Review the Town's planning, building, and engineering fee schedule and complete a cost recovery/fee study as needed.

- **Assigned to:** CMO, City Attorney & DPW

- **February 2024 - DPW along with the City Manager are looking at a 2023-24 mid-year time frame to review options and send out an RFP for a "Cost of Services" updates for Planning, Engineering and Building fees. Staff is also considering including updating the Cost of Services for Police and Recreation.**

- Workforce Wellness, Engagement, Retention and Recruitment *

- **Description:** The Colma Value Based Code of Conduct identifies work-life balance as an "in practice" statement under the value of Fairness and developing stronger relationships is identified under the value of Responsibility. Using these Values as a guide to employee retention and recruitment are essential to the Town's resiliency.

- **Employee Retention & Wellness.** Create and formalize an employee wellness committee representing all Town departments. The committee will focus on how to make wellness a priority while working in a hybrid environment, maintaining mental and physical wellness as well as determining how employees can manage a healthy work-life balance. The committee will utilize resources from the new employee EAP (effective 7/1/2023), and various brown bag discussions/trainings for employees. Work relationships are also an important part of an employee's happiness, which plays a role in employee retention and

wellness. The employee wellness committee will also focus on cross-departmental fun and interaction with various events or activities.

- *February 2024 -*

- **Employee Wellness Committee: (members are Juan Rumayor, Daisy Esquivias, Dinora Navarro, Amanda Velasquez, Nikole Azzopardi, Abigail Dometita). Formalization of the holiday party committee to help generate a more robust wellness program, including brown bag training, etc.**
- **Wellness: Promote pickle ball, install a full gym in Town Hall basement**
- **EAP: Changed from Management Health Network to Aetna.**

- **Recruitment.** Provide excellent human resources guidance, which fosters a proactive work environment made up of employees who support the community we serve. Our goal is to attract and secure qualified individuals to apply for the respective classifications. Recruitment efforts are directed toward piquing the interest in all communities served. The Town will use recognized hiring process practices for job announcements, testing, interviews, and background checks as outlined in the Administrative Code.

- **Assigned to:** HR, Police Department, CMO & Recreation

- Implement Climate Action Plan 2030 programs, Consider Reach Code Ordinance adoption for new construction, Recycled Water Program, expand electric vehicle (EV) charging infrastructure and expand Solar installations on Town facilities and businesses

- **Description:** Colma updated its original 2013 Climate Action Plan with Climate Action Plan 2030 in response to Senate Bill 32 (SB 32), a state mandate that requires California to reduce greenhouse gas (GHG) emissions by 40% by 2030. We completed a 2021 GHG inventory to monitor if Colma is on target to reduce GHG; the inventory showed we reduced GHG 19% since 2005. We have dramatically reduced GHG from electricity use because of our participation in Peninsula Clean Energy (PCE) where electricity is generated GHG-free. However, GHG from natural gas and transportation have not decreased and we'll focus on programs and policies to reduce GHG from natural gas and transportation in 2024 and future years.

These programs will include:

- Reducing (or eliminating) natural gas usage in new construction through consideration of a reach code for new construction
- Expand education, promotion and case studies of transitioning to electricity from natural gas using new rebates and financial incentives for residents and businesses.
- Expand EV charging infrastructure
- Expand programs to reduce GHG from cemetery (lawn, garden, etc.) equipment
- Installation of solar on Town facilities and businesses
- Other programs include meeting SB 1383 requirements for diverting organic waste from landfill, procuring organic materials, procuring recycled content paper products, and meeting State agency reporting requirements.

- **Assigned to:** Sustainability & Planning

- **Description:** Consider adopting reach codes which apply only to new construction to improve Electric Vehicle (EV) charging infrastructure and increase electrification of new buildings.

- **Assigned to:** Building, Planning, & City Attorney
- **Description:** Continue to partner with Daly City, Cal Water and SFPUC to promote and establish a reclaimed water system within Town of Colma
 - **Assigned to:** CMO & DPW
 - **February 2024 - Over the last year SFPUC has been working with Daly City and CalWater establishing agreements and cost sharing obligations. SFPUC has also expressed interest in wanting to provide reclaim water to those cemeteries that currently pump from the aquifer at a net zero cost, meaning whatever their annual cost is now the cost of reclaim water will not exceed that annual cost. There is still ways to go in solidifying this understanding, it is important that they have made great strides in getting the cemeteries onboard. Staff will be hosting along with the water agencies a meeting with the cemeteries in March to once again help get this project closer to becoming a reality.**
- **Description:** Continue to work with Peninsula Clean Energy to install EV charging and solar infrastructure. Continue to work with PCE regarding a solar battery backup system for the Community Center.
 - **Assigned to:** CMO, DPW & Sustainability
 - **February 2024 - Currently the solar system at the Colma Community Center is underway with PCE being the lead agency to install. Preliminary work has already begun, (site layout in the parking lot, proposed minor modifications to the facility electrical closet and steel fabrication and procurement of solar panels and associated equipment. The project is estimated to be completed in late spring of 2024. The battery backup component to this system is in holding, staff is pursuing grant funding opportunities.**
- Disaster Mitigation, Response and Recovery
 - **Description:** Continue to work with neighboring jurisdictions and pool resources when available during disaster response. Purchase additional emergency equipment for continuity of operations. (i.e. generators, lighting, lightboards, etc)
 - **Assigned to:** CMO, DPW, PD
 - **February 2024 -**
 - **The Police Department continues to work closely with the San Mateo County Department of Emergency Management to identify possible funding sources as well as disaster preparedness, mitigation, response and recovery.**
 - **DPW has budgeted for the purchase of exterior lights for emergency situations, the department has accumulated portable generator for situational use in emergencies, as far as the larger mobile generators, (generators capable of running large pumps or parts of a facility), staff is researching grant opportunities to fund in total or offset costs to purchase such a generator.**

- **Description:** Conduct emergency preparedness training with staff including annual tabletop exercises and engaging CAPE/CERT teams.
 - **Assigned to:** Police Department, HR and Safety Committee
 - **February 2024 - The Police Department will work with the Safety Committee to schedule an emergency tabletop exercise once key town administrative positions are in place.**
- **Description:** Continue to offer training to new and existing CAPE/CERT programs to the residents of the community.
 - **Assigned to:** Recreation, Police Department and CMO

Operations

Increase Civic Engagement & Transparency

- Build efficiencies through Technology
 - **Description:** Implement the use of credit cards at Town Hall & Police Station making it easier for residents, businesses and visitors to pay for services. Also explore opportunities for online payments through the Town's web site.
 - **Assigned to:** Finance, CMO & Police Department
 - **February 2024 - In progress. Town Hall already accepts credit card. The PD needs to be implemented.**
 - **Description:** Digitize Public Records through a Document Management & Codification System. This will enable the Town to reduce the use of paper and allow the general public to search for public records electronically saving staff time while creating convenience for the public. Prior to the implementation of a Document Management System, staff will first update Record Retention Schedule at a future City Council meeting.
 - **Assigned to:** CMO & IT
 - **February 2024 -**
 - **The City Clerk's Office plan to bring the Update of the Records Retention Schedule to Council this year.**
 - **Plan to meet with our digital records company to discuss what options they offer. Also, plan to ask other SMC Clerks what programs they use.**
 - **Description:** Implement an asset management system that would track and keep organized fixed assets which include Town Facilities, Right of Way, Town owned infrastructure along with vehicles and equipment in functional and in good working condition. The asset management program will provide the Public Works Department the ability to schedule daily, monthly, and annual events along with costs that are associated with those events or tasks. This program will enable the staff to be more efficient with scheduling, accountability and costs associated with keeping the departments day to day operations moving forward.
 - **Assigned to:** DPW

- Provide 24/7 Dispatch Center Services *
 - **Description:** In 2021 CalOES informed the Town that we were in violation of our Public Safety Answering Point (PSAP) by not operating our dispatch center full time. After discussions with CalOES the Town’s only options were to move to a 24/7 dispatch center or to contract the dispatch services 100 percent of the time. The City Council directed staff to work with the Dispatch bargaining unit to bring dispatch services in-house full time.
 - **Assigned to:** CMO, PD, Finance
 - **February 2024 - The Police Department has hired one fulltime dispatcher and six per diem dispatchers to implemented 24/7 dispatch in July of 2023.**
- Research and implement technology increasing transparency.
 - **Description:** Financial transparency is critical to building trust, creating civic engagement and ensuring public accountability. Financial transparency will be part of the Financial Software Replacement system (ERP). This may include better integration with the Town’s current online transparency platform OpenGov or other similar products, additional integration systems, a space for storytelling, and other effective budgetary and fiscal communication tools.
 - **Assigned to:** Finance and CMO
 - **February 2024 - The town plans to release an RFP by the end of the fiscal year for the replacement of its financial software system, Eden (ERP Technology).**
- Explore Smart City Applications *
 - **Description:** Research and explore electronic applications and tools that will enhance the Town’s ability to communicate to the residential and business community and manage assets and resources more efficiently by way of electronic data collection and technology. Applications and tools can be applied to economic development, mobility, sustainability, community and government. Over the past two years staff has been working with City/County Association of Bay Area Governments (C/CAG) to bring a Smart corridor project through Colma.
 - **Assigned to:** CMO, IT, DPW, Finance, Planning and Recreation
 - **February 2024 - The Smart Corridor project plans have been completed, City Council will be asked to consider a funding agreement with C/CAG and Daly City and the project, if approved, is estimated to go to construction in late spring of 2024.**

Economic Development

Marketing & Brand Development, Supporting Retail, and Future Land Use

- Land Use *
 - **Description:** Complete the Zoning Code Update (Implement the General Plan Update (GPU) - Pursuant to state law, the Town of Colma is required to amend its zoning code and zoning map after the adoption of the Town’s GPU 2040. The GPU and zoning must be consistent with one another.
 - **Assigned to:** Planning

- **February 2024 - Colma planning staff presented the project to the City Council at a Study Session in July 2023 with a subsequent first reading of the project on January 24, 2024, and the second reading on February 14th. The Zoning Code Update's effective date is March 15, 2024.**
- **Description:** Engage with Property Owners – GPU Commercial Core Opportunity Sites – Staff's primary focus has been on the "Town Center" site, and specifically Kohl's long-term intentions for their Colma store. With the help of The Retail Coach we have been tracking Kohl's "right-sizing" initiative across their national retail portfolio. Because of the size of the Colma store (90,000 sq. ft.) and the expanse of the property's parking lots, we believe that this store may be a good candidate for an internal feasibility assessment by Kohl's real estate team. To that end, The Retail Coach initiated discussions with Kohl's several months ago and has provided a Colma land use information package to their real estate executives. We are anticipating follow-up discussions over the next three to six months.
 - **Assigned to:** CMO and Economic Development
- **Description:** Facilitate Card Room Expansion Process - The City Manager has maintained regular communications with Lucky Chances ownership and management with focus on industry trends and Lucky Chances evolving ideas of their future business model.
 - **Assigned to:** CMO and Economic Development
 - **February 2024 – Discussions remain ongoing. Staff expects additional progress to be made following the re-establishment of the Economic Development Committee to help facilitate those discussions in more depth.**
- **Description:** Advance Hotel Development Feasibility - An analysis of recent public/private hotel projects on the Peninsula was carried out in the summer of 2022. Staff then met with a local economic development consultant who had facilitated several competitive processes for cities who desired to enable hotel developments via land leases and a mix of financial incentives. A phone interview with a specialty hotel deal-maker revealed that the single most effective tool to bring hotels to cities is to provide land at deeply discounted sales prices or land lease terms. Since Colma does not own a property suited for a hotel use, it was suggested that the Town secure the services of a commercial real estate company with a specialized hotel market analysis team to determine the viability of Colma's market sphere to attract and sustain a hotel enterprise – to be located on privately owned land, on a site to be determined. In recent conversations with The Retail Coach, they have indicated that they can help with an initial market assessment and advise on subsequent feasibility steps.
 - **Assigned to:** CMO and Economic Development
- **Description:** Hillside Blvd. Commercial Overlay District - Staff began discussions with the landowner in late 2021, with the intent to confirm interest in the creation of a commercial overlay district on lands North and East of Hillside Blvd. By the time the General Plan Update (GPU) was approved by the City Council in March 2022, staff had determined that the Town would need to create and provide a process roadmap or "development framework" to the landowner for the creation of the Overlay District, once the GPU was in place. By Fall 2022 the framework was finished and Town staff had completed most of the

tasks associated with the Town's authority as the land use agency. A summary of the Framework's tasks:

- i. Define the purpose of the District (completed – Colma GPU)
- ii. Identify the areas that make up the District (completed – Colma GPU)
- iii. Clarify the Town's land use priorities (completed – Town staff)
- iv. Standards anticipated to apply to new uses in the District (completed – Town staff)
- v. Identify the capacity of the District (completed - Town staff)
- vi. Complete due diligence with utility providers (Town staff – in process)
- vii. Continue to work with landowner developing a Master Plan for the overlay district

At this juncture staff understands that the property owner has initiated an internal planning process to determine long-term land use requirements for their core business, which should in turn define available land that could be used for new commercial uses.

- **Assigned to:** CMO and Economic Development
- **Description:** El Camino Real Commercial Overlay District. This newly established overlay district is associated with a three-acre vacant land parcel fronting El Camino Real, near the Colma Bart Station. Staff has engaged the property owner in discussions leading up to the City Council's recent adoption of the Housing Element. Ultimately this property was not included in the Town's potential housing sites inventory. However, should the property owner initiate a development master plan for the property in the future, some housing could be included in a mixed-use Transit-Oriented development plan.
 - **Assigned to:** Planning
- Branding and Marketing
 - **Description:** Branding Campaign – Conduct Professional Services Procurement Process. The 2012 Economic Development Plan identified several strategies within the framework of the study. One of the strategies was to create Branding and Promotional Materials emphasizing Colma's commercial activities. Phase 1 of the project will be to prepare a Request for Proposal (RFP) and hire a consultant to develop a community branding campaign. The process will involve local outreach, surveys, interviews with business leaders, and other research, and utilizing this information to establish creative options for the community's brand. Phase 2 will be to launch an expanded image and branding campaign highlighting Colma's brand through logo, marketing brochures, letterhead, streetlight banners, promotional campaigns, advertisements and tag lines. This program was identified as a priority program on the 2020-22 Strategic Plan however it was delayed due to Covid pandemic and change in priorities. The City Council also put this project on hold in June 2022.
 - **Assigned to:** CMO, Planning and Finance
 - **February 2024 - This project is on hold. \$100,000 of \$200,000 has been allotted and encumbered.**
 - **Description:** Develop Options for a new Town Owned and Operated Freeway Sign - This program is to build consensus with the business community along Serramonte Blvd. in an effort to change the name of the roadway to Serramonte Auto Row. Assuming consensus is established and Serramonte Blvd. name has been changed, staff will petition CalTrans for the street name change on southbound highway 280 at the Serramonte Blvd. exit.
 - **Assigned to:** CMO, Planning and DPW

- **February 2024 - DPW is waiting for the name change to take place prior to approaching CalTrans for name change on current freeway signage.**
- **Description:** Develop Options for a New Town-Owned and Operated Freeway Sign. Determine feasibility and develop options for new 280 freeway sign – As part of the 2022-24 Economic Development Plan, staff was directed to research the feasibility of a freeway sign along highway 280 promoting the Town of Colma commercial areas. Staff will have to engage with CalTrans and possibly a consultant to determine feasibility.
 - **Assigned to:** CMO, Planning and DPW
- **February 2024 - DPW is waiting for the name change to take place prior to approaching CalTrans for name change on current freeway signage.**
- Retail Recruitment and Retention
 - **Description:** Administer the Retail Coach contract – In 2021 the Town entered into an agreement with the “Retail Coach” a consultant that provide market analysis of commercial areas and recruits commercial businesses to shopping centers with high vacancies. Since bringing the Retail Coach on board, there has been a higher level of communication with Kimco’s 280 Metro management directly by Town staff and reinforced by regular check-ins by The Retail Coach. A snapshot of progress filling vacant retail spaces is provided in the table below:

Business Type	Q4-2021		Q4-2022		% Change in Spaces	% Change in Sq. Ft.
	# of spaces	Sq Ft	# of spaces	Sq Ft		
Retail	15	162,233	17	178,036	+6.7%	+6.9%
Food	4	10,045	5*	22,809	+3.3%	+5.6%
Services	3	9,985	4	14,300	+3.3%	+1.9%
VACANT	8	45,566	4	12,684	-13.3%	-14.4%
		20%		5.6%		
Total	30	227,829	30	227,829		

The Retail Coach has confirmed that under the Ross lease, no more than five food businesses may occupy 280 Metro spaces.

New businesses already opened or in the process include Boot Barn, DashMart, Pet Club, Good Feet, Raising Cane, and Shoe Palace.

Q2-2021 Sales tax revenues from 280 Metro showed an estimated shortfall of approximately 20% due to the eight vacancies at that time. Seeing the closing of that gap clearly will not likely appear in quarterly reports until late 2023.

- **Assigned to:** CMO
- **Description:** Target New Auto Dealerships. Auto row has seen the addition of the new Cadillac dealership, the expansion of Kia’s business facilities, and soon the opening of VinFast in the vacant Acura dealership property at 475 Serramonte Blvd.
 - **Assigned to:** CMO

- **February 2024 – Brainstorming has been done around the desire to tap into specialized vehicle markets and specific recreation vehicles like ATV’s and UTVs, as well as motorcycles, quads, an the potential for boats and personal water crafts (PWC).**
- **Description:** Coordinate with Cemetery and Auto Dealerships to Promote Local Restaurants
 - **Assigned to:** Planning
- **Description:** Process Use Permits in Commercial Districts – Retain, not Replace Retail
 - **Assigned to:** Planning
- **Description:** Continue as a participating city in San Mateo County’s “Choose Local” program for small businesses. This program has been discontinued by the County.
 - **Assigned to:** None
- Events and Communications
 - **Description:** Continue to coordinate and program the Mayor/Chamber Walks, Business Recognition Luncheon, regular meetings with the Cemetery and Auto Row work group and create and distribute the “Colma Works” business newsletter.
 - **Assigned to:** CMO, Planning and Recreation
 - **February 2024 – Looking forward to another Mayor/Chamber walk upcoming in late Spring 2024.**
 - **Description:** Continue to update the Colma “Business tab and Colma Business Directory on the Town’s website.
 - **Assigned to:** CMO
 - **February 2024 – The “Businesses” tab remains current and up to date connecting current and potential businesses with resources.**

Community

Build upon our Community Identity & Maintain Quality of Life

- Public Art Programs & Wayfaring *
 - **Description:** Research and Develop a Public Art Program that enhances and beautifies the Town for residents and visitors. The program may include;
 - Internal Public Art programs that focus on Colma’s unique History & Culture around Public Facilities and within the public right of way.
 - Explore external program where developers may install public art as part of development or apply impacts fees to development to fund public art programs on public property.
 - Develop a wayfaring program that directs visitors to parks, historical places, landmarks, cemeteries and retail centers.
 - **Assigned to:** Planning and CMO
- Public Outreach to residents and youths

- **Description:** The Colma Police Department is in the process of recruiting and implementing a Police Explorer Post. The Police Explorer Post program is a volunteer organization for teenagers aged 14 to 21, with an interest in Law Enforcement. The goals of the Explorer Program is to expose teenagers to lifelong skills such as teamwork, responsibility and leadership, while building bridges between the community and law enforcement. The program will be organized through the Explorer Division of the Pacific Skyline Council of the Boy Scouts.
 - **Assigned to:** Police Department
 - **February 2024 - The Police Department has started the Explorer Program and currently has two explorers who have been sworn in.**

- **Description:** During the 2020-2022 Strategic Plan it was suggested that the Town start a “Volunteer of the Year” program where at the end of each year the Mayor and City Council select the Colma resident who has given their time, energy and efforts to the Town or Colma non-profit. Staff will work with the City Council during the year to identify candidates for selection.
 - **Assigned to:** CMO and Recreation
 - **February 2024 - Monthly citizen recognition is in the works. Plan to add section in LW that directs residents to our website where they can nominate a “Good Samaritan” in Town. Nominees will possibly get recognized at a future City Council Meeting.**

- **Description:** In 2022 the Town of Colma was awarded a \$75,000 grant to pilot a rideshare program for seniors and populations in need for the 2023-2024 calendar years. Staff will work with the County to create a program and partner with a rideshare service to provide transportation to essential services; doctor’s office, dentist office, grocery store, pharmacy, etc. The program may be extended to the business community for “last mile” transportation for the Colma workforce.
 - **Assigned to:** CMO and Recreation
 - **February 2024 - The Colma Cab Connect launched in August 2023, and have partnered with Serra Yellow Cab. Forty-nine residents' have applied for the program. Staff has promoted on social media, E-Newsletter, Livewire and mailed physical applications to all residents. Staff continues to promote the program at events and at the community center.**

- **Description:** The Colma Police Department partners with LifeMoves, a non-profit group consisting of outreach workers, or Hot Team (Homeless Outreach Team), that meet with law enforcement regularly to identify where homeless individuals and families reside, work to develop a rapport with the homeless citizens, make referrals to primary and behavioral health care, connect unsheltered homeless people to housing resources, and provide access to basic needs such as meals, showers, toiletries, and emergency shelter. The Colma Police Department partners and collaborates with San Mateo County resources and services to assist the Colma community with unsheltered homeless individuals and families. Funding for 2023-2024 will come from the remaining BSCC grant money and LifeMoves is

currently submitting a proposal for Measure K funds for future services in San Mateo County to include North County agencies.

- **Assigned to:** Police Department

- **February 2024 - The Police Department continues to work with Life Moves as needed to address various issues concerning the homeless population.**

- 100 Year Anniversary Celebration *

- **Description:** In 2024 the Town of Colma will be celebrating its 100th year anniversary. In the fall of 2022, a City Council/Staff Ad Hoc Committee was formed to plan for the events for 2024 during the 2023 calendar year. Committee activities will include; planning events, sponsorship packages, budgeting, marketing, giveaways, film, etc.....

- **Assigned to:** CMO, PD & Recreation

- **February 2024 -**

- **Giveaways already purchased include mugs, stickers, hats, and pins. We plan to purchase t shirts soon.**

- **Recreation:**

- **Centennial Color Contest distributed to the community via mail and in person at Day Camp. Winners will be announced on March 13, 2024, Council Meeting.**
- **Staff are in the beginning stages of planning for the Community Fair and Town Picnic.**

- Develop programs that embrace our Culture and Heritage

- **Description:** Develop and coordinate programs and events that celebrate the History and Culture of the Town. This may include enhancements to existing programs or development of new programs. The focus will be to highlight and preserve Colma's unique and rich history. Opportunities for programming may include partnering with the local cemeteries, businesses and historical association. Potential programming includes events surrounding;

- Halloween (i.e. Trunk or Treat, Senior Trick or Treat, Dog Halloween Parade)
- Veteran's (i.e. Making Card for Veterans, Breakfast and Bingo, Clean Up Day, CHA Historical Museum field trip, etc.)
- Cultural (i.e. Dia de los Muertos, Parol Lantern workshop, Multi-Cultural week, Multi-Cultural Craft Night, Dia de los Ninos, Older American Celebration)
- History (i.e. Colma Scavenger Hunt, Promote History through Social Media, Cemetery Tours, Youth and Family trip to historical Museum etc.)
- **Assigned to:** Recreation

- **February 2024 -**

- **In 2023 Staff held their 3rd Annual Trunk or Treat Event, which included a "Sensory Friendly" session to include all families and children. Our next step is to host a Halloween Dog Parade.**

- **Staff hosted the Veterans Day Celebration and had one additional Veteran to the Veterans Plaque. Staff held a "Veterans Card Making Day" where**

members of the community created cards for the Veterans and were passed out during the Veterans Day Celebration. At Cinema at the Cemetery, staff saw an opportunity to invite the community to create cards for Veterans as an activity prior to the movie. Staff will continue to work with Veterans Village to promote Recreation Programs.

- Summer campers experienced a multi-cultural week including games and craft's from around the world. They concluded the week with a Multi-Cultural Potluck and campers and their families were invited to bring a dish from their culture. In addition, we held a Muti-Cultural Craft Night for families to create crafts from different cultures.
- Cultural events like the Parol Lantern Worshop and Dia de los Muertos were held in person and will plan for these events to continue to be in-person.
- Staff planned a local trip for Adults and Seniors to visit the Colma Historical Museum. Staff will continue to work with the Colma Historical Association to plan trips for the community to learn about Cloma's history.
- Staff will continue to celebrate Older Americans Month in May with an Ice Cream Social.

Capital

Update Infrastructure and Beautification

- Streets, Sidewalks and Bikeways *
 - **Description:** Complete Serramonte Blvd West Bicycle and Pedestrian Improvement Project - Phase I of the project involves design (plans, specifications and estimates) and construction of the Serramonte Blvd West. The project will take a four-lane roadway and reduce it down to two lanes (one lane in each direction), and provide a center turn lane for those entering or exiting the various retail outlets along the Boulevard. The pilot lane reduction will provide right of way to build separated Class IV bike lanes in both directions. The project will also provide two mid-block high visibility crosswalks with rectangular rapid flashing beacons (RRFB) along with safe harbor refuge island. A "Quick Build" option will be implemented into the phase one project to provide temporary low-cost landscape barriers to separate bicyclists and pedestrians from vehicular traffic. This project will include the signaling of the Serramonte Blvd and Serra Center Intersection. Total project cost is \$2.035 million - \$1.8 million is supported through grants funds.
 - **Assigned to:** Planning & DPW
 - **February 2024 - 70% design has been completed, currently it is being reviewed by the San Mateo Transit Authority (SMCTA) the funding agency for completeness. Once the plans have been reviewed by SMCTA, staff will reach out to the Serramonte business and other interested members of the public to review and comment on the Serramonte Blvd. Design, estimated to take place March 2024. After the business and public review, staff will present to City Council for review and comment at a March City Council Meeting.**

- **Description:** The Annual Roadway Rehabilitation and Preventative Maintenance Program (PMP) includes minor repairs, such as crack sealing, and major rehabilitation, such as slurry seal and mill and fill. The goal of the program is to maintain the Town’s Pavement Condition Index (PCI) between 75 and 80, which is still classified “as very good”. The current PCI rating for the Town’s Roadways is 76, the goal over the next few years is keep that rating and if possible, move it closer to a rating of 80. The Town’s Capital Improvement Plan has identified several roadways for either heavy maintenance treatments such as crack sealing, dig out and repairs and surface treatments such as slurry sealing or micro sealing on several of our roadways. Project costs for maintenance and rehabilitation of the proposed streets is in the range of \$950,000 to \$1,100,000.
 - **Assigned to:** DPW
 - **February 2024 - This past year Staff partnered with South San Francisco and their roadway slurry project on Hillside Boulevard to extend the project into Colma. The project limits included a portion of Hillside Boulevard from Lawndale Boulevard to about 300’ south of Serramonte Boulevard and the East bound lane of Lawndale Boulevard. The project included removal of old stripping, roadway crack sealing, slurry coating of the roadways and restriping. Staff will be putting together a resurfacing project, same scope of work as above for Colma Boulevard and east Serramonte Boulevard during the Fiscal Year 2024-25, (Late Summer- Early Fall)**

- **Description:** El Camino Real Bicycle and Pedestrian Improvement Project Study Report- (PSR) - The project includes a re-design of El Camino Real (ECR). It incorporates a lane reduction in each direction so that Class 4 bike lanes can be designated on the Northbound and Southbound directions. The project also includes continuous compliant sidewalks, additional bicycle and pedestrian safety features, new traffic signals, landscaping, reconfiguration of the Mission Road (“the Y”) intersection, and bioretention storm drain infrastructure along ECR. The project presents a vision for residents and visitors to travel safely, comfortably, and with ease. Total project cost is \$2 million - \$1.8 million is supported through grant funds.
 - **Assign to:** DPW
 - **February 2024 - The Project Study Report and Project Development Support (PSR-PDS) is approximately 40% to 50%, complete. South San Francisco (SSF) requested if funding was available if they could partake in the PSR-PDS Study, it was determined that the full funding that was granted to Colma would not be utilized and thus would have to be returned to the San Mateo County Transit Authority (SMCTA) for any unused grant money not expensed. SMCTA approved this extra expenditure and allowed SSF to extend the PSR-PDS Study from Arlington Drive to Hickey Boulevard on El Camino Real. SSF has now become our partner on this El Camino Real project which will enhance the Town’s chances in future funding opportunities. The Town was also awarded \$2.55 million for the Project Approval and Environmental Document (PA&ED) the next phase of this project, SSF also was part of this grant application, (\$2.200,000 Colma portion plus \$350,000 SSF portion of the grant). The funding**

agreement is estimated to come to the Town in February/March of 2024 and the work for the PA&ED is estimated to start in June/July of 2024.

- **Description:** Town Wide Bike and Pedestrian Master Plan - Colma was awarded funding through the Transportation Development Act Article 3 (TDA3) Pedestrian and Bicycle Program for a Bicycle and Pedestrian Master Plan. The Colma Bicycle and Pedestrian Master Plan will envision a safer, more connected active transportation system in the Town of Colma. This project will build on the El Camino Real Bike and Pedestrian Plan, the Serramonte Collins Master Plan, the Hillside Boulevard complete streets improvement project, the Mission Road improvement project, and Systemic Safety Analysis Report (SSAR) performed by the Town of Colma. Total project cost \$100,000 - \$90,000 supported by grant funding. Initiated reimbursement process of the \$90,000 grant (C/CAG)
 - **Assigned to:** Planning

- **Description:** Landscape Medians - Median landscapes along Lawndale Boulevard and El Camino Real need rehabilitation. Additionally, the landscape along the backside of the sidewalk along the Northside of Lawndale Boulevard needs to be addressed as well. Phase 1 is the conceptual review of the landscaping and public use and enhancement on Lawndale Boulevard and El Camino Real. Phase 2 will provide “Shovel Ready” project plans, specifications and estimates (PS&E) and preparing a bid package. Phase 3 is the construction phase, which includes awarding the contract, building and inspection services, and construction. The study will also focus on green infrastructure possibilities, stormwater enhancements, and recreational features. Grant opportunities may be available for Phase 3 of this project.
 - **Assigned to:** DPW
 - **February 2024 - In 2020, City Council was presented several landscape options for El Camino Real and Lawndale Boulevard. The El Camino Real landscape project will be incorporated into the ECR Bike and Ped complete street program. The Lawndale Landscape project will need to come before City Council for consideration and funding for phase 2, development of Plans, Specifications and Estimates.**

- Sewers and Storm drains
 - **Description:** Colma Creek - Sections of the Colma Creek concrete channel has deteriorated over the years. Because there are different levels of deterioration, a study will need to be performed as phase 1 of the project. This study will identify, categorize and map the deteriorated areas, estimate costs to repair and identify what outside permits are to be required to enter and repair the creek walls and floor. Phase 2 of the project will be to prepare plans and specifications for the project along with applying for and obtaining all necessary permits to perform the work. Phase 3 will be the preparation of the bid documents, project and construction management and the repair work.
 - **Assigned to:** DPW
 - **February 2024 - Staff continues to work with One Shoreline to assume maintenance responsibilities and capital investment to keep the cement lined Colma creek channel.**

 - **Description:** Storm Drain System Assessment and Mapping - The project will review and analyze the Town's 11 miles of the Storm Drain System. The process will be to start assessing

the current Storm Drainage system by way of internally videoing the system as is. The video would provide several insights; it will unveil any needed repairs and unrecorded blind or illegal connections. The findings that come through the videoing process will allow staff to budget for repairs or enhancements to the storm drain system. Only portions of the system will be addressed each year. The project is expected to be a 3-year effort; funding will be requested on an annual basis for that specific scope of work.

- **Assigned to:** DPW

- ***February 2024 - Staff has completed Phase 1 of three phases of this project, Phase 2 is projected to start in late Spring or early Summer of 2024.***

- City Facilities & Long-Range Plans

- **Description:** Bark Park - The Bark Park located on lower D Street provides dog owners a site where they can allow their pet to play, run and commune with other dogs. Though the park caters to dogs, it is also a place where residents can meet while their pets play and be contained within a safe and confined area.

- **Assigned to:** DPW & Recreation

- **Description:** Historical Museum - The Historical Museum Facility is currently in need of painting. The work includes minor building repairs such as plaster touch up, dry rot repairs, and window trim repairs or replacement.

- **Assigned to:** DPW

- ***February 2024 - Public Works Staff over sought the minor repairs and painting of the Historical Museum. Currently this project is complete.***

- **Description:** Facility Parking Lots - Several of the Town owned facility parking lots need reconstruction and/or resurfacing along with striping and Americans with Disabilities Act (ADA) upgrades. This project will address long term parking lot maintenance and reconstruction needs at: Creekside Villas, the Colma Community Center and Historical Museum, the Colma Police Station and the Public Works Maintenance Corporation Yard. The work will vary from facility to facility ranging from reconstruction, (Mill and fill) to minor surface treatments, such as crack sealing and slurry coats. All facilities will be restriped. Installation of additional ADA stalls will be considered if feasible for the Colma Community Center parking lot. Given the recent increase in oil prices and construction escalation costs, it is estimated that the project will increase by more than 20% over original estimates that were presented several years ago.

- **Assigned to:** DPW

- ***February 2024 - Staff completed the minor repairs, crack sealing, surface sealing, (Slurry coat) and restriping of the Colma Police Department, Creekside Villas and the Colma community and Historical Parking lots in November of 2023. The only parking lot that was not addressed is the Colma Public Works Corporation Yard. The Corp Yard parking lot will be addressed when we program other facility upgrades.***

- **Description:** An Urban Tree Master Plan outlines the objectives and actions needed to sustain, protect, and enhance trees along streets, parks, and open space area. The Town's trees have been tagged and entered into a GIS database. The next step is to contract with a

certified arborist to survey and assess the health of town trees and provide a tree maintenance schedule that includes pruning, fertilizing, and replacing trees. The result of the study will be incorporated into the existing GIS database, along with tree maintenance and replacement schedule.

Cost for the tree survey and incorporating the results into the GIS database is estimated at \$100,000.

The project also includes tree replacement; however, an analysis of the existing tree conditions is required prior to any replacement. Staff is recommending a budget of \$200,000 for future year tree replacement.

- **Assigned to:** DPW
 - **February 2024 - Phase 1 of this Urban Tree Master Plan has been completed, Phase two is anticipated to start after a study session with the City Council and Public takes place. Staff is looking at centering in on the finding of Phase one report and the City Council along with members of the public in building a strategy of a tree maintenance and or replacement program.**
- Major Equipment, Technology & Fleet *
 - **Description:** IT Infrastructure Upgrades - The ongoing maintenance of computers, as well as the Town's backbone network, requires periodic upgrades to ensure that operations continue. The project includes: replacement of desktop computers and other equipment, technology needs at Town-owned facilities, software updates, and upgrades to servers, switches and routers.
 - **Assigned to:** CMO
 - **Description:** Vehicle Replacement Schedule - This Capital Improvement Project covers the purchase of vehicles and major fleet items Town-wide. Over the 2023-24 and 2024-25 fiscal years the vehicle replacement program anticipates replacement of fleet vehicles to be approximately \$515,000. During vehicle replacement staff will look for opportunities to extend the fleet to save costs, look for Electric Vehicle opportunities and funding that would subsidize those purchases. Staff will also review and update the current vehicle replacement schedule based on current market replacement cost.
 - **Assigned to:** Finance, Police Department and DPW
 - **February 2024 - In FY 23/24 the Police Department purchases one administration vehicle and two patrol vehicles. In 24/25 the Police Department is scheduled to purchase two new patrol vehicles.**
 - **Description:** Equipment Purchase and Replacement - This Capital Improvement Project covers the purchase of major equipment Town-wide. In the FY 2022-23, the Police Department is requesting to update the Lawnet Equipment Upgrade while the Police Department Radio Encryption Upgrade will be on hold while the San Mateo County Police Chief Association research on the best system. This collaboration is important for the public safety departments to ensure smoother cross agency collaborations during emergencies. The project funding of \$150,000 is required in FY 2022/23 and FY 23/24.
 - **Assigned to:** Police Department

- ***February 2024*** - The Police Department has completed their Lawnet Equipment Upgrade and continues to keep Radio Encryption on hold while the law and current DOJ policies work out.

*** Priority Program**
