# Environmental Questionnaire

The following information is requested to expedite the environmental review process necessary to process your application. Please complete thoroughly.

**Project Information**

Describe the proposed project.

Is grading proposed with the project? If yes, for what purpose and approximately how many cubic yards?

Will the project include outdoor lighting? (Include type and location)

Estimate the approximate square footage of proposed impervious surfaces, including building area, concrete, paving and other hardscape features.

List the requested City permits and other public agency approvals required for this project, including County, State and Federal agencies. Please be aware that omissions may delay environmental review.

Permit Name/Type	Responsible Agency	Date Request Submitted

**For Office Use Only**

Project Title	SCH No.
Applicant	Receipt No.
Planner	Environmental Review Fee \$
Received By	Date Received

**Project History**

Have any previous environmental studies or documents been prepared for the project site? If yes, please describe.

**Existing Conditions**

Describe the existing and historic use of the site.

Provide a concise statement describing the current environmental setting of the project site.

Are there residents/tenants who will need to be relocated as a result of the proposed project?

**Site Features**

Is the project located near any of the following: schools, churches, day care facilities, health care facilities, streams, parks, nature preserves, or undeveloped natural land? Please describe:

Does the site contain trees over 6" in diameter or native vegetation? Would the project remove these features?

Are any endangered, threatened, rare or sensitive species suspected of existing on site? Describe:

Have any known historical, archaeological, or paleontological resources been identified on site?

**Water Features**

Will a new storm drainage outfall, or improvements to the existing storm drainage outfall, be necessary?

Does the project site include any surface water features including creeks, tributary channels or areas of ponding water in the wet season?  
Describe:

**Toxins and Hazardous Substances**

Is there a history of contaminated soil or groundwater associated with this site?

Are any underground storage tanks or other subsurface structures located on site (not including utilities)?

Will the project involve the use or disposal of potentially hazardous materials including flammable, explosive, or toxic substances?

**Other Pertinent Information**

Please describe any other characteristics or effects of the project that may be of environmental consequence.

**Required Signatures**

I hereby certify that the information provided above is true and correct to the best of my knowledge and belief.
