Required Locations of Smoke/Carbon Monoxide Detectors

○= Smoke Detector

= Carbon Monoxide Detector
(Combination Smoke/Carbon Monoxide detectors are recommended)

Placement Considerations:

- Remember that every level including basements also requires both carbon monoxide and smoke detectors.
- Smoke detectors shall have a minimum <u>10-year</u> rated battery (<u>effective July 1, 2014</u>).
- Detectors shall be located a minimum of <u>20ft away</u> from cooking appliances.
- Detectors shall be located <u>three (3) feet away</u> from openings into bathrooms, mechanical supply/return registers and ceiling fans.
