FROM:

KRISTINA MILLER, CITY MANAGER

ROY SEILER, CPA; ACCOUNTING CONSULTANT

INTRODUCTION:

City Staff hereby present the City Council with the proposed "Annual Program of Service and Fiscal Year 2019-2020 City Budget".

BACKGROUND:

Attached you will find the proposed FY 2019/2020 budget. This will be the third full year the City will receive Transactions and Use Tax Revenue funded from the passage of Measure A. The one-half cent sales tax (Measure A) is estimated to yield \$1,100,000 in FY 2019/2020. A significant amount of capital improvement is proposed to be funded this year. This is also the third year benefits are budgeted separately from salaries.

SUMMARY:

If approved in their entirety the Budget will:

- Continue to maintain "full-time" Municipal Operations at current staffing levels.
- One police dispatcher will be reclassified as a Dispatch Communications Supervisor, the Senior Finance Technician will be reclassified to an Accounting Manager, and an Administrative Assistant will be reclassified to an Administrative Services Manager.
- Includes 1.5% pay increases effective the first pay period in July 2019 for employees in the Miscellaneous, Dispatch, and Management Bargaining Units. The Public Safety Bargaining Unit received a 2.0% increase the first pay period in January 2019.

We've continued the budget format utilized last year. In the staff report we have included many of the charts that were provided last year. All recommended expenditures are accounted for in the budget document and/or described in this staff report.

EXECUTIVE SUMMARY:

- FY 2019-2020 Total Projected City-wide Revenues (excluding transfers): \$11,488,731
- FY 2019-2020 Total Expenditures (excluding transfers): \$12,129,983
- Anticipated General Fund Revenues will total: \$6,598,603.
- Recommended General Fund Expenditures will total: \$6,637,809.
- General Fund Reserves will decrease by approximately \$39,206, as is indicated in Exhibit A.

BUDGET FORMAT:

The budget document presented tonight has two primary components: this "Budget Message" staff report with pages marked in lower case Roman Numerals, and the large binder document labeled "City of Corning 2019-2020 Budget & Program of Services" with regular page numbers. The document should be considered a "Draft" at this time.

Following this budget message is the Table of Contents and the Financial Projections Tab. Use the information under that tab to understand the financial status of the City's important funding sources.

The next two Tabs display the sources and history of the "General Fund" and all "Other Fund Revenues". There is a detailed narrative explaining each revenue source. The Department Summaries Tab provides a short history of expenditures in each of the City's Departments. Tabs with individual expenditure plans for each Department are provided for detailed review.

IMPLEMENTING THE PROGRAM OF SERVICE AND ANNUAL BUDGET:

Tonight, and if necessary, at an additional session, Staff will present their budget recommendations to the City Council. Council will also entertain the public's comments and suggestions, and then deliberate and make any changes deemed necessary and/or appropriate.

The City Manager and Accounting Consultant Roy Seiler, CPA will then incorporate those changes in a final budget Resolution document. The current schedule calls for Council to work toward completing the budget review in order to adopt the Resolution at the June 25, 2019, regular meeting. The individual line items of the budget will not be adopted; instead the Council will use the Resolution to set the budget limits for each of the Operating Funds that support City services. Staff will then operate within these budget limits to carry out the City Council's adopted Program of Services.

THE BUDGET:

"Budgeting" is a process to project revenues and then allocate those funds as expenditures in order to implement the Council's desired programs, services and projects.

The budget addresses anticipated revenues and expenditures affecting the "General Fund" and "Other Funds" that account for the Water & Sewer utilities, the Airport, Street Maintenance, Airport, and maintaining the Transportation Center. Revenues and expenditures for those "Other Funds" are earmarked for specific uses. That leaves little discretion to the City Council for those "Other Funds". For that reason, we primarily focus on the General Fund.

The General Fund budget can be viewed in three primary parts:

- **1. History**. We start with "actual numbers" from the audit at last fiscal year's end (FY 2017-2018; ending June 30, 2018).
- 2. 2018-2019 Projected. We normally prepare the budget before the current fiscal year "closes out". For this reason, we must "project" what the fund balance will be at fiscal year-end (June 30, 2019) based on ten months of data (July through April).

Transient Occupancy Tax revenue is experiencing some short-term increases due to the Camp Fire recovery effort. That, along with Measure A funding, Vehicle License Fees & Building Permit Fees, our budgeted revenue is anticipated to be higher than what is included in the approved FY 2018/19 budget. Our General Fund (including Measure A) balance at June 30, 2019 is anticipated to be \$2,665,601 (4.8 months of operating expenditures. The City is nearing its goal of obtaining six months of operating expenditures in General Fund reserves.

3. 2019-2020 Budgeted. We utilize various sources to make projections about the "Income" or "revenue" we will receive for the next fiscal year. Staff then use those projections to make recommendations about which programs, services and projects we can fund. From all that we can make preliminary projections about where we expect to be on June 30, 2020.

Fuel prices were relatively flat in 2018/19 as compared to FY 2017/2018. Peak consumer prices should not exceed last year, so overall California fuel sales tax revenue is expected to decrease. That being said, there are a significant amount of dump trucks traveling from Paradise, CA to Anderson to dispose of fire debris. As a result, the City is expecting a positive increase in fuel sales tax revenue. While our sales tax consulting firm expects sales tax revenue to decrease by 3.5% to \$2,825,516, City staff feel we will experience an increase as a result of increased fuel consumption and related revenue as a result of debris removal from the Camp fire. The City experienced a major increase in Transient Occupancy Taxes (TOT) revenue as a result of the Camp Fire in FY 2018/2019. Staff expect TOT revenue to continue to outpace historical levels. This is a temporary increase in revenue to the City that will return to pre-disaster levels, once debris removal from the Camp Fire is complete. Other revenue sources are expected to remain at or near FY 2018/2019 levels, but our future costs to provide services are increasing. One-time grant revenue sources to operate the Recreation Program at some point will become a full General Fund expense. Measure A funding is allowing the City to maintain its existing services, while funding a significant amount of capital improvement expense and increasing General Fund reserves.

Please refer to the "General Fund Summary and Projections" spreadsheets on the following pages. It details the recent history and projects the current and future balances of the General Fund.

As a final statement, the City needs to increase our reserves to a minimum of six months of General Fund expenditures. General Fund Reserves at June 30, 2019 are anticipated to reach almost five months of general fund expenditures.

SUMMARY OF PROPOSED REVENUES AND EXPENDITURES FY 2019-2020

"REVENUES": THE SOURCES OF FUNDS FOR CITY OPERATIONS:

The **total City revenues** from all sources for Fiscal Year 2019-2020 are projected to reach \$11,483,731, excluding transfers. City operating income comes from a number of sources which are described fully in the Draft Budget Book sections under the Tab "General Fund Revenues" and "Other Fund Revenues".

GENERAL FUND REVENUES:

We project General Fund Revenues to be \$6,598,603 for FY 2019-2020. That amounts to 57.4% of total projected revenues. General Fund revenues are largely "discretionary"; meaning the City Council can largely decide how these funds are expended.

The revenue sources for the General Fund include the five major categories (Sales Tax, Transactions and Use Tax (Measure A), Transient Occupancy Tax, Property Tax, Motor Vehicle License Fees Tax and "Other GF Revenues") shown on the spreadsheet marked "General Fund Revenue Projections" (Page 2). The spreadsheet shows how the fund amounts have varied among the recent budget cycles. The categories totals are also graphed on Page 3.

"Sales Tax" is a significant component of the General Fund. See the graph at Page 4 showing the history of sales tax receipts.

OTHER FUND REVENUES:

The Council has <u>limited</u> discretion regarding "Other Fund" (Non-General Fund) Revenues. These funds are restricted to specific purposes. Some refer to these as "earmarked" funds. For example, gas taxes must go to street maintenance such as repaving projects, and water revenues may be spent only on water-related repairs or improvements, etc. The sum of all Other Fund Revenues anticipated for FY 2019-2020 is \$4,885,128. That makes up 42.5% of the City's total revenues.

See the "Financial Projection" Tab following this report. Under that tab are separate spreadsheets for the Street Funds, the Sewer Enterprise and the Water Enterprise beginning on page 5.

Street Maintenance Funds (please see Page 5) are reliant on the various Gas Taxes collected from fuel sales and funds provided via the Tehama County Transportation Commission.

Please refer to the Sewer Enterprise Fund spreadsheet (Page 8). The Council approved Resolution No. 05-27-2014-01 on May 27th, 2014. The Resolution implements a series of five separate 3.5% annual increases to the Sewer Rates on July 1 of 2014 and each of the following four years. The last increase took effect in July 2018. A 3.0% annual increase for five years beginning on August 1, 2019 will be considered by the City Council in July 2019.

Please refer to the Water Enterprise Fund Spreadsheet (Page 10). In 2018, the City implemented a series of five annual 3.5% water rate increases. As anticipated, consumption levels have not returned to pre-drought levels and the City Council will be asked to approve a further 3.5% annual increase (a total of 7%) for the next four years. Absent this further rate

increase, the City will run a significant operating loss and will not be in compliance with its rate covenant requirements.

EXPENDITURES-HOW THE CITY SPENDS ITS MONEY:

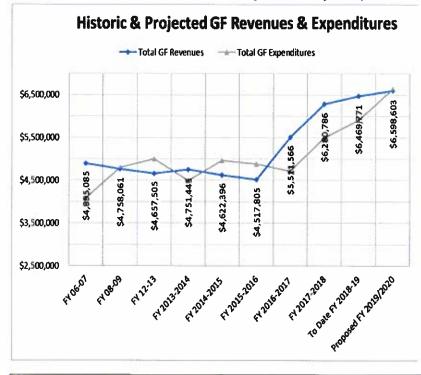

The <u>Draft</u> Budget document includes Staff recommended expenditures (excluding transfers) totaling \$12,129,983.

The passage of Measure A is allowing the City to build its reserves and fund capital improvement while maintaining existing services. Senate Bill 1 will allow the City to fund more street projects over the next ten years. The City also has temporary grant funding to support the recreation program. Funding is guaranteed through December 2019, at which point (if not extended) the recreation program will be fully-funded through the General Fund.

HISTORY, ANALYSIS AND TRENDS:

GENERAL FUND ANALYSIS AND EXPECTATIONS:

As described previously, we focus on the General Fund because it provides the discretionary revenue that funds many of the City's important services and programs.

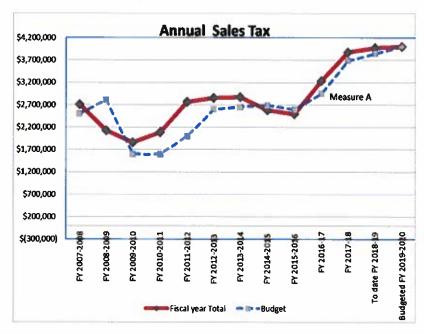

The spreadsheet that's the basis of the chart to the left is included under the Financial Projections Tab at page 2 of the Draft Budget document "General titled Fund and Revenue History Projections". The spreadsheet shows the various sources of General Fund revenue for each fiscal year and the corresponding amount received. We are projecting the following:

	Revenue	Expenditures
General Fund	\$ 6,598,603	\$ 6,637,809

<u>Due to the importance of the key General Fund Revenues, please see the detailed spreadsheets and charts at pages 2, 3, & 4 in the Financial Projections Section.</u>

SALES TAX REVENUE:

Sales Tax is the principal component of General Fund Revenues. Note how the chart to the left mirrors the General Fund Revenue Chart on the previous page. In fact, it is anticipated that sales tax revenues will be over 44% of General Fund Revenues, Due to the boost in sales tax from the passage of Measure A, in 2019-2020 61% of General Fund revenue can be attributed to sales tax and transactions and use tax (Measure A). Since we rely heavily on sales tax revenue, our fiscal stability can be significantly affected by recessionary economic

conditions and fuel prices. Two industry groups (Fuel Sales and Auto Sales) typically account for over 75% of our sales tax revenues. Fuel sales typically account for approximately 35% of our total sales tax revenue, with the remainder coming from auto sales.

A one percent swing in sales tax revenue equates to about a \$40,000 effect on the General Fund. Volatile fuel prices can cause significant swings in sales tax received by the City.

TRANSIENT OCCUPANCY TAX (TOT):

TOT is a 10% room tax that is collected at the motels in town for stays of less than thirty days. For FY 2019-2020, we anticipate receiving \$515,000. This is \$85,000 more than what was budgeted in FY 2018/19. Due to the Camp Fire, actual receipts for FY 2018/2019 were \$618,181. It is anticipated revenue for TOT will decrease from FY 2018/2019 to more historic levels, as those displaced find more permanent housing, spend more than thirty days in a hotel, and as debris removal is completed. In essence, the City is experiencing a temporary increase in TOT revenue.

PROPERTY TAX:

We have exceeded our FY 2018/2019 budget projection of \$546,100 for property tax revenues. We are projecting \$619,100 for FY 2019/2020.

VEHICLE LICENSE FEES:

This is property tax paid by the County Auditor in lieu of Vehicle License Fees. We expect to receive \$50,000 more than budgeted for FY 2018/2019 and increased our expectation accordingly to \$630,000 for FY 2019/2020.

CURRENT BUDGET MANAGEMENT:

The following bullet points summarize Staff's recommendations contained in the FY 2019/2020 Draft Budget and for the future.

 The City needs to continue its work to increase General Fund reserves to six months of operating expenditures.

- Increases in revenue are not outpacing increases in expenditures.
- The City needs to invest in economic development to expand its tax base to allow it to maintain existing services.
- The City must continue to fund Capital Improvement at appropriate levels.

SUBSEQUENT YEARS; FY 2019/2020 AND BEYOND:

- Increased development activity will generate Development Impact Fees, some of which
 would pay down indebtedness attributable to previous Water, Sewer and WWTP expansion
 and improve the Water and Sewer Enterprise Funds.
- The City will need to fund the Recreation Program beyond the grant term. While this is an additional General Fund expense, recreational programs decrease criminal activity and support youth development.
- The maintenance of City infrastructure should remain a priority for the City.
- Long-term pension obligations and sales tax revenue should remain a concern when considering the hiring of additional staffing or other personnel related expenditures.
- We should carefully consider changes that we can undertake to improve the efficiency of our service delivery, cost control measures, and increase revenue opportunities through the analysis and possible renegotiation of our long-standing contracts.

administrative fee for the processing of property tax revenues. While an expense, this account is in the revenue section in order to aid in

its identification.

OTHER TAXES:

O01-4115 AIRPORT TAX – An unsecured Property Tax on aircraft in Corning.

001-4121 SALES TAX - Sales Tax is comprised of 9/10 of 1% of the State

Sales Tax levy collected from merchants on retail sales and taxable services transacted within the City and remitted, through the County,

by the State Board of Equalization.

001-4122 SAFETY SALES TAX - This money comes from a Statewide half-

cent Sales Tax approved by California Voters as Proposition 172. The State Legislature chose to allocate it, with a complicated formula to Cities and Counties, only if each maintains a minimum Public Safety funding, using the 1992-93 Budget Year as a base. These Safety Funds are divided evenly between the Police and Fire

Departments as a part of their annual Capital Replacement Transfer.

001-4123/4124/4125 FRANCHISES - This account provides for amounts received for

special privileges granted by the City, permitting the continuing use of public property such as poles and lines for public utility use, trash

collection and cable television companies.

MOTOR VEHICLE IN-LIEU TAX – Represents motor vehicle license fees imposed annually by the State in-lieu of taxes on motor vehicles. Revenues derived from the motor vehicle license fees are distributed based on the proportion that the population of each City bears to the total population of all Cities.

The VLF is 0.65% - (65/100 of a %). The original fee was 2%, set in statute, and our package does not change that. What it does is constitutionally protect 0.65% - which is the rate that consumers are currently paying – for Cities and Counties. If the legislature should decide at some future time to lower the rate below 0.65%, they would be obligated to backfill Cities and Counties for the difference between 0.65% and the lower effective rate charged consumers.

001-4515

HOMEOWNER'S EXEMPTION – Subvention from the State due to legislative reduction of the property tax assessment base for owner occupied residential properties.

001-4129/4130 001-4519/4520/4521 001-4522/4523 001-4546 REIMBURSEMENTS FROM OTHER AGENCIES – Other Agencies (Generally the State) reimburse the City for certain costs incurred. Reimbursements include P.O.S.T., T.I.D.E. and State mandated costs which are determined on an annual basis.

Dept. Summaries by Fiscal Year

Department Summaries by Fiscal Year:

This section of the Budget Book provides a summary by year of the actual expenditures of each Department or Operating Division of a Department.

These expenditures are supported by the revenues explained in the prior sections of the Book.

These spreadsheets pull the information from the actual computerized accounting records of the City.

The reader should appreciate that the four pages in this section represent computer commands taking up over sixteen feet of ledger sized computer paper! The detail of this Book is possible through the combined efforts and talent of the City Staff.

CITY OF CORNING 2019 – 2020 ANNUAL BUDGET DETAIL GENERAL CITY (1600)

ACTIVITY DESCRIPTION:

General City carries the "Budget Detail" on those annual City expenses not specifically related to a single City Department, such as City Hall's utilities and insurance. Responsibility for managing these costs rests with the City Manager's Office and the Finance Department. The City Manager's Administrative Assistant manages Workers' Compensation and Liability Claims. The City's Risk Manager is the Police Administrative Services Manager.

- 5935/5940 BENEFITS-WORKERS' COMPENSATION: Workers' Compensation deposits are placed in this General City Division for all operating Departments. Costs are apportioned between the General (75%), Water (15%) and Sewer Funds (10%) based on current City employment levels in the funds. The Northern California Cities Self Insurance Fund (NCCSIF) provides insurance coverage for the City of Corning. State Law allows Cities to self-insure rather than obtaining commercial insurance. NCCSIF is a Joint Powers Authority (JPA) under State Law. Working together, JPA Member Cities seek and obtain the best insurance coverage for their Cities. Each City bears the first \$100,000 cost per Workers' Compensation claim; costs over \$100,000 are shared by the Cities' "pool" and costs over \$500,000 are insured by a larger agency.
- 6150 <u>MATERIALS AND SUPPLIES</u>: Finances materials/supplies not associated with a specific department.
- 6175 <u>WEED/TREE SPRAYING:</u> Split 1/3 each to funds 108-6175-3000 (Streets), 610-6175-5200 (WWTP), and 001-6175-1600 (General City) of weed/tree spraying costs.
- **PROFESSIONAL SERVICES:** Funds the contract with MGT of America for SB-90 Claims Recovery.
- 6313 <u>SENIOR CITIZENS CENTER</u>: Funds the annual \$2,700 contribution by the City to the Corning Senior Center, Inc. and building maintenance. The Center obtains funding for their daily operations and support of Social Services by leasing the City owned facility.
- 6350 <u>COMMUNICATIONS</u>: Finances expenses not easily attributed to individual departments such as telephone and postage. In prior years' all postage costs were being billed out of this account. The costs for water and sewer postage are now being funded by the water and sewer funds.
- **6410 ELECTRICITY**: Finances electrical utility bills not easily attributed to individual departments.
- 6430 NATURAL GAS: Provides funding for the City Hall complex PG&E Natural Gas bill.
- **EQUIPMENT MAINTENANCE:** Finances Maintenance Agreements on the copy machines in City Hall, Access Management Shredding Services, and portion of IT Services Agreement with Computer Logistics. Funding provided by the General Fund (001), Sewer Enterprise Fund (610) and the Water Enterprise Fund (630).
- **GENERAL INSURANCE:** Finances Fire and Damage Insurance for all City structures and Motor Vehicle Insurance for City vehicles. Charges for Water, Sewer and Airport Equipment and facilities are charged directly to those Enterprise Funds and will not be reflected in this General City Account. Funding provided by the General Fund (001), Sewer Enterprise Fund (610) and the Water Enterprise Fund (630).

- through the Northern California Cities Self Insurance Fund. Costs are apportioned between the General, Water and Sewer Funds. The City is directly responsible for the first \$50,000 in Liability coverage costs called the "Banking Layer"; all City members of the JPA "pool" share the cost of claims over \$50,000 up to \$500,000; "Excess Insurance" coverage is then provided up to \$10,000,000 through membership of our NCCSIF in the much larger California Joint Powers Risk Management Authority "CJPRMA". Funding provided by the General Fund (001), Sewer Enterprise Fund (610) and the Water Enterprise Fund (630).
- 6815 <u>UNEMPLOYMENT INSURANCE</u>: Funded by the General Fund and finances unemployment costs charged to the City.
- **9860** CALPERS SIDE FUND DEBT REFINANCE: Funded by the General Fund and financed through Umpqua Bank.

CITY OF CORNING 2019- 2020 ANNUAL PROGRAM OF SERVICES PROP. 47 (2107)

ACTIVITY DESCRIPTION:

Proposition 47 was a voter-approved initiative on the November 2014 ballot. As stated in the proposition, its purpose is as follows:

- > The people enact the Safe Neighborhoods and Schools Act to ensure that prison spending is focused on violent and serious offenses;
- > To maximize alternatives for non-serious, non-violent crime; and
- > To invest the savings generated from this Act into prevention and support programs in K–12 schools, victim services, and mental health and drug treatment.

Proposition 47 requires the Board of State and Community Corrections (BSCC) to administer grant programs aimed at supporting mental health treatment, substance abuse treatment, and diversion programs for people in the criminal justice system, with an emphasis on programs that reduce recidivism of people convicted of less serious crimes. In Fiscal Year 2016-17, the total Proposition 47 Program allocation to the BSCC will be \$35.6 million.

On November 18, 2016 the California Board of State & Community Corrections released a Request for Proposals (RFP) for Proposition 47 Program Grants. Matt Russell of the Center for Evaluation and Research (CER) applied for the grant on the City's behalf. The City was largely successful in its application due to the previous work and research funded by the Paskenta Band of Nomlaki Indians.

The City's grant proposal was funded by the Board of State and Community Corrections in the amount of \$1,000,000. We ranked 3rd coming in higher than applications from San Francisco and Los Angeles. We are by far the smallest City to be funded. We should feel proud and grateful to the Tribe and CER for their previous and current work that enabled the City to be competitive in its application. In combination with other grant sources the funds will be used to continue the:

- > The Restore Program is currently on its last year, however a new Grant Application was submitted in March of 2019 for Phase 2 of the Program and requesting funding to continue the Corning Restore Program for an additional three years.
- Expand the Restore Program to Red Bluff and north Tehama County; and
- To provide mental health and Drug &Alcohol counseling for youth in both programs.

CITY OF CORNING 2019-2020 ANNUAL BUDGET NARRATIVE LIBRARY (1700)

ACTIVITY DESCRIPTION:

The Corning Branch of the Tehama County Library system is managed and staffed by Tehama County. The City of Corning owns and maintains the building. The mission of the Tehama County Library is to provide for the informational, recreational and educational needs of the citizens of Tehama County, and to serve as an archive for the rich historical resources of our area.

The Corning Library Commission is appointed by the Corning City Council. They interact with City Staff and Tehama County Librarian Todd Deck and advise the Council of Library needs.

The Friends of the Library, a volunteer group, contribute many hours of time working in the Library. They stock shelves, check books in/out and help keep the Library functional. Annually in the Spring and Fall, the Friends of the Library conduct fund raising book sales. Funds from these sales are utilized to purchase items needed and are donated to the library at no cost to the City.

The William W. Ridell Library Trust was established many years ago by an appreciative patron with the stipulation that the funds, by a joint decision of the County Librarian and the Corning Library Commission, are "to be exclusively used for major expenditures, not operating expenses" associated with operation of the Corning Library. Interest earned may be used for important Library priorities by recommendation of the Corning Library Commission and the County Librarian followed by approval of the City Council.

CITY OF CORNING 2019/2020 ANNUAL BUDGET NARRATIVE STREET MAINTENANCE (3000)

ACTIVITY DESCRIPTION:

The Street Maintenance department of Public Works is responsible for numerous tasks such as: street patching, grading and leveling, repair/replacement of curb, gutter and sidewalk, street sign installation and maintenance. Street maintenance personnel also assist on other Public Works projects and functions when needed.

This department operates on funds received primarily through the Transportation Development Act Fund, Gas Tax Revenues and a nominal amount of funding from the City General Fund.

The Weed and Tree Spraying contract is a three (3) year contract. All Park and City trees within the right-of-way are sprayed annually and as needed to prevent disease growth and infection. City grounds, parks and parking lots, drain ditches, alleys, and street shoulders are sprayed for weed control as needed.

Public Works will continue the annual contracted cleaning of sections of the City's Storm Drain System with Inframark. This process improves water flow throughout the City during the winter rain season and has proven to be extremely successful when maintained on an annual basis. The Public Works Department contracts with the Salt Creek Conservation Camp for the cleaning and clearing of the Blackburn Moon Drain and the Jewett and Burch creek streambeds.

As done in previous years, Public Works will again contract tree-trimming services for the City. This service not only improves the City appearance, but also reduces the possibility of damage to power lines, private and City property, or potential injuries to citizens from dead, broken and hazardous trees and tree limbs.

Street Patching and Asphalt maintenance will be ongoing. We will identify the most critical street segments for the maintenance work that we will complete with Public Works personnel.
