APPLICATION GUIDELINES

- Rebates are available to Danvers Residents only. Applicants listed must be Water Account holders with all active accounts in good standing. If account is not active or in good standing, rebate will not be processed. Rebate application will not be processed until application and checklist is complete. Incomplete applications will be returned. Please call 978-777-0001 x3011 for guidance.
- If the rebate is for an apartment tenant or condo owner, the "Account Information" should be for the apartment owner or condo association. Unit information should be filled under "Installation Address". These applications require both applicant signature and account holder signature below.
- Applicant is responsible for verifying that the rain sensor is wireless by submitting proper product specifications.
- Application requires: the proof of purchase with a clear line item displaying the product purchased in the form of the sales receipt, signature by the Danvers Water Division to verify proper installation and a **completed and signed** Rebate Application.
- The rebate program is on a first-come, first-served basis and is effective until the funding is exhausted or the program is discontinued.
- New irrigation systems and rain sensors (any installed after January 2008) do not qualify for rebates since all usage in new systems is considered an additional draw on Danvers' water reserves. Rebates are for replacing existing rain sensors or for adding a wireless rain sensor to an existing irrigation system.
- Rain Sensors must be installed at the account location. Old rain sensors cannot be reused by applicant or other Danvers residents.
- Applicant agrees and understands that the Danvers Water Division does not guarantee that the installation of the lawn irrigation rain sensor will result in water savings, as site-specific water consumption varies.
- Danvers Water Division does not warrant, endorse or assume liability for the quality, performance or safety of the contractor and/or retailer or wholesaler or performance of any appliance or fixture. Responsibility for product chosen is solely the applicant's.
- Individual rebates more than \$600 may require the issuance of a 1099 Tax Form.

Please return the completed application to:

Rebate Program
Town of Danvers—Business Division
2 Burroughs Street
Danvers, MA 01923

Rebate processing will take 8-10 weeks from the receipt of a completed application. Rebate checks will be sent upon application review, verification by a site visit, processing and approval.

I have read, understand and agree to the terms and conditions on the back of this rebate program.
