

**Mandatory Language for Monitoring/Reporting Violation
Failure to Submit a Disinfectant Level Quarterly Operating Report (DLQOR)
MONITORING, ROUTINE (DBP), MAJOR/CHLORINE**

The CITY OF DE LEON water system PWS ID 0470002 has violated the monitoring/reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Title 30, Texas Administrative Code (30TAC), Section 290, Subchapter F. Public water systems are required to properly disinfect water before distribution, maintain acceptable disinfection residual at various locations throughout the distribution system, and report the results of that monitoring to the TCEQ on a quarterly basis.

Results of regular monitoring are an indicator of whether or not your drinking water is safe from microbial contamination.

This/These violations(s) occurred in the monitoring period(s):

Second Quarter 04/01/2018 -06/30/2018

We are taking the following actions to address this issue:

The proper monitoring report was sent into TCEQ and will send the report in on time in the future
