- 5) Take public testimony for those opposed;
- 6) Take public testimony for those in a neutral position;
- 7) Close the Public Hearing;

- 9) Adopt a Resolution Ordering Annual Assessment for Desert Valley Disposal Solid Waste Refuse Services of Residential Properties for Fiscal Year 2024-25.

BACKGROUND:

Desert Valley Disposal, Inc. ("DVD") is the current solid waste refuse services provider for the City's residents and business through the franchise agreement approved on March 18, 2014. The new franchise agreement between the City and DVD has a term effective July 1, 2014, through June 30, 2029.

Pursuant to the franchise agreement, the direct residential billing for solid waste refuse services shall be an assessment on the County property tax bill. This amount is in addition to the delinquent billings the City has been levying for the last few years.

On May 7, 2024, the City Council adopted Resolution 2024-011, declaring its intention to levy assessments for solid waste refuse services, and set the matter for public hearing to be held on May 21, 2024, at 6:00 p.m., in accordance with Health and Safety Code Section 5470, et. seq. All affected property owners have received notice of the public hearing, which has provided the affected property owners an opportunity to address the City Council prior to consideration of the assessment.

DISCUSSION:

The City has agreed to place solid waste refuse billings for residential properties on the County Tax Roll on behalf of DVD as allowed pursuant to the provisions of Section 5470, et. seq. of the Health

and Safety Code, and Sections 41900 et seq. of the Public Resources Code. The billing, policies, and procedures of DVD are established by the waste disposal agreement between the City and DVD as further detailed by Resolution 2014-008.

DVD requests placement of annual billings for the solid waste refuse services of residential properties on the Fiscal Year 2024-25 tax roll amounts totaling \$4,056,122.91 representing 7,801 accounts.

As provided in the City of the Desert Hot Springs Municipal Code Section 8.04.040, authorizing placement of waste disposal accounts on the tax rolls, the charges shall constitute an assessment on said property. Adoption of the resolution will enable the County Auditor- Controller to collect these charges in conjunction with property taxes. A listing was provided to the City by Desert Valley Disposal prior to May 21, 2024, which reflects the Assessor's Parcel Number, situs address, and other information required by the City.

FISCAL IMPACT:

All costs for the placement of annual solid waste refuse service billings on the County Tax Rolls will be absorbed by Desert Valley Disposal.

RE: 2024 RATE ADJUSTMENT APPLICATION

Dear Mr. Luckino:

This is our 2024 Rate Adjustment Application to increase maximum rates for solid waste services for the 2024 Rate Year (July 1, 2024, through June 30, 2025). An adjustment to the cost to perform the Debris Abatement Program is also included in this Notice and will become effective July 1, 2024.

The following attachments accompany this Application:

- ATTACHMENT 1 - Proposed Rate Schedule Effective July 1, 2024.
- ATTACHMENT 2 - Current Rate Schedule Effective July 1, 2023 & Customer Advance Notice mailed May 24, 2023.
- ATTACHMENT 3 - 2024 Rate Adjustment Workpapers.
- ATTACHMENT 4 - Facility Price Lists.

Rates for solid waste services and the adjustment procedure were established in 2022 pursuant to a Proposition 218 majority protest proceeding. Rate adjustments for the 2023, 2024, 2025 and 2026 rate years follow a formula that proportionately adjusts the material component of the rates for annual changes in material tip fee costs and adjusts the service component of the rates for annual changes in the Consumer Price Index. A Proposition 218 majority protest proceeding will be repeated for the 2027 rate year.

Material Component

The Material Component of the rates is adjusted for changes in the Material Cost Index which is influenced by several factors including changes in tonnage, changes in tip fees, and solid waste tonnage being redirected to a more expensive processing facility as is the case of organic waste now being diverted because of the SB 1383 organic waste recycling State-mandate. For 2024, the changes in the Material Cost Index are: Residential +14.46% and Commercial +8.65%. (Material costs for Roll-Off services are billed at cost at the time service is rendered plus certain add-on fees and therefore excluded from the formula.)

Service Component

The Service Component of the rates accounts for all other costs and is adjusted for changes in the Consumer Price Index. For 2024, the change in the CPI is +2.88%.

2024 Rate Adjustment

When proportionately adjusted for both the changes in the Material Cost Index and the change in Consumer Price Index, the 2024 rate adjustments:

- ☐ Residential, +5.24%.
- ☐ Commercial, 3.96%.
- ☐ Roll-Off & Miscellaneous services, +2.88%.

Table 2 compares the 2023 and 2024 rates for common core services.

Table 2 Rates for Core Services	
Residential Single Family Cart Service (per month)	
2023 Rate	\$41.09
2024 Rate	\$43.24
Commercial 3-CY Bin, 1xWeek (per month)	
2023 Rate	\$295.88
2024 Rate	\$307.60
Roll-Off 30-CY Debris Box, 4-tons (per collection)	
2023 Rate	\$898.21
2024 Rate	\$924.08

Increased Diversion

The major accomplishment of the past year was the rollout of the residential organic waste recycling program.

March 28, 2024

In our 2023 fiscal year, residents increased the amount of solid waste diverted from landfill disposal by 32.7%, an additional 1,599,800 pounds (partial year results).

Commercial enterprises, including multi-family complexes utilizing bin service, also increased the amount of solid waste diverted from landfill disposal by a more modest 5.1%, an additional 40,800 pounds.

Debris Abatement Program

Under a separate Letter Agreement, DVD operates a Debris Abatement Program for the City at a current cost of \$18,506.82 per month.

Effective July 1, 2024, the monthly cost to perform the Debris Abatement Program will increase by 2.88% to \$19,039.82.

Advance Customer Notice

We will prepare and mail a bilingual notice to customers and property owners advising them of the new rates not less than 30-days before the July 1, 2024 effective date.

We are available to respond to questions and provide additional information as needed.

Respectfully submitted,

Chris Cunningham
President

NOTICE IS HEREBY GIVEN that new rates for Solid Waste Services will go into effect July 1, 2023.

Desert Valley Disposal, Inc. (“DVD”) provides Solid Waste Services within the City pursuant to an exclusive franchise agreement. DVD bills customers directly for services or, in the case of residential service, as an assessment placed on the County Property Tax Bill. Solid waste rates were evaluated in 2022 to maintain an adequate rate structure to fund the costs of providing Solid Waste Services and a formula for adjusting rates in the future was adopted.

The rate structure has three customer classes: (i) residential, (ii) commercial, and (iii) roll-off. The rates are determined based on (i) size of container (in gallons for carts and in cubic yards for bins and roll-off boxes); (ii) type of container (e.g., solid waste, recycling, or organic waste); and (iii) frequency of pickups per week. The rate structure is comprised of service fees and material tipping fees.

Annual Formula Adjustment

The maximum rates are adjusted annually to account for inflation and increases in solid waste tip fees charged by the facilities receiving solid waste. Beginning July 1, 2023, and each July 1 thereafter, through and including July 1, 2026, the material component and the service component of the service rates are adjusted based on the inflationary/fee changes below multiplied by the component’s assigned percentage weighting as specified in the franchise agreement:

- Change to Material Tip Fee Component.
The change in tip fees charged by the solid waste facilities that receive waste (“Tipping Fees”).

- Change to Service Component. The change in the Consumer Price Index ("CPI") specified in the Franchise Agreement.

Adjustments Effective July 1, 2023

For July 1, 2023, the above weighted formula produces the following rate adjustments: Residential service, +5.77%; Commercial service, +7.06%; and Roll-Off service, +7.33%.

AVISO DE AJUSTE DE TARIFAS

POR LA PRESENTE SE NOTIFICA que las nuevas tarifas para los Servicios de Residuos Sólidos entrarán en vigencia el 1 de julio de 2023.

Desert Valley Disposal, Inc. ("DVD") proporciona servicios de desechos sólidos dentro de la Ciudad de conformidad con un acuerdo de franquicia exclusiva. DVD factura directamente a los clientes por los servicios. Las tasas de residuos sólidos se evaluaron en septiembre de 2022 para mantener una estructura de tarifas adecuada para financiar los costos de prestación de servicios de residuos sólidos y se adoptó una fórmula para ajustar las tasas en el futuro.

La estructura tarifaria tiene tres clases de clientes: (i) residencial, (ii) comercial y (iii) roll-off. Las tarifas se determinan sobre la base de (i) el tamaño del contenedor (en galones para carros y en yardas cúbicas para contenedores y cajas rodantes); (ii) tipo de contenedor (por ejemplo, desechos sólidos, reciclaje o desechos orgánicos); y (iii) frecuencia de recogidas por semana. La estructura de tarifas se compone de tarifas de servicio y tarifas de propina de materiales.

Ajuste de fórmula anual

Las tarifas máximas se ajustan anualmente para tener en cuenta la inflación y los aumentos en las tarifas de desechos sólidos que cobran las instalaciones que reciben desechos sólidos. A partir del 1 de julio de 2023 y cada 1 de julio en adelante,

hasta el 1 de julio de 2026 inclusive, el componente de disposición y el componente de servicio de las tarifas de servicio se ajustan en función de los cambios inflacionarios/de tarifas a continuación multiplicados por la ponderación porcentual asignada del componente como se especifica en el contrato de franquicia:

- Cambiar a Componente de tarifa de propina de material. El cambio en las tarifas de vertido cobradas por las instalaciones de residuos sólidos que reciben residuos ("Tarifa de vertido").

- Cambio a Componente de Servicio. El cambio en el Índice de Precios al Consumidor ("IPC") especificado en el Contrato de Franquicia.

Ajustes a partir del 1 de julio de 2023

Para el 1 de julio de 2023, la fórmula ponderada anterior produce los siguientes ajustes tarifarios: Servicio residencial, +6,82%; Servicio comercial, +6,46%; y servicio Roll-Off, +7,33%.

Comment: Worksheets 7 & 8 compute the changes in the Material Cost Index for the Residential & Commercial sectors respectively using tonnage & tip fees for Contractor's prior fiscal year and the previous fiscal year. The change in this index is used to adjust the Material Cost Component of the rates. This approach results in a one year lag in adjusting for changes in material tip fee costs. Tip fees for Roll-Off services are billed to customers at cost at the time services are rendered plus add-on fees.

Dear Mr. Luckino:

Re: 2024-25 SOLID WASTE LEVY ANNUAL REPORT

This is the '**2024-25 Solid Waste Levy Annual Report**' for amounts levied on the County of Riverside property tax bill for single-family residential dwellings in the City of Desert Hot Springs receiving individual weekly solid waste collection and not billed directly by Desert Valley Disposal, Inc. ("DVD").

This Annual Report is prepared pursuant to Sections 5470, et seq. of the California Health and Safety Code (2023) and Sections 41900 et seq. of the California Public Resources Code (2023) for the annual levy and collection of assessments against developed parcels within the City of Desert Hot Springs for solid waste management services for the fiscal period commencing July 1, 2024, and ending June 30, 2025. The electronic listing accompanying this Annual Report, and by this reference made a part hereof, includes a description of each property, the amount of the levy for each property and other applicable information.

(In order to account for last minute additions or deletions, the electronic listing (EXHIBIT 3) will be provided on the date of the public hearing.)

1. AUTHORITY

Desert Hot Springs Municipal Code Section 8.04.040 authorizes the collection of fees and charges for solid waste service on the County property tax bill.

Said agreement further provides for the collection of fees and charges on the County property tax bill for solid waste services rendered to parcels developed as single-family dwellings.

4. COST OF SERVICES

For Fiscal Year 2024-25, the total amount of the levy for the properties subject to levy is \$4,056,122.91 which includes the cost of weekly solid waste services (\$4,047,782.88), and the City's cost of administering the placement and collection of the levy (\$8,340.03). The assessment for individual properties is \$519.95. The charges for solid waste services are set forth in the DVD Rate Schedule Effective July 1, 2024 (Exhibit 1).

Weekly Solid Waste Services

Solid waste services include weekly collection of source-separated solid waste, non-organic recyclables, and organic waste from contractor-provided carts. The annual cost of solid waste services is allocated equally among residential dwellings receiving individual collection services. Customers requiring additional carts or collection services may subscribe to those services for which they will be directly billed at the rates established in the rate schedule.

The rates of Exhibit 1 include the cost of organic waste recycling services in compliance with CalRecycle regulations for SB 1383 California's Short-Lived Climate Pollutant Reduction Strategy (Chapter 395, Statutes of 2016). Under that State-mandated program, residential dwellings were each provided a third cart for recycling organic waste, including bagged food waste. Collections are performed by separate collection crews. The annual cost of the program has been allocated equally among residential dwellings receiving individual collection services and is included in the levy.

City's Administration Cost

The City's tax levy administration costs are established periodically by the City and are allocated equally among residential dwellings receiving individual collection services and are included in the levy.
