Who We Are

Riverside County government has a strong commitment to ensure there is an ample supply of affordable and suitable housing made available to all persons, regardless of their economic status or functional ability. Two agencies are responsible for implementing the County's housing programs. The Housing and Workforce Solutions (HWS) is a federal entitlement jurisdiction that receives an annual allocation of State funds from the California Department of Housing and Community Development. The Housing Authority provides rent subsidies and owns and operates public housing complexes.

HWS has set forth a number of housing programs designed to provide decent, safe, and sanitary housing affordable to low- and moderate-income households in its unincorporated communities or within its 20 cooperating cities. A cooperating city is one that has a cooperative agreement with the County of Riverside to participate in California Department of Housing and Community Development entitlement programs administered through the County of Riverside.

Other housing programs offered through HWS are funded primarily through the Community Development Block Grant Program, the Home Investment Partnership Act Program (HOME), the Emergency Shelter Grant Program, and the Continuum of Care Homeless Assistance Program.
