 - v. Federal and State level funding should be followed so we don't miss funding. (It will be a deliverable from Magellan) We may need to spend some money to get money- possibly hiring an Advisor.
 - vi. Dan Eilerman talked about funding that has been passed, people in the County are looking at how/where to get money. There are people across the County who are looking for funds. Some money will come in automatically, some money will need to be applied for. (Possibly an add on with Magellan)
