AWNINGS

Information & Instructions

Complete the below information to demonstrate the awning(s) complies with Village regulations. Check boxes to confirm materials are submitted.

Number of Proposed New Awnings: _____

Linear feet of building frontage where awning(s) proposed: _____

Confirm the below materials and documents are submitted:

- A color swatch or sample of awning is submitted with application.
- Certificate demonstrating awning material is fire retardant.
- Drawing to scale that dimensions: Location of awning on building; Length of awning; Depth of awning; Height of awning; Valance length. NOTE: Lowest portion of awning must be a minimum 7'6" above sidewalk or grade.
- Photograph(s) of building showing existing conditions.
- Photograph(s) of building depicting rendering of proposed awning.

Design Guidelines for Awnings

1. Awnings of one solid color are preferred.
2. An individual awning for each framed unit of the storefront is preferred.
3. Awnings should be set below a signboard.
4. When a display window has a transom, the awning should not extend below the transom bar.
5. An awning should fit the scale and proportions of the building façade and of the elements to which it will relate.
6. Awnings should not cover important features of a building.
7. Retractable awnings are preferred in the Village Center District.

- Cut sheets of fixture(s) with image/picture of fixture(s).
- Wattage & Kelvin details.
- Bulb type.

DESIGN GUIDELINES FOR SIGNS

1. Signs should be designed to be compatible with the surroundings and appropriate to the architectural character of the buildings on which they are placed. Sign panels and graphics should relate with and not cover architectural features and should be proportion to them.
2. Sign layout should be orderly and graphics shall be of simply shape, such as a rectangle, circle or oval.
3. The number of colors used shall be the minimum consistent with the design.
4. Illumination should be minimal and appropriate to the character of the sign and surroundings. Neon signs are not permitted. Directly illuminated, internally illuminated or back-lit signs, are not permitted.
5. Groups of related signs should be compatible and create a sense of harmonious appearance.
6. On a historically or architecturally unified buildings containing two or more commercial uses, the Design Review Board may require signage to be uniform in style and color.
7. Awning graphics shall be a single line of lettering applied directly to the awning fabric shall be only the name of the business or premises.
