IV. REQUIRED DRAWINGS: Site Drawings including pool dimensions, setbacks and distances to all structures.

V. REQUIRED SAFETY MEASURES: (check all that apply)

Completely enclosed by fence or other solid permanent barrier which has a minimum height of four (4) feet.

An apron or deck for the entire perimeter of the swimming pool which has a minimum height of four (4) feet.
 A fence and access to the apron or deck shall have a self-closing, self-latching gate with the latch on the pool side of the gate.
 A home with direct access to the pool or the pool apron or deck shall have window and door alarms and self-closing, self-latching doors

Above ground pool with rigid sides not less than four (4) feet above ground level and manufacturer allows the wall to serve as a barrier may be protected with a safety ladder as listed below. A safety ladder shall at all times be properly maintained and used as provided by the manufacturer's recommendations:

(a) Type A double access A-frame ladder with the following permanently posted on the ladder. "REMOVE AND SECURE LADDER WHEN POOL IS NOT OCCUPIED."

(b) Type B limited access A-frame ladder with the following permanently posted on the ladder. "SECURE LADDER WHEN POOL IS NOT OCCUPIED."

(c) Type B limited access A-frame ladder that utilizes a swing-up or slide-up section for limiting access to the pool with the appropriate language permanently posed on the ladder. "WHEN POOL IS NOT OCCUPIED, SWING UP AND SECURE", "WHEN POOL IS NOT OCCUPIED, LIFT OFF" or "WHEN POOL IS NOT OCCUPIED, SLIDE UP AND SECURE."

Protected with a powered safety cover that complies with ASTM F 1346 and covered when pool is not occupied.

Pool related equipment must comply with 2008 National Electric Code.

VI. SIGNATURES – by signing this Application, the Owner and Contractor acknowledge and understand the Required Safety Measures indicated in Section V shall be properly installed with proper maintenance and operation at all times.
