Echo Lake residents are concerned about the work being done on Knigge Soccer field. The residents don't want the drainage pipes to be too big or to have them drain into Echo Lake which would create more algae. This is not new drainage but replacement of the same pipes. Superintendent DePouw would like to purchase logo shirts for his employees to wear when they participate at different events, such as car shows and touch a truck functions.

Board Report - July 2024

The Ela Township assessments have been turned into the Lake County Chief County Assessment office on July 15th. We are waiting now for the edit from the county to proofread the changes before the equalization and publication of the values get done by the CCAO. Equalization to neighborhoods was done to neighborhoods that needed to be adjusted to reflect values closer to the market value. Commercial and industrial properties were reset after receiving adjustments due to vacancies that they experienced in late 2022 and 2023. If the commercial and industrial properties experienced vacancy is late 2023 -2024 year, the application needs to be submitted and reviewed again for the 2024 assessments. Some property owners may see a bump in the market value of their property of 10-20%, due to the three-year study of sales. Dropping 2020 sales and using 2021,2022 and 2023 sales to indicate a 2024 market value included an upward trend. This does not mean that the tax bills will go up by that much, it means that uniformity of market value is being the main goal so that the tax liabilities are uniform across the properties in the township.

There have been changes to the Standard Homestead Exemption for Veterans with Disabilities under 35 ILCS 200/15-169. I have a copy of the Illinois Department of Revenue update that the CCAO of Lake County has forwarded to the townships.

July 2024

Update to the Standard Homestead Exemption for Veterans with Disabilities (SHEVD); HB0612, Public Act 103-0596

Homestead exemption for veterans with disabilities

PA 103-0596 (HB 612)

Summary of Changes:

Effective immediately. Makes several changes to the Standard Homestead Exemption for Veterans with Disabilities (SHEVD). Beginning in tax year 2024, expands the exemption to include all veterans of World War II (WWII) and does not require annual reapplication for this qualification. Beginning in tax year 2023, removes the absolute limit of a property valued at \$250,000 EAV to exempt the first \$250,000 of EAV. Changes the definition of a veteran to remove discharge status and instead consider service and compensated disability.

Statutory Reference:

35 ILCS 200/15-169 – Homestead exemption for veterans with disabilities and veterans of World War II. (updated)

New Law:

World War II veterans:

Beginning in tax year 2024 (payable in 2025), expands the SHEVD exemption to a qualified residence that is used by a veteran who was a member of the United States Armed Forces during WWII regardless of their level of disability rating. If the veteran qualifies under the WWII provisions, they do not need to fill out an annual reapplication/renewal form.

The term 'World War II' means the period beginning on December 7, 1941, and ending on December 31, 1946. If <u>any</u> of the veteran's service was performed during this time frame, then the veteran is a WWII veteran.

Assessors should accept any document on the list from the United States Department of Veterans' Affairs (all five charts) so long as the document also establishes service during the time range above. The lists can be found at https://www.va.gov/records/discharge-documents/.

Change in qualified residence definition:

Beginning in tax year 2023 (payable in 2024), the EAV limit required to qualify for this exemption has changed. If a veteran has a service-connected disability rating of 70% or more, the first \$250,000 in EAV is exempt from taxation; any residual amount of EAV would be subject to

property tax. Previously, for a homestead property to qualify for the exemption, only those with an EAV of less than \$250,000 could qualify for the exemption; any property with an EAV of \$250,001 or greater could no longer qualify at all. This new law changes the "all or nothing" provisions that were in place prior to tax year 2023.

If a surviving spouse is a recipient of dependency and indemnity compensation and the death is determined to be service connected as certified by the U.S. Department of Veterans Affairs (USDVA), then likewise the first \$250,000 in EAV is exempt from taxation; any residual amount of EAV would be subject to property tax.

This change starts with tax year 2023 and cannot be applied to tax years prior to 2023.

Existing provisions related to use for commercial purposes and rented property still apply.

Service-connected disability definition added:

A clarifying definition has been added to clarify a service-connected disability. A service-connected disability is defined as an illness or injury that was caused or worsened by active military service that is a current disability as of the date of application for the exemption for the tax year, as demonstrated by the USDVA certification, and for which the veteran receives disability compensation.

Change to definition of a qualifying veteran:

Beginning in tax year 2023, a veteran is now defined as an Illinois resident who has served as a member of the U.S. Armed Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the U.S. Reserve Forces who has a service-connected disability as certified by the USDVA, and who receives disability compensation.

This changes the previous definition which tied qualification for the exemption to discharge status. Beginning with tax year 2023, discharge status is no longer a qualification for the exemption; instead, the applicant needs to provide verification that they have the service-connected disability and that they are receiving disability compensation.

Clients and Groups:

In the month of July, the Health & Wellness department received a total of 19 referrals. Current trends continue to include housing instability and families struggling to support members with severe and chronic mental illnesses. The **Lending Closet** helped 48 families with medical equipment. Our closet is currently accepting donations. Those interested in donating are encouraged to call or stop by. Our successful **Care Giver Support Group** runs the *last Tuesday of each month from 3-4:30pm* at Ela Town Hall. Residents are encouraged to reach out to Betsy Innocenti, LSW for more information.

Personnel:

We are seeking a full-time licensed Clinician. Those with experience working with children and young people are encouraged to apply.

Community Events:

We began our partnership with Ela Area Public Library where we stationed a clinician at the library from 3-5pm once a month, offering consultations, recommendations, and resources. We will also be providing their staff with training in mental health to better understand and assist their patrons. In August, we are planning a comprehensive 3-day training for the Lake Zurich Fire Department focusing on mental health awareness and self-care practices to mitigate burnout among personnel. Lastly, we will be participating in the Senior Resource Week at the Community Center, where we will deliver a presentation on Senior Wellness to enrich the community's understanding and support of elderly individuals' health needs. Director Marx attended a meeting with the Lake County Caseworker's to workshop and network ideas regarding GA/EA. Betsy will be attending the MTA's 2024 General Assistance/Emergence Assistance Training on August 21st hosted by Elk Grove Township.

Goals:

Health & Wellness is committed to enhancing community engagement and awareness of mental health services, with a special focus on addressing school-related stressors. We prioritize consistency, inclusivity, and a sincere dedication to community well-being in our approach. Through diverse initiatives like events, social media campaigns, and outreach programs, we aim to raise awareness and improve accessibility to our services, particularly for students facing challenges such as bullying, peer pressure, academic stress, and other school-related issues. We want to partner with parents and guardians to help navigate their children's mental health challenges by tailoring mindfulness and stress-reduction techniques for different age groups.

Highway Department Update:

- With the abundance of precipitation, we have been receiving this summer the roadside brush and grass have been
 rapidly growing and requiring regular attention. We had both our roadside mowers out frequently cutting back
 tree lines and brush to keep the sight lines clear. We have also tree trimming crews out cutting and trimming back
 low over hanging branches from trees in right-of way.
- Currently we have the ga-ga ball pad formed and ready for concrete. Depending on the weather we are planning
 to pour the concrete on Monday, August 5. The framing for the pit has been picked up and the floor tiles have
 been delivered.
- As of August 5th. I do not have any updates on when the road re-surfacing project will begin. The Knigge Park drainage project is moving forward without any complications and should be completed soon.

Programming:

July started slowly with the Community Center being closed on July 3 and 4, but we made up for it with a very active and steady flow of participants the remainder of the month. Our program revenue reflected the increased participation as we brought in \$8000 for the month. That's about \$3000 higher than July 2023. We had a extremely pleasant Day Trip to Lake Geneva as well as a Friday Evening Jazz event on our patio. Luckily, weather cooperated for both of those outdoor programs. Our Morning Movers Program on Monday, Wednesday and Friday mornings continue to be our most popular fitness program as we have had between 40-60 participants every session. The Fitness instructor went on vacation for 2 weeks, but we played recorded classes on the large screen and projector and we didn't miss a beat. Participation continued to be great, even with the digital set up. We are happy to be able to continue offering this program completely free to participants.

Meals:

Lunch revenue came in at around \$750 for the month which is close to what we had in July 2023. We had 2 Lunch & Learns in July with 35-50 in attendance each time.

Upcoming Events/Programming:

We have found our replacement for an Evening Staff Member hiring Hannah Cronin. Her background is in education and she has already brought with her enormous amounts of enthusiasm and optimism which has been a breath of fresh air. Hannah has already had several ideas for programming this Fall and into 2025. We have also recently added Mitzi Weiland as a part-time program staff member. She will be here occasionally for Special Events as well as new programming in the future on a limited basis. Summer Camp has been here occasionally with some of the larger storms we've had, but they are heading into the home stretch of summer and gearing up for the school year when things will shift here again. We have a sold-out Day Trip for a Chicago River Cruise in the middle of the month and our Wisconsin Supper Club toward the end of August.

Thank you again for your continued support, Jim Dalbec Assistant Community Programs Director

Plastic Benches:

The Township received our 4th Trex bench and are working on our 5th. To date, we have diverted roughly 2,500 lbs. of plastic from our landfill and turned them into something useful and practical.

Boardroom Camera:

The device used to record and store our board meetings has malfunctioned. I have reached out to a few audio/video companies to get a quote on a new device but am yet to hear back. In the meantime, we are exploring temporary alternatives to ensure our board meetings are recorded and available on the website.

As discussed in my report last month, the Township will be hosting a mobile blood drive at Knox Park on August 26th from 12-5 PM. I am pending the marketing materials, but once my office receives them, they will be distributed so those interested in this amazing act so interested parties can reserve a spot.

- Full-time hourly, salaried, and permanent part-time employees are eligible for Paid
 Time Off (PTO), to use only after completion of the ninety (90) day probationary
 period. Any employee that resigns or has their employment terminated with the
 Township prior to completion of their ninety (90) day probationary period will not
 be entitled to receive compensation for any unused PTO.
- 2. Permanent Part-Time employees who normally work a scheduled work week of less than thirty-five (35) hours per week are awarded one hour of PTO for every 40 hours worked. When taken, PTO is paid out at the employees normally scheduled hours for that day. Maximum amount of PTO awarded is forty (40) hours per year. Carry over is not permitted for permanent part-time employees.
- Regular full-time hourly and salaried employees' PTO is given to the employee on the anniversary of their date of hire.
- 4. Seasonal employees are given one hour of PTO for every 40 hours worked and are not eligible to use any accrued PTO until after ninety (90) days of hire. Unused PTO for Seasonal employees will not be paid out with their last check of the season.

Paid Time Off – Full-Time Hourly (Non-Exempt) and Full-Time Salaried (Exempt) Employees:

Years of Service	Annual Paid Time off		
91 days- 1 year	40.00		
1 year-4 years	80.00		
5-10 years	120.00		
10+ years	160.00		

5. PTO will be paid out in increments based on the day of the week PTO is taken (i.e. full-time hourly Township employees will be paid 8.5 hours for a full PTO day off on Monday through Thursday and 5 hours on Friday or as applicable to departmental operating hours). PTO may also be requested in ½ hour increments for the purposes

- of allowing employees to transact personal business (i.e., legal appointment, moving into a new house, etc.).
- 6. Full-time employees accrued PTO may be carried over from one calendar year to the next on their anniversary date, with a maximum of 80 hours carried over. Employees may not request pay in lieu of such PTO. If an employee wants to use more time than they have accrued, then they may elect to take unpaid time off with their immediate supervisor's approval.
- 7. Upon termination of employment, an employee shall be paid for all unused PTO, only if the employee has been employed with the Township longer than one (1) year. Any amount due to an employee shall be paid at the time such employee receives their final paycheck.
- Requests for PTO should be submitted far enough in advance to ensure the smooth performance of Township functions is not in any way jeopardized. Staffing needs will be determined by the immediate supervisor after considering work requirements, length of service, and employer's preferences.
- For purposes of determining PTO, "continuous service" is not broken due to an
 employee's absence as the result of sick leave, parental leave, accident, or leave of
 absence granted by their immediate supervisor.
- Prior to using unpaid time off, employees must first utilize any available paid time off bank (PTO, Sick, Floating Holiday, etc) available to them.

D. Holidays:

- The Township Board approves paid holidays for full-time, salaried, and permanent part-time employees each year. In the event a full-time employee does not work the scheduled day before and/or after a holiday and is not taking authorized paid time off (PTO), or approved leave, the employee may not earn or receive holiday pay. Permanent part-time employees are eligible for paid holidays. The employee will receive hours equivalent to their normally scheduled day.
- Holidays will be paid out in increments based on the day of the week the holiday falls.
- 3. Employees who observe a religious holiday on days which do not fall on an approved holiday, should use paid time off (PTO) time or receive permission to take the time off without pay.
- 4. A floating holiday is given to full-time and permanent part-time employees and must be used in the calendar year it was granted and may not be carried over from

one year to the next. Employees that start working for the Township prior to July 1 of the current calendar year will be eligible to use a floating holiday in the same year of hire, otherwise, the employee will become eligible for their floating holiday beginning on January 1 of the following calendar year.

E. Sick Leave/Pay:

- All full-time and salaried employees are eligible for 72 hours of annual paid sick leave after successfully completing a ninety (90) day probationary period upon hire. Once the probationary period ends, regular full-time hourly and salaried employees accrue sick leave on a pro-rata basis at the rate of 2.77 hours per pay period up to a maximum as established under Section E paragraph 9.
- 2. Permanent Part-Time employees who work a scheduled work week of thirty-five (35) hours or more per week are awarded one week of their normal weekly scheduled hours of sick time annually on their anniversary. When taken, Sick-time is paid out at the employees normally scheduled hours for that day. Carry over is permitted for permanent part-time employees.
- 3. Eligible employees may use sick leave for their own illness, injury, or medical appointment or that of an employee's:
 - Child, stepchild or grandchild
 - Spouse or domestic partner
 - Parent or stepparent
 - Grandparent
 - Mother-in-law or father-in-law
 - Sibling
- 4. For full-time employees, sick leave will be paid out in increments based on the day of the week sick leave is taken (i.e. full-time hourly Township employees will be paid 8.5 hours for a full sick day off on Monday through Thursday and 5 hours on Friday or as applicable to departmental operating hours). Sick leave may also be requested in ½ hour increments for the purposes of allowing employees to attend their medical/dental appointments, pick up prescriptions, and/or take care of any other medically related needs pertaining to persons identified above.
- 5. For sick leave, more than three (3) consecutive business days, or frequent absences claimed as sick days, the employee may be required to provide written verification from a licensed medical doctor that the effect of the illness or injury involved was sufficient to justify the employee's absence from work and certifying also that the employee is medically fit to return to work. If an employee does not provide appropriate medical documentation, the employee will not be allowed to return to

J. Work From Home

On a limited basis, and with prior Department Head, and Township Manager or Township Supervisor approval, employees whose position allows for remote work, can work from home if one of the following situations arise:

- Dependent Care
- Domicile repairs/deliveries

In the case of an unforeseen circumstance, employees can work from home with Department Head approval. It is the expectation of the Township that employees who are working from home, are performing the duties of their position while they are on the clock. Employees who abuse this privilege may have this privilege revoked at any time. A list of these employees will be kept by the Township Manager.

XII. Pregnant Workers Fairness Policy

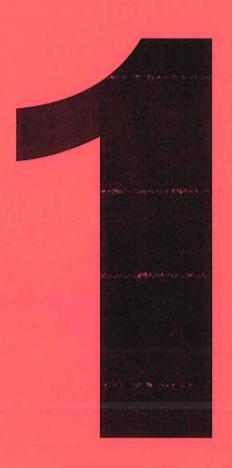

Under the provisions of the Illinois Human Rights Act, 775 ILCS 5/1, et seq., as amended by P.A. 98-1050, effective January 1, 2015, employees and applicants for employment are protected against discrimination in employment on the basis of pregnancy. If you are pregnant, you may request a reasonable accommodation to enable you to accept employment or continue working, consistent with medical advice, if you choose to do so rather than take leave under any leave law or Township policy. You will be required to supply medical documentation from your healthcare provider to support your request for a reasonable accommodation. Once a reasonable accommodation is requested and supported by medical documentation, the Township must grant the accommodation unless the Township can show that the accommodation would impose an undue hardship on its ordinary operation. You cannot be required to accept an accommodation that you did not request if you choose to decline it. Further information as to your rights and obligations under the law and this policy can be obtained from the Township Manager and/or the Illinois Department of Human Rights. The Illinois Department of Human Rights can be contacted at:

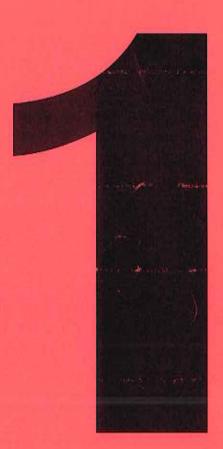

Illinois Department of Human Rights 100 W. Randolph St., Suite 10-100 Chicago, IL 60601 (312) 814-6200

XIII. Nursing Mothers in the Workplace Act

In accordance with the Nursing Mothers in the Workplace Act (P.A. 92-68, eff. 7-12-01), an employer shall provide reasonable break time to an employee who needs to express milk for her nursing infant child each time the employee needs for one (1) year after the child's birth.

The break time may run concurrent with any break time already provided to the employee. The employee will not receive a reduction in compensation for the time used for expressing milk.

Proposal and Contract for Training Services

Submitted: July 22, 2024

Peter Burchard

Multi-Sector Consultant and Advisor Geneva, IL

"Tomorrow is great, but today is how we get there.

So let's get today right first."

Purpose: The purpose of this proposal is to assist Ela Township with a training program that meets expectations and advances the organization in its strategic objectives. The township's current strategic plan includes these two statements:

- Enhance organizational development and advancement
- Develop a Workforce Development Plan that includes succession planning strategies and professional development opportunities

The success of this effort is contingent on the active participation and informed expression of ideas and opinions by the township board and staff. As a consultant, my role is not to impose solutions on the township but to provide training and facilitate serious discussions. This approach will assist participants (including elected officials and staff as determined by Ela Township) individually and collectively in deciding how they can best execute their role in accomplishing the township's duties and responsibilities.

The Challenge: Generally speaking, and in the context of this proposal, a local government that is well-governed and well-managed has these traits:

- Elected officials and staff clearly understand and can articulate the local government's purpose, its services, and their roles and responsibilities. They are dedicated to their roles, which include supporting the public and others in the organization.
- 2. Elected officials have determined (and may continue to consider and discuss) the township's high-stakes needs and strategies.
- 3. The organization is aligned to accomplish all programs and meet new challenges.
- 4. The organization is dedicated to relevant professional development for elected officials and employees.
- 5. Individuals and teams are excellent at problem-solving and execution, which may include changes in policies and practices. As such, continuous improvement is a major theme.
- Everyone is focused on the local government's overriding purpose providing services at a level of service determined by elected officials.
- 7. Everyone embraces public involvement.
- 8. Leaders, elected and appointed, are committed to a culture, policies, and practices that deliver on the above.

An overriding challenge is 1) how to assess the organization against these and other worthy traits and 2) what development/training needs should be focused on. Establishing professional development priorities is a difficult and ongoing responsibility of every great organization.

The Process: This process is structured so that participants will experience high-level consulting and training, which is meant to elevate their knowledge and skills and strengthen the township's purpose and strategies. The process includes:

Step 1: The training program will focus on leadership and management skills. However, before deciding on all of the program's exact details, I need to interview some of the township's elected officials and management team members. This may be done one-on-one or in group settings. The interviews will increase my understanding of the township's various needs. Meeting with participants ahead of time will also increase the training program's buy-in. The final format of the training program will address the issues I learned from the interviews and my other experiences and knowledge.

Step 2: The training program will be eight hours long, divided into two days.

In addition to what I learn from the interviews, the training program will cover these specific details, i.e., deliverables:

- 1. Identify the organization's culture and patterns and how these affect service delivery (including productivity, morale, costs, retention, relationships, communication, service, etc.). To what degree should your organization's culture and patterns change to reflect the township's best intentions?
- 2. Identify the team's perspective on its strengths and challenges.
- Present and discuss leadership and management practices, including accountability, change management, organizing skills, communication (internal and external), costs, emotions, performance evaluations, quality, and reporting of challenges and accomplishments.
- 4. Determine how to build a team that welcomes differences while staying focused on the township's mission and program priorities.
- 5. Develop creativity as a skill.

6. Work with the participants to create their own quality improvement plans (individual and team).

<u>Step 3:</u> To follow up, two to three months after the entire program is finished, I will make myself available to meet with the participants (as a group) to discuss their progress.

Considerations:

Ela Township agrees to:

- a location for all meetings
- refreshments/meals for formal training sessions
- flip charts and markers
- availability of participants for pre-session interviews that will take place a week or two before the actual training sessions
- with the exception of emergencies, two uninterrupted four-hour training sessions (two four-hour sessions within two weeks of each other)
- In the weeks following the training, the township manager will facilitate team discussions regarding ideas, commitments, and progress.

Professional Fee: \$5,200.

This fee covers all professional services, reports, travel, and expenses.

50% of the fee is requested at the time this proposal/contract is approved.

Thank you.
