---

CONTINUED FROM DECEMBER TOWN COUNCIL MEETING

#### RECOMMENDATION

Continue this matter to the March 1, 2017 Town Council meeting.

#### DISCUSSION

The Town Council continued this matter from their December 7, 2016 meeting. At that meeting the Council directed staff and the appellant to explore what it would take to set up a system that would establish an acceptable decibel level for the outdoor music and allow installation of a self-monitoring computer program for the outdoor music sound system.

The appellant has requested this matter be continued until the March 1, 2017, meeting because he is unable to attend the January 18, 2017 meeting and needs additional time to accomplish the Town Council directive.
