### **Town of Fairfax Operating and Capital Budgets for Fiscal Year 2015-16**

Dear Mayor and Town Council:

I am pleased to present the Fiscal Year 2015-16 Operating and Capital Improvement Budget. While this year's budget continues to reflect the positive growth in the economy, it is not without challenges. That being said, this budget does balance revenues with expenditures and avoids tapping into General Fund reserves for any on-going expenses.

The good news is that General Fund revenues and transfers (e.g., Measure J) are estimated to be approximately \$545,000 higher than the FY14-15 budget. The bulk of the increase is due to increases in property taxes (approx. \$185,000 or 3.5% increase) and the voter renewal of the special municipal tax- aka Measure J- (approx. \$250,000 increase).

The bad news is that CalPERS (the state retirement system) increased the Town's annual retirement contribution by \$230,000. This contribution will be applied toward the new CalPERS "side fund." A "side fund" is the amount a Town owes to Cal PERS to fully fund its retirement obligations. The Town's payment to the "side fund" is in addition to its annual contributions to CalPERS. The Town will now have two CalPERS side funds. This year's budget will include a "PERS side fund" line item under each department's personnel costs. One side fund (approx. \$1.5M) is slated to be repaid in 5 yrs. and the other (approx. \$5.3M) is amortized by CalPERS over 30 years. Staff is researching the options for financing the smaller side fund and/or a portion of the larger side fund which would result in thousands of dollars in interest savings to the Town. The other major expenditure increase is the Ross Valley Fire Department (RVFD), which also experienced a similar increase in retirement costs. The Town's contribution to RVFD is slated to increase over \$130,000.

The overall budget is approximately \$10,380,000 of which \$8,140,000 is allocated for general fund operations, \$1,690,000 for capital improvement projects, and \$550,000 for other expenses such as Measure K debt service and special revenue funds. This year's total budget is approximately 2% lower than the FY14-15 budget.

The FY15-16 General Funds operating budget is approximately \$290,000 or 3.5% higher than last year's adopted budget. It should be noted that the FY15-16 budget does include permanent net reductions in operating expenses of \$150,000. These reductions along with increases in revenue combine to offset the increases in retirement and RVFD costs. We believe these net reductions will not significantly impact service levels.

Overall, General Fund reserves continue to remain healthy. For FY15-16, we estimate the ending General Fund balance will remain almost the same as the beginning fund balance of approximately \$2,000,000. In FY14-15, even with the Council allocating projected expenditure savings toward capital projects such the repair of Manzanita Road and one time equipment purchases, the Town was still able to contribute to the General Fund reserves.

**Five Year General Fund Forecast**

The Five Year Forecast (Forecast) allows the Town Council an opportunity to plan for the future based on projected revenues and expenditures. Graph A shows that the projected General Fund expenses and revenues will equal each other over the 5 year period.

Table A shows how the total revenues including transfers would cover projected expenses over the Forecast period. General Fund reserves would arrange between 22.5% - 24.3% of General Fund expenditures. While this is slightly below the Council’s policy of 25%, we are not projecting a need to tap into reserves to balance the budget during the Forecast period.

Table B shows that General Fund revenues will grow by an average 2.9% per year from FY16-17 to FY19-20. In comparison, expenditures will increase by an average of 2.8% during the same time period. While the Town is in negotiations with its bargaining groups, the Forecast does include an allowance for equity and/or COLA adjustments. Health care costs are estimated to increase annually by 9%. Retirement costs are estimated to increase by approximately 8.2% in FY16-17 and average of 6.3% per year for FY17-18 thru FY19-20. Non-personnel expenses

are increased by 1% per year with the exception of RVFD which is increased by a little more than 2% per year. However, the Forecast does assume savings from staff turnover/retirements during the Forecast period as well as some minor reductions in on-going operating costs.

Personnel costs (salaries and benefits) comprise over 50% of the Town's budget not including the cost of the fire services. However, when combined with the RVFD, the percentage increases to almost 80% of the Town's budget. Needless to say, increases in health and retirement costs continue to represent the most significant impact to future budgets. Unfortunately, we have little control over these two factors.

Table C shows the breakdown of General Fund Revenues. Over the five-year forecast period, property and sales tax revenues are projected to grow by an average of 3.5% per year. The FY15-16 General Fund budget now includes the newly consolidated Recreation and Community Services Department. Previously, recreation (aka FOCAS) revenues and expenditures were shown in a Special Revenue Fund.

One important factor to consider is that the smaller CalPERS side fund is repaid in Year 5 (Y19-20), outside the Forecast period. After year 5, the monies that the Town had been budgeting to pay the side fund (upwards of \$300,000 per year) could be used for other purposes such as capital projects or to pay down the principal of the second side fund much like a mortgage.

### **Key Service Additions**

We are proposing one significant change to service levels. Over the past year, the Public Works Department (DPW) has been understaffed in the field. While the DPW budget did include funding for a half-time position (approximately \$25,000), we decided to keep the position vacant to evaluate the impact on workload and, if contractors, could be used to assist staff as needed. We have since determined that this approach is not very effective. In addition, we believe a full-time position is warranted given the workload and the need for succession planning. With retirements on the horizon, it would be prudent to begin training staff for the future. The position including salary and benefits is estimated to cost \$60,000/yr. which will add a net \$35,000 to DPW personnel costs since we already budgeted \$25,000/yr. for a part-time position.

### **Key Budget Assumptions for Fiscal Year 2015-16**

This budget contains the same sections and components (e.g., Five Year forecast) as last year with biggest change being the consolidation of volunteer and recreation services (formerly known as FOCAS) into a new Recreation and Community Services Department. As a result, all expenditures and revenues associated with such activities now appear in the General Fund as opposed to a Special Revenue Fund. The net impact to the budget is neutral as the expenditures and revenues for these programs are projected to be relatively the same as in FY15-16.

We have also added detailed sheets to better track the use of Measure A (TAM) Transportation funding and County Measure A Park funding. The use of these monies are now shown in the newly created Funds 22 and 23, respectively.

The following are key budget assumptions used to develop the FY15-16 budget:

Continue to Keep Two Positions Vacant and Add DPW Position

- Continue to keep one Administrative Assistant position and one Police Officer position frozen for cost savings.
- No additional funding for Public Works director.
- Add and fill DPW Maintenance Worker I position.

Stable Sales and Property Tax Revenues and Fees

- Sales tax projections are projected to be somewhat flat as we now have a better handle of the revenue generated from the ½ cent sales tax (Measure D). It should be noted that the sales tax revenue budget estimate for FY14-15 doubled counted the “In-Lieu Sales Tax” in the “Bradley- Burns” 1% sale tax estimate. As a result, the FY15-16 sales tax estimate is over \$130,000 lower than the adopted budget estimate in FY14-15.
- Overall property tax revenues are projected to increase by approximately 2% in FY15-16. While property tax revenues on secured properties (e.g., single family home) are projected to increase by more than 4.5%, the increase is partially offset by reductions in Vehicle License In-Lieu fees.
- Increases in Planning and Building revenue due to fee adjustments to reflect 100% cost recovery.

Measure J and Recreation fees

- With the passage of Measure J, the special municipal tax of \$195/unit per year, the Town will collect approximately \$250,000 more in revenue per year. Measure J, which was a renewal of Measure I, consists of the following: 1) the base of \$125/unit annual tax under Measure I, 2) incorporated the eliminated General Municipal Services Tax of \$50 per residential and commercial unit, and 3) included a \$20/unit increase to reflect inflationary cost since the tax’s inception in 2005.

The Town will collect over \$710,000 annually from Measure J of which \$130,000 is allocated to capital improvement projects. Last year, the Town collected approximately \$460,000 from the previous Measure I (\$125/unit) and did not collect the General Municipal Tax (approx. \$180,000 annually) since it was going to be incorporated into Measure J. The additional \$20/unit will generate approximately \$70,000 in annual revenue.

- Recreation fees and expenses for classes and programs are now included in the General Fund revenues as opposed to a Special Revenue Fund. The result is that this will add over \$70,000 in General Fund revenues which are offset by the inclusion of program expenses into the newly created Recreation and Community Services Department.

#### Permanent Reductions in Expenditures

- Staff is proposing a net permanent reduction in operating expenses of approximately \$150,000. The reductions reflect decreases in outside contracting and services and lower contributions for equipment/computer replacement. Approximately \$80,000 is in non-personnel operating expenses in DPW. Of the \$80,000, \$25,000 is trail maintenance which has been allocated entirely to Measure A park funding. The overall reductions were somewhat offset by increases in non-departmental expenses (Fund 01-715). This division includes all the operational costs not associated with specific departments. For example, the Town's contract with the Humane Society for animal control services and contractual costs for IT services are classified as non-departmental expenses. The increases are related to increases in costs for outside services and higher liability insurance costs.
- In essence, the net reductions were offset by increases in the Ross Valley Fire Department (RVFD) operations. As stated above, RVFD has also experienced significant increases in retirement costs (approx. \$320,000) similar to Fairfax as well as increases in overtime expenditures. In addition, last year, RVFD used the remainder of its operating reserves to keep the annual increase reasonable for its member agencies. The net result is that the Town's contribution to RVFD will increase by approximately 6.6% or \$133,000 for FY15-16. This does not include any costs related to labor negotiations.

#### Personnel Costs- Increase in Health and Retirement Costs

- Health costs are projected to increase by 9% annually.
- Retirement costs increased by \$230,000 in FY15-16 and is now shown in a "side fund" line item.<sup>1</sup>
- The proposed budget does contain an allowance for cost of living increases and/or equity adjustments for staff. However, it is unknown what the exact impact to the budget will

---

<sup>1</sup> The side fund represents the amount the Town must pay to fund the shortfall in its pension obligations. This was caused by three key factors: 1) When the High Tech and Housing Bubble burst, CalPERS was unable to achieve its projected return on investment (ROI) needed to cover future pension obligations. In essence, the Town is paying for the shortfall in ROI (7.75% v 1-2%) over those years, 2) the recent actuarial studies indicate employees are living longer which, obviously, impacts retirement costs, and 3) previously, CalPERS charged a percentage of payroll to cover retirement costs. However, the Tier I classification for retirement is closed to new members and CalPERS determined that its previous approach was unsustainable since the pool of members in Tier I was getting smaller and smaller due to retirements.

be since the Town is currently in labor negotiations with the Service Employees International Union (SEIU) and Fairfax Police Officer Association (FPOA). The agreements (MOU's) for both groups expire June 30, 2015.

### **Workplan and Performance Data**

This information is intended to assist the Council with its understanding of departmental activities. Specifically, the workplan identifies key new programs/initiatives or actions that a department will be working on in FY15-16. It differs from a goal in that it lists key milestones for success.

The performance data reflects the type of work a department is doing, but is not meant to assess effectiveness or efficiency of the work. This continues to be a work in progress.

### **Five Year Capital Improvement Plan (5 Yr CIP)**

The Five Year CIP will allow the Council to set priorities for future projects and assess the availability of funding. The Council only adopts the first year of the 5 Yr CIP. While the total 5 Yr CIP budget is approximately \$11,360,000, the budget for FY15-16 is approximately \$1,690,000. The funding comes from federal, state, local grants (e.g., Highway Bridge Program, sales tax from TAM), gas tax, Measure J, and funds reserved for the Pavilion. The funding per year is allocated on a "cash" basis.

One change from previous years is that we will now build reserves for such funds as Measure J and gas tax. Specifically, the 5 Yr CIP shows that the Town will require \$240,000 in FY17-18 to fund matching requirements for projects. These reserves along with Fund 51- Capital Projects should allow the Town to avoid having to dip significantly into the General Fund reserves to fund these future projects.

We have also created two new funds to better track TAM Measure A transportation and County Measure A park funding allocated to projects.

The FY15-16 CIP contains the following projects:

- Renovation of the Parkade project.
- Preliminary archeological consulting services needed for the Pavilion seismic retrofit project.
- Replacement of the Pavilion roof (Note- the mid-year budget indicated we would begin the project in FY14-15, but we have since decided to include it the FY15-16 CIP budget).
- Improvements for making the stage in the Women's Club useable for activities as well as ADA accessible.

- Design and construction of a Class I Bike lane along Sir Francis Drake from Glenn Dr. to Lefty Gomez Field (aka Bike Spine Gap Completion Project).
- Trail improvements (using County of Marin Measure A Park sales tax funds) as well as the workplan items adopted by the Council (e.g., repair to park equipment).
- Street improvements are funded at a lower level than FY14-15 because the TAM transportation funding for FY15-16 has been allocated to the Parkade project. However, it should be noted that the TAM funding for FY14-15 was also reallocated toward the Bank St. parking lot construction project. As a result, the Town did not undertake any major street improvement projects in FY14-15. For FY15-16, a combination of Measure J and reserves in Fund 51- Capital Projects will be used to fund improvements. In FY15-16, Town will be primarily focusing on street maintenance activities such as slurry sealing and thermoplastic striping of specific crosswalks. This approach should reduce maintenance costs in the future.
- Continuation of the five bridge improvement projects. The matching funds represent the carryover of available funds allocated in FY14-15. The Azalea Street Bridge most likely will not be funded until FY16-17.

### **Issues to Begin Considering in FY15-16**

While the Five Year Forecast shows the Town can maintain the status quo, it does assume the renewal of Measure D (1/2% sales tax) in FY17-18. In order to avoid any lapses in the sales tax, which expires in April 2017, the Council would need to place a measure for the renewal on the November 2016 ballot. In FY17-18, we estimate Measure D would generate approx. 455,000/yr. or approximately 7.5% of General Fund revenue. Measure J is slated to expire in FY19-20. Needless to say, the combined effect of losing all these funding sources would have a catastrophic effect on the Town's budget.

On the bright side, the Town has ample time to explore future revenue sources, especially if existing tax measures are not renewed (e.g., Measure D). The significant untapped future resource is parking revenue and/or annexation of unincorporated areas which are partially surrounded by the Town limits. The managed parking concept is to be discussed in the workshops regarding the Town Center Element which will occur in FY15-16. The Marin Local Agency Formation Commission (LAFCO), the agency responsible for annexations in the County, will be conducting a study over the next two years to review and develop policies and procedures to effectuate city annexations of unincorporated lands that are entirely or substantially surrounded by the affected city, i.e., islands. Staff will keep the Council apprised of LAFCO's progress on the study.

### **Special Thanks**

I would like to thank the Town staff for their input and insights as we prepared this draft document, with appreciation to Police Chief Chris Morin and Planning and Building Services

Director Jim Moore. A special thanks to our Finance staff, mainly Finance Director, Michael Vivrette, for continuing his efforts to refine the budget format with a goal of creating a more transparent and readable budget. Michael continues to strive to create a budget that meets the “best practice” guidelines of the California Society of Municipal Finance Officers.

Also, I would be remiss not to give a “shout out” to all those Fairfax residents who supported Measure J. Without their on-going support, the Town would be facing draconian budget level and significant reductions in service levels. I appreciate their trust in the Town Council and staff.

Staff members continue to wear multiple hats to balance the competing priorities of the Town. It is clear to me that staff are very dedicated and take pride in what we have been able to accomplish on a limited budget. That seems to be the Fairfax way.

There are potential financial challenges on the horizon, but the Town Council has demonstrated the ability to successfully take these challenges head on. I look forward to working with Council and community on these issues and, hopefully, we can all remember to keep smiling, even when the outcomes may be less than desirable☺

Sincerely,

  
GARRETT TOY  
Town Manager

### NOTES:

**Secured & Unsecured Property Taxes** - Homes, businesses, and other taxable real and personal property are subject to levy of property taxes. The fixed statutory rate is 1% of assessed valuation. Assessed value is based on the 1975 property values with subsequent increases limited to 2% or CPI growth, whichever is less. However, when there is a change in property ownership, property renovation or new construction property is reappraised at its full current market value. Property tax is the biggest revenue source for the General Fund.

**Supplemental Property Taxes** Include property taxes apportioned to the City by the County from the 1% Tax Rate of the Supplemental Roll Allocation in accordance with Revenue and Taxation Code 75.50.

**Property Transfer Tax** - The city levies a \$0.55 fee for each \$1,000 value of real property transferred in the City; the County Recorder imposes these fees and remits them to the City. Estimates are based on historical experience.

**Sales taxes** are the General Fund's second largest revenue source. The Town's 1% Bradley Burns Sales Tax is levied on all merchandise. These funds are received directly from the State on a monthly basis. Sales taxes represent approximately 29% of the General Fund revenues. Measure D is the five year 1/2 cent sales tax passed in November, 2012 Expiring April 2017. Revenue estimate are based on projections from Muni Finance, the Town's revenue consultant

**Utility (User) Taxes** -The Municipal Code levies an 4% tax on the value public utilities services consumed within the Town limits for electricity, natural gas, and telecommunicationssubject to a cap of \$360.

**Franchise Fees - Garbage, Gas & Electric, Cable,** The Town receives franchise fees from various public utilities and other corporations who furnish gas, electric, water, Cable TV, refuse or similar services to citizens living within town boundaries. The various fees are delineated in franchise agreements and are paid directly to the town by these franchisees. Estimates are based on historical experience considering contract amendments which impact future years.

## **PUBLIC WORKS ADMINISTRATION BUDGET MESSAGE**

### **ORGANIZATION:**

The Public Works Director position is filled with a combination of consultants and Town staff. The budget reflects the time the Town Manager and Building Official/PW Manager spend to perform duties of the position. The Town also retains an engineering consultant to assist with the Public Works Director functions in an amount not to exceed \$50,000 per year.

The one major organizational change is that this year's budget adds a full-time Maintenance Worker I position. The corresponding budget increase is partially offset (approx. 40%) by the elimination of the funding for part-time, seasonal help. Below are the accomplishments and goals for the entire Public Works Department which consist of Street Maintenance, Parks, and Street Lighting divisions.

### **2014-15 ACCOMPLISHMENTS:**

- Reconstructed Bank St (Pavilion) parking lot

**FUND** 06 RETIREMENT FUND  
**DEPT** 715 MISCELLANEOUS

The Retirement Fund is the repository for retirement funds collected from the Pension Obligation Parcel Tax. The Pension Obligation Tax of .091 per \$100 of Assessed Valuation was established in the 1960's. Proceeds are transferred as needed to the General Fund to offset retirement expenses. The Town participates in the California Public Employee Retirement System (PERS) and has two plans: Safety, for sworn Police and Fire and Miscellaneous for those working over half time. To address rising pension costs, the Town adopted a second lower tier for employees hired after July 1, 2009. In 2012, The state created a third lower tier (PEPRA) for employees hired after January 1, 2013. As of FY14, Town employees contribute their full employee share of pension ranging from 6.5% to 9% of salary.
