**PROJECT DESCRIPTION:** Lot 1 Marinda Heights Residential Subdivision  
Construct One Single Family Home on One 10.049 acre residential lot

**GENERAL INFORMATION (if applicable):**

| Item                                                   | Existing    | Proposed                  |
|--------------------------------------------------------|-------------|---------------------------|
| Lot size                                               | 100.5 acres | 437,734.44 Sq.Ft.         |
| Size of structure(s) or commercial space (square feet) | 0           | 4501 sq. ft. living space |
| Height and No. of stories                              | 0           | 33ft.- 2 stories          |
| Lot coverage                                           | 0%          | 0.9%                      |
| No. of dwellings units                                 | 0           | 1                         |
| Parking <sup>1</sup> No. of spaces                     |             | 5                         |
| Size of spaces                                         |             | 9'x19'x7' minimum         |

|                                        |                        |                  |
|----------------------------------------|------------------------|------------------|
| Amount of proposed excavation and fill | Excavation =<br>281 CY | Fill =<br>248 CY |
|----------------------------------------|------------------------|------------------|

Estimated cost of construction \$ 1,575,350

Lot Coverage is defined as the land area covered by all buildings and improvements with a finished height above grade and all impervious surfaces except driveways.

<sup>1</sup>Minimum parking dimensions are 9' wide by 19' long by 7' high. Do not count parking spaces that do not meet the minimum standards.

**Restrictions:** Are there any deed restrictions, easements, etc. that affect the property, and, if so, what are they? Drainage easement recorded 1/8/1971 in Book 2429 Page 68 of Official Records

A new driveway easment will need to be recorded across portions of proposed lot 2 as shown on the Vesting Tentative Map submitted concurrent to this application.

| Studios/offices                               | 0        | 0             |
| Second units                                  | 0        | 0             |
| Miscellaneous (specify use)                   | 0        | 0             |
| <b>Total</b>                                  | 0        | 0             |
| Square footage of impervious surfaces         |          |               |
| Walkways                                      | 0        | 221           |
| Patio                                         | 0        | 0             |
| Impervious decks                              | 0        | 134           |
| Miscellaneous (specify use)                   | 0        | 0             |
| <b>Totals</b>                                 | 0        | 355           |
| Garage/carport square footages (specify type) | 0        | Garages - 685 |

\* All square footage measurements must be the sum of all interior floor area measured from the exterior faces of the exterior walls for structures (Town Code § 17.008.020).

**FLOOR AREA:** Fairfax Town Code § 17.008.020, Definitions, defines “floor area” as the sum of all interior floor area measured from the exterior faces of the exterior walls. The “floor area” of any accessory structures on the same lot shall be included. The “floor area” of any garage in excess of 500sf in size for single-family residences and 800sf in size for duplexes shall also be included.

**LOT COVERAGE:** Fairfax Town Code § 17.008.020, Definitions, defines “lot coverage” as the percentage of the lot area that is occupied by the ground area of a building, any accessory building(s), as well as any impervious surface areas such as patios (other than driveways) adjacent to the building or accessory structure.

## Submittal Requirements Checklist

- Title report for the project property is required for all submittals. A copy of the current fee title deed must also be submitted for commercial projects, new residences and 50% remodels.

For Administrative actions (Sign permits that comply with the Sign Ordinance, lot line adjustment or certificates of compliance.)

- Two (2) sets of site plans and floor plans (elevation plans for new construction)
- Completed Application form(s)
- Fee (see "Fee Schedule")

For Planning Commission and Design Review Board actions

- Fourteen (14) full size sets of site plans, floor plans and elevation plans
- One set of plans reduced to 8 ½ inches by 11 inches (*larger sets will not be accepted*)
- Completed Application forms(s)
- 14 sets of photographs of the project site
- Fee (see "Fee Schedule")
- Environmental Initial Study Questionnaire (if applicable)
- An approved Vegetative Management Permit from the Ross Valley Fire Department for new homes and 50% remodels

- **Note:** You must include a completed "Applicant Affidavit for Property Owners Mailing List" along with the required materials for Planning Commission or Design Review actions.

\*\*\*ALL PROJECT PLANS MUST INCLUDE\*\*\*

**A Site Plan that is fully dimensioned and drawn to scale, collated and folded with other pages of the project, including the following:**

1. Property boundaries and easements.
2. Foundation and roof lines of all existing and proposed structures located on the property; differentiate between proposed and existing structures.
3. Foundation lines of all neighboring structures.
4. On-site drives, parking, loading spaces, landscaped areas, patios, etc.
5. Street right-of-way lines, curb line or pavement edge, sidewalks, and parkways.
6. The location and species of all trees on site, showing trunk circumferences (measured 4 1/2ft above natural grade) and driplines.
7. Fences and walls, existing and proposed.
8. Yards and open space areas.
9. Storage areas and screening.
10. Topographic features: streams, drainage channels, ditches, rock outcroppings, etc. If the project is adjacent to a watercourse a cross section of the watercourse channel must also be provided.
11. Existing visible landmarks (utility poles, street lights, fire hydrants).
12. Accurate contour lines:
  - Slopes below 5% - contours not required
  - Slopes between 5% and 15% - contour interval must be two feet
  - Slopes exceeding 15% - contour interval must be five feet
13. Other information deemed necessary to evaluate this application.
14. Flood Zone and flood elevation certificate if property is located in an A' zone or B' zone.

**Floor Plans**

1. Provide existing and proposed floor plan for all structures on the site.
2. Provide proposed floor plans separately from existing floor plan.
3. Other information deemed necessary to evaluate this application.

**Building Elevations must include:**

1. Existing and proposed ground line, wall height, floor height, and ridge height, roof pitch, as well as the appearance of the structure(s).
2. Cross section drawings of existing and proposed structures.
3. For Design Review:
  - Color rendering of proposed exterior addition including exterior finish/color, window trim, roof material, siding materials, etc. (14 copies).
  - Color and materials board (11" x 17") to include exterior finish/color, window trim, roof material, siding materials, etc. (one board and 14 copies of the board)
  - Photographs of the existing property and abutting neighbors (14 sets)
4. Other information deemed necessary to evaluate this application.

**Landscape Plans are required for all new residences, 50% remodels and all commercial projects and must include:**

1. The type, size, and spacing of plants, and maintenance provisions. (Maintenance information includes: type of irrigation system, location of clocks, sprinkler heads and areas to be drip irrigated.)
2. Retaining walls, lighting, slopes, if applicable.
3. Other information deemed necessary to evaluate this application.

Within 30 days of submittal, Town staff will review this application for completeness of required information and/or fees, and a notice of completeness or non-completeness will be mailed to the applicant. Applications cannot be processed until accepted as complete. Further revisions of completed material may be necessary after the 30 day period.

**All plans must be fully dimensioned and drawn to scale, collated, and folded.**

| <b>OTHER IMPORTANT DEPARTMENT/AGENCIES:</b>                                                                                                                                                                                                                                                                           |                                           |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
| <b>Ross Valley Fire Service:</b> You must provide a vegetative management plan to the Fire Dept. and receive approval prior to submitting your application to the Planning Department. It is your responsibility to contact the Fire Marshal for Fire Department requirements (e.g., sprinklers, hydrants, turnouts). | Contact Fire Marshal @<br>415/258-4686    |
| <b>Building Department:</b> If you are increasing the occupancy (number of people) and/or altering the structural character of a building, you may trigger seismic, Fire and other Building requirements.                                                                                                             | Contact Building @<br>415/453-2263        |
| <b>Marin Municipal Water District:</b> Your project may generate the need for additional water.                                                                                                                                                                                                                       | Contact MMWD @<br>415/924-4600 ext. 335   |
| <b>Ross Valley Sanitary District:</b> If you are adding on or building new, you may need to upgrade or install a lateral sewer line.                                                                                                                                                                                  | Contact RVSD @<br>415/461-1122            |
| <b>Ross Valley School District:</b> If adding on or building a house, school fees will likely be charged. ## SUPPLEMENTAL QUESTIONNAIRE & DRB APPLICABILITY

### DESIGN REVIEW

**For Commercial, Planned Developments, Hillside Residential and Multiple Family Design Review:** (Include brand and number for all finish and/or paint colors.)

1. Exterior finish: \_\_\_\_\_ see included color boards
2. Proposed exterior wall color(s): \_\_\_\_\_ "
3. Proposed exterior trim color: \_\_\_\_\_ "
4. Proposed exterior window color: \_\_\_\_\_ "
5. Proposed roof material and color: \_\_\_\_\_ "
6. Special features: \_\_\_\_\_ Custom designed state of the art Green Home , living roof
7. Lot Coverage: \_\_\_\_\_ 0.9%
8. Number of existing parking spaces and their sizes: \_\_\_\_\_ 0
9. Number of proposed parking spaces and their sizes: \_\_\_\_\_ 5 .... 9'x19'x7' minimum

### DESIGN REVIEW APPLICABILITY

#### 1. Hillside Design Review (in a ridge line)

All new dwellings located on hillside properties and all additions on properties located in a ridgeline scenic corridor (which include deck and stairway structures) shall require design review.

Additions and accessory structures may be exempt from design review where the applicant demonstrates, through the use of story poles, plans and photo montages, that an accessory structure or addition will have no impact on significant view corridors due to the proposed location of the structure in relation to existing improvements. Project exemption shall be determined by the Fairfax Planning Director.

#### 2. Multiple family Design Review

Multiple family residential units of three (3) or more and additions to structures located in the Multiple Family RM Zone.

#### 3. 50% remodels of additions to residential properties

## 4. Commercial Design Review

The Design Review Board must approve any minor modifications to existing buildings, structures or improvements such as awning, canopies, window, doors, color changes, automated teller machines, or other modifications similar to the above for properties located in the Commercial Zones.

## 5. Signs

Signs complying with the Sign Ordinance can be approved by staff. Other signs require the approval of the Fairfax Design Review Board.

### Design Review Application - Additional information required.

- 14 complete sets of plans are required for design review applications. If your project requires design review you will need to prepare the additional information described below in addition to the information required in pages 3 and 4 of the planning application.
- Exterior elevations from all sides. If multiple buildings are proposed, composite elevations for the entire street frontage are required.
- Cross section through project, showing project and existing adjacent features.
- Lighting plan - detail of exterior fixtures, location and illumination (amount of light).
- Utility entrance location, trash storage location, mechanical equipment location.
- Detail of fascias, trim, railing, trellis.
- Specify irrigation systems to be used on the landscaping plan.
- 14 color elevations.
- 14 sets of color samples (copies of color samples are not accepted).
- Projects in the Downtown Area are required to submit a drawing at 1" = 40'.

We would like you to put in your own words how the project meets the design review criteria set forth in section #17.020.040 of the Fairfax Zoning Ordinance. This will help you and the Planning Commission focus on the ordinance requirements.

NOTE: In order to visualize the dimensions and location of the proposed structure, the Town review process requires **story poles for new structures, second story additions and 50% remodels**. Story poles must be erected 10 days prior to the first public hearing for a project. Poles shall be erected at all proposed building corners (rising to the proposed height of the building at that corner), and at the highest point of the proposed roof-line. Also the front corners of undeveloped land must be staked and tagged in the field. You, the applicant, will have to maintain the poles and corner flags in good condition until all public hearings on the project are over and appeal periods have lapsed. Avoid unnecessary delays to your project by maintaining the poles through out the review process.

**SUPPLEMENTAL QUESTIONNAIRE**

|                 |
|-----------------|
| <b>VARIANCE</b> |
|-----------------|

**VARIANCE (S) REQUESTED:**

\_\_\_\_\_ foot front yard variance to construct a \_\_\_\_\_ within  
\_\_\_\_\_ feet of the front property line.

\_\_\_\_\_ foot rear yard variance to construct a \_\_\_\_\_ within  
\_\_\_\_\_ feet of the rear property line.

\_\_\_\_\_ foot side yard variance to construct a \_\_\_\_\_ within  
\_\_\_\_\_ feet of the side property line.

\_\_\_\_\_ foot creek setback variance to construct a \_\_\_\_\_ within \_\_\_\_\_ feet  
of the top of the creek bank.

Other (fence height, building height, parking number or size, etc.) \_\_\_\_\_

**FINDINGS:**

1. List below special circumstances applicable to the property, including size, shape, topography, location, or surroundings, to show why the variance should be granted; and why the granting of the variance will not be a granting of special privileges inconsistent with the limitations upon other properties in the vicinity and zone (you may attach a statement).  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
  
2. List below your reasons why the variance will not materially adversely affect the health or safety of persons residing or working in the neighborhood or be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood (you may attach a statement).  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
  
3. Explain why complying with the Town Ordinance requirements will be a hardship for the owner.  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

## Variance - Additional information required.

- Include a cross section through the proposed project depicting the project and the relationship of the proposal to existing features and improvements on adjacent properties.
- Lot coverage calculation including all structures and raised wooden decks.

In order to approve your project, the Planning Commission must make findings of fact which state that 1) there is a special feature of the site (such as size, shape or slope) which justifies an exception; 2) that the variance is consistent with the treatment of other property in the neighborhood; 3) that strict enforcement of the ordinance would cause a hardship; and 4) that the project is in the general public interest.

In the space below, please provide any information which you feel is relevant to these issues and which further explains your project.

---

## Hill Area Residential Development (HRD) – Additional information required.

- Amount of excavation and fill required for development (in cubic yds.) 281cut/248 fill/33 disp.on site  
If the excavation and fill amounts exceed 100 cubic yards it must be reviewed and approved by the Planning Commission. Please submit an excavation application and fee as well.
- If any public roads will need to be extended to access the residence plans must include the existing and proposed type of surface, the length and width of roadway to be improved, slope of roadway, elevations of any retaining walls that will need to be constructed, locations of curbs, gutter and drainage improvements and identification of emergency vehicle turn arounds (if required).
- Locate all trees within the right-of-way easement and any trees that will need to be removed (must include size and species of trees). An application for a tree permit and approval by the tree committee is required for the cutting or trimming of trees with a trunk circumference as set forth in Town Code Chapter 8.36.  
 Check if a tree permit is required.
- List any notable physical features of the site, such as creeks, drainage channels, rock outcroppings, tree stands, etc.:  
Tree Stands

- Lot size 437,734 square feet      Lot frontage 65ft ' \_\_\_\_\_ "
- Name and address of Licensed Surveyor: Oberkamper Associates  
7200 Redwood Blvd. Suite 308, Novato , Ca. 94945 (415)897-2800

- Name and address of Registered Civil Engineer: Oberkamper Associates  
7200 Redwood Blvd., Suite 308, Novato , Ca. 94945 (415)897-2800

NOTE: In order to visualize the dimensions and location of the proposed structure, the Town review process requires **story poles**. Story poles must be erected prior to an application being filed with the Planning Department. Poles shall be erected at all proposed building corners (rising to the proposed height of the building at that corner), and at the highest point of the proposed roof-line. Also the front corners of undeveloped land must be staked and tagged in the field. You, the applicant, will have to maintain the poles and corner flags in good condition until all public hearings on the project are over and appeal periods have lapsed. Avoid unnecessary delays to your project by maintaining the poles through out the review process.

- Show existing and proposed on-site and off-site drainage facilities and necessary improvements on the site plan.
- Provide a signed and sealed report by a registered civil engineer specializing in soils and foundations, containing the following information:
  - site soil drainage
  - relevant watershed boundaries (hydrologic units)
  - relationship of proposed construction to drainage patterns in the vicinity, and the cumulative effects of run-off, necessary drainage improvements, on and offsite foundation adequacy, site geology, and the safety of proposed construction
- Include an erosion control plan with the grading plan, including a re-vegetation program.
- Floor plans should include finished floor elevations for all living levels including attic, basement and loft areas. If the residence has multiple floor elevations (a split level residence), finished floor elevations should be included for all rooms.
- A summary table including the following square footages; footprint, total living space, subtotals for each floor, garage, decks and any accessory buildings.
- Profiles depicting the relationships between proposed structures on the project site and structures existing on neighboring properties (i.e. neighboring homes, parking structures).
- Elevations of all proposed retaining walls including a description of construction materials.
- Report from Ross Valley Fire Authority.  
  
Indicate in writing how the project has been designed to comply with the HRD OVERLAY ZONE DEVELOPMENT STANDARDS, Chapter 17.072 of the Fairfax Zoning Ordinance.

## Use Permit Applications – Additional information required.

- A written description of the proposed use, major activities, hours of operation, number of employees on the premises during the busiest shift and when the busiest shift is expected and other information pertinent to the application.
  
- Floor plans must include location of any special equipment.
  
- Designate customer, employee and living areas.
  
- If different uses are included in this activity, for example storage, retail, living space, etc. Indicate square footage of each proposed use.

In order to approve your project, the Planning Commission must make findings of fact which state that the project will not have a negative impact on the general public welfare, conforms with the policies of the Town, does not create excessive physical or economic impacts on adjacent property and provides for equal treatment with similar properties in Town.

In the space below, please provide any information which you feel is relevant to these issues and which further explains your project.

The final disposition of each use permit shall be in accordance with the facts of the particular case, and such facts must support the following determinations and findings before a use permit may be approved. Indicate how the findings below can be made:

- The approval of the use permit shall not constitute a grant of special privilege and shall not contravene the doctrines of equity and equal treatment.
- 
- 

- The development and use of property, as approved under the use permit, shall not create a public nuisance, cause excessive or unreasonable detriment to adjoining properties or premises, or cause adverse physical or economic effects thereto, or create undue or excessive burdens in the use and enjoyment thereof, any or all of which effects are substantially beyond that which might occur without approval or issuance of the use permit.
- 
- 

- Approval of the use permit is not contrary to those objectives, goals or standards pertinent to the particular case and contained or set forth in any master plan, development plan or other plan or policy, officially adopted by the town.
-

**TOWN OF FAIRFAX**  
**PUBLIC NOTICE REQUIREMENTS**  
**FOR ALL LAND USE ENTITLEMENTS**

Public notice is sent to property owners, residents and businesses for all land use entitlements including the following:

Zoning Change Amendments, Design Review, Variance, Use Permit, and Hill Area Development Permits. The area to be noticed is any parcel within 300 feet of the boundary line of the property that is the subject of the application.

When filing your application include a Notification Map and a Mailing List and Mailing Labels and stamps for property owners and residents to be notified as described below.

The applicant is responsible for the accuracy of these materials.

Erroneous information may require re-mailing or re-scheduling of the public hearing. When you file your application please sign and submit the attached affidavit stating that the required map, mailing list and labels have been prepared following these instructions.

The applicant prepares and provides the following:

1. A neighborhood notification map, mailing list and mailing labels
2. Postage stamps for each label
3. Completes the affidavit certifying the accuracy of the mailing list
4. Posts the site with an 11 inch x 17 inch Notice Form provided by the Planning Department.

If the approval of an application is delayed by unresponsiveness of an applicant, the address list and labels may have to be redone to ensure their accuracy.

Once Planning staff determines that an application is complete, they send a notice of completeness and provide the poster for the applicant. The poster is to be filled out by the applicant to describe the project. The poster is to be waterproofed and posted in a clearly visible location along the street frontage of the property at least 10 days prior to the public hearing.

The Planning Department provides the notices, reviews the mailing information provided by the applicant, and mails the notice.

**Mailing List:**

List the Assessor's Block and Lot Numbers for all lots within the Notification Map with the Names and Mailing Addresses of all the property owners and the Mailing Address for all residents and businesses. Include yourself and anyone else you wish notified. Please count the addresses and provide a stamp for each label.

Submit self-adhering **Mailing Labels** with this information, one name and address per label. For property owners, use the names. For residents and businesses, you may use either their name or "Occupant". Property Owners are those in the latest Assessors Tax Roll, available at the Marin County Assessor's Office

For Residents or Businesses you can get the number of dwellings or businesses on a lot from the property owner or building manager, or by counting the mail boxes, doorbells and any businesses. You may also use the reverse telephone directory at the library, use addresses shown on the mailbox, doorbell or reverse telephone directory, including any letter suffixes (134, 134A) or fractions (249, 249 1/2). If a doorbell or mailbox has a name but no separate street or apartment number, use that name for the mailing labels. There is usually a Resident anytime the Property Owner in the Town wide Tax Roll has a different mailing address.

In addition, a list of apartment/ multifamily renters is available on disk or in hard copy from the Planning Department. This list is an additional resource for creating the mailing list. Where the address of the owner differs from the location address of the property to be noticed, labels should be created for both owners and residents.

**Affidavit of Preparation of Notification Map,  
Mailing List and Mailing Labels for Public  
Notification for Land Use Public Hearing**

I, Marshal Rothman, do hereby declare as follows:  
(print name)

1. I have prepared the **Notification Map, Mailing List and Mailing Labels for Public Notification for** in accordance with Planning Department guidelines.
2. I understand that I am responsible for the accuracy of this information, and that erroneous information may require re-scheduling the public hearing.
3. I have prepared these materials in good faith and to the best of my ability.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

EXECUTED ON THIS DAY, 15th July, 2018 in the Town of Fairfax,  
California.

### Authorization for Engineering Review

I, Marshal Rothman / Timberstone 4038 T, as owner / applicant on the above application and property hereby authorize the Town Engineer to review the application plans and subject site and agree to reimburse the Town for any and all charges. I understand this includes the actual cost charged by the Town Engineer, plus 30% to cover the cost of staff review, coordination and general overhead. I am making a deposit of \$ \_\_\_\_\_ toward such charges. Should the cost of the review exceed this deposit, an additional deposit to cover overages must be made before processing the application continues or prior to the issuance of respective permits and entitlements.
