"We will get by, we will survive" -- in front of Tim Cain's house

Fairfax Recreation and Community Services department has been thinking of you all during this time and hoping everyone is staying healthy and at home. Based on the latest information from Marin Health and Human Services, our operations will remain closed until May 3. While we hope to welcome you back to our facilities, programs and events in May, we will reevaluate our reopening date as new information is available to us. Even though our offices and facilities are closed right now, we have been working to put together a few resources to help you through this time.

CALL TO ARTISTS!

Artist in Residence Collaborative– “Shelter in Place” Online Art Show

Fairfax is a town rich in art and culture. But what happens to those who survive by selling their art during a crisis? The Town of Fairfax presents an on-line art show: ***Shelter in Place***. This is a platform for artists to exhibit and sell. In return, we can help the Town’s business community through our sales.
