

OBJECTIVE DESIGN + DEVELOPMENT STANDARDS PLANNING COMMISSION & COMMUNITY MEETING

What is the Objective Design and Development Standards county-wide effort?

Communities in Marin County are working together to ensure that design guidelines for multifamily housing developments maintain a high quality and will be context sensitive. An effort is underway to prepare Objective Design and Development Standards that will result in a toolkit of standards that, when adopted, will provide a clear review and approval process. This will also ensure that design and aesthetic of developments address topics such as architectural style while accommodating current and future legislation requirements.
