DISCUSSION

Over the last two months, the Town has completed the repair of the following areas of sidewalks in the downtown:

- Curb ramp at Taylor/Sir Francis Drake (northwest corner)
- Curb ramp at Bolinas and Broadway (southeast corner)
- Curb ramp at Elsie Lane and Bolinas (northwest corner)
- Sideway in front of Mono and the Mono Parking lot on Bolinas
- Sideway in front of 31-47 Bolinas (east side of Bolinas).

We have used the entire \$60,000 allocated by the Council for sidewalks project. Unless otherwise instructed, staff is not planning any additional sidewalk repairs until the next fiscal year. The Council could discuss additional improvements during the upcoming budget workshop.
