

CAMP FAIRFAX

Summer fun in your own backyard!

Camp Fairfax is a program of Fairfax Recreation- a year round program offering community classes for all ages. We are excited you have decided to join us this summer under the redwoods for a unique Fairfax experience for your children.

Anne Mannes

Recreation and Community Services Manager

Dear Camp Fairfax families,

This will be my 9th year overseeing the 11 year tradition of Camp Fairfax in our town. It's amazing how each summer brings its own joys and challenges and this summer I anticipate will be no different. At least we can always count on change. While my counselors will be doing most of the heavy lifting day to day, I am looking forward to being more involved this summer making sure protocols are in place and keeping our campers safe. This summer we have a small intimate group of 12 campers over 3 consistent weeks. I am looking forward to what joys can be found as we create rhythm within our days and use our hands, body, voices and minds to explore and discover new skills and talents together.

Hello Camp Fairfax families!

My name is **Finleigh Levinson** and I am very excited to be joining all of you for my second year as a Camp Fairfax counselor. I have worked at other types of camps in the area and have worked with a variety of different families nannying for many years. I grew up in Fairfax and the San Geronimo Valley. I love being outside and enjoying our beautiful town. In the fall, I will be going to college to study elementary education in Montana. Although this year will be a bit different, I know we will all work together to achieve a wonderful camp season in our new normal.

Hello families!

My name is **Jasper Yallop** and I have been either a camper, CIT and now a counselor since Camp Fairfax started eleven years ago. This fall, I will be a Junior at Credo High School in Rohnert Park and I am interested in welding, woodwork- ing. I am also a semi- professional scooter rider. Every day I am surrounded with little kids who are just learning how to ride the skatepark and I personally love giving tips to them whenever needed or even teaching them new tricks. One of the reasons I look forward to working at Camp Fairfax every year is because when I was a camper, one of the CIT's named Brock was, in my eyes, the coolest person in the world. Because of this experience I know how awesome it feels to have an older role model. Anytime I can provide that to campers I will. This year is extra special because my little brother, Dax, will be returning to Camp Fairfax for his second year. I love to sing camp songs, dance, play sports, and bringing as much fun to camp as I can. I look forward welcoming new and former campers this summer.

Hi! I'm **Harry Hall**. I am a sophomore at college of Marin. I'm majoring in Psychology but my favorite activities include mountain biking, surfing, hiking and going to the beach. I have a younger brother going into high school as a freshman at Drake. I love the outdoors and am really looking forward to working at Camp Fairfax!
