

# TOWN OF FAIRFAX

## STAFF REPORT

### November 18, 2020

**TO:** Mayor and Town Council

**FROM:** Michele Gardner, Town Clerk

**SUBJECT:** Interview applicants for the Climate Action Committee, Tree Committee, and Measure F Oversight Committee; make appointments as appropriate

---

#### **RECOMMENDATION**

Interview the applicants and make appointments as appropriate to the Fairfax Tree Advisory Committee, Climate Action Committee, and Measure F Oversight Committee.

#### **DISCUSSION**

There are currently three (3) vacancies on the Climate Action Committee (CAC). Two applications have been received (attached): one from Taj Motan and one from Beth Verdekal. Both applicants are Fairfax residents, and both have attended at least one CAC meeting.

There is currently one vacancy on the Tree Advisory Committee. Three applications have been received (attached): one from Beth Verdekal (also applying to CAC), one from Kim Burggraf, and one from Tom Childers. As of the time of this writing, Ms. Burggraf and Mr. Childers confirmed they would attend the November 16<sup>th</sup> Tree Advisory Committee meeting. Ms. Verdekal attended a previous meeting.

There are currently two (2) vacancies on the Measure F Oversight Committee. Two applications have been received but only one applicant, Joe McGarry, was able to attend tonight's meeting. He is a Fairfax resident. As the Committee has not met since Measure F passed, there was no opportunity for him to attend a meeting. His application is attached. The second applicant will be scheduled for an interview at a later date.

Staff suggests the Council interview all the applicants in the order above, then take public comment, and then consider a motion to appoint applicants, as appropriate, to the respective committees.
