Briefly describe your employment background. I have been the Food Service Director for Good Earth Natural Foods in Fairfax and Mill Valley for the last 8 years. Prior to that I was an Executive Chef for Bon Appetit Management Company in Portland, OR for 14 years

What is your vision for the Town of Fairfax? That it be a safe, secure, and equitable town for ALL people with no one ever being denied these rights as a result of racism, poverty, or any other form of exclusion. ALL people can then share in building local wealth and social capital in harmony with our environment and experiencing true community.

Please describe possible areas of conflict of interest. N/A

Briefly explain your interest in serving on this Board, Commission, or Committee. I feel that budgets are moral documents and should reflect the values of the people those budgets serve. The budget process in Fairfax (and in most places) can at times feel like a non-inclusive process, not because of any intent by anyone but because it is an already fast moving train with next years budget being based off last years. It takes a huge commitment for a citizen to climb aboard that train. The Measure F Citizen Oversight Committee feels like a manageable place to jump in and be of service to this critically important process.

I attended a meeting of the committee to which I am applying on (date) I have not seen that this committee has ever met
