Please explain your interest in serving on this Board, Commission, or Committee.

I'm a fairly new Fairfax resident looking to put down roots by helping to build community in this lovely town. I chose to move to Fairfax because it has the small town, friendly vibe I was looking for with the spirit of giving back and helping out. I'd love to not just benefit from this but support it any way I can.

Please describe your relevant work/life experience or background for the board/commission you are applying for:

I have a background in advertising and marketing but have also volunteered everywhere I've lived. From helping to organize "tea on the green" in the little English town I lived in, to supporting a US-wide charity Cake4Kids with marketing strategy and baking cakes. My practical skills include organization, baking, cooking, painting, face painting, copywriting, basic design, and tech, plus grunt work and the spirit of if I don't know how to do it, I'll watch a YouTube video then give it a go.

What is your vision for the Town of Fairfax?

I would love to make sure every aspect of it is filled with charm and warmth, and people can easily participate in the town community. It should be fun and supportive to live here for everyone, and easy to connect with others who do. And every little alleyway or nook should be cared for with the same care we give to the residents.

Please describe possible areas of conflict of interest.

I'm British and on a green card. I'm not sure if that counts me out of the running but I hope not!
