## SUMMER IN FAIRFAX

We like to imagine that it's the good 'ol days and kids are riding bikes to each other's houses and selling lemonade on the corner. We are lucky that this still happens in our sweet little town. But we also know that parents don't always get to spend the school breaks at home so we started Camp Fairfax and over the years our camps have evolved to offer more of a variety, such as, Spanish Camp, Art and Nature for Kindergarteners, Skate Camps, Counselor in Training opportunities for middle and high school students and more.

*Kids get to stay in town, take part in their community and have tons of fun!*
