

TOWN OF FAIRFAX

STAFF REPORT

April 28, 2022

TO: Planning Commission

FROM: Janet Coleson, Town Attorney
Kylee Otto
Linda Neal, Principal Planner

SUBJECT: Ordinance Establishing Regulations for the Land Division and Development of qualified Senate Bill 9 properties

RECOMMENDATION

Adopt the Resolution recommending the Town Council adopt the attached “Ordinance of the Town Council of the Town of Fairfax Adding Chapter 16.22 Urban Lot Splits and Chapter 17.049 Two-Unit Projects to the Town of Fairfax Town Code” establishing regulations for the land division and development of qualified Senate Bill 9 properties within the Town of Fairfax and determining the ordinance to be exempt from CEQA.

BACKGROUND

On September 16, 2021, Governor Newsom signed Senate Bill 9 (SB 9) into law, altering low-density, single-family zoning throughout the state. The most significant component of this bill is that it requires ministerial approval of a one-time, two-lot land division and/or development projects for up to two (2) units per lot. The proposed land division or development project is required to meet certain qualifying location and development criteria. Although the new law supersedes varying Town regulations regarding subdivision and development standards, SB 9 preserves some authority for local agencies to enact regulations through the adoption of new objective subdivision and zoning regulations. The law became effective on January 1, 2022.

On December 1, 2021, the Town Council adopted an urgency ordinance establishing regulations for the land division and development of qualified Senate Bill 9 properties within the Town of Fairfax.

On February 24, 2022, the Planning Commission considered the ordinance and at that time continued the matter to April 28, 2022 to allow for further discussion.

DISCUSSION

SB 9 allows any single-family lot to be split, roughly into halves, with resulting lots as small as 1,200 square feet. In addition, SB 9 allows up to two single-family dwellings to be developed on each created lot. An SB 9 lot split followed by an SB 9 two-unit project

on each of the two new lots would result in four total dwellings on what was formally one single-family residential lot, all without any discretionary review. SB 9 requires said lot splits and resulting two-unit projects to be approved ministerially with no public hearing. SB 9 allows local governments to impose limited restrictions on lot splits and two-unit projects, but any such restrictions must be objective and necessary to protect public health and safety.

The proposed ordinance is consistent with the following General Plan Policies and Program:

Land Use Element Policy LU-5.1.1: New and renewed development shall occur primarily as infill development.

Land Use Element Policy LU-8.1: Maintain an economically diverse population by providing a variety of choices in the type, size, cost and location of new housing.

Conservation Element Program CON-1.1.2.2: Adopt planning policies that promote infill rather than sprawl, including incorporation of second units to existing Fairfax Housing.

CEQA

Under California Government Code sections 65852.21 (j) and 66411.7 (n), the adoption of an ordinance by a town implementing the provisions of Government Code sections 66411.7, and 65852.21, regulating urban lot splits and two-unit projects is statutorily exempt from the requirements of the California Environmental Quality Act ("CEQA"). Therefore, the proposed ordinance is statutorily exempt from CEQA in that the proposed ordinance implements these new laws enacted by SB 9.

CONCLUSION/RECOMMENDATION

Staff recommends that the Planning Commission hold a public hearing, and after deliberation approve the attached resolution recommending to the Town Council adoption of the ordinance as written.

 - (I) less than or equal to 800 and
 - (II) more than 500 square feet.
 - (ii) A primary dwelling that was legally established prior to the urban lot split and that is larger than 800 square feet is limited to the lawful floor area at the time of the urban lot split. It may not be expanded.
 - (iii) A primary dwelling that was legally established prior to the urban lot split and that is smaller than 800 square feet may be expanded to 800 square feet after the urban lot split.

(E) **Open Space.** No dwelling unit on a resulting lot subject to subsection (10)(D) may cause the open space area to fall below 300 square feet per unit. "Open space area" shall not include any required yard or setback, required building separation, access area, or area with dimensions of less than ten feet or slope of greater than ten percent, subject to subsection (10)(D) above. - (i) **Generally.** All setbacks shall conform to those objective setbacks that are imposed through the underlying zone.
- (ii) **Exceptions.** Notwithstanding subsection (e)(10)(F) above:
 - (I) **Existing Structures.** No setback is required for an existing legally established structure or for a new structure that is constructed in the same location and to the same dimensions as an existing legally established structure.
 - (II) The setbacks imposed by the underlying zone shall yield to the degree necessary to avoid physically precluding the construction of up to two units on the lot or either of the two units from being at least 800 square feet in floor area; but in no event may any structure be less than four feet from a side or rear property line.

- (iii) **Front Setback Area.** Notwithstanding any other part of this code, dwellings that are constructed after an urban lot split shall be at least 10 feet from the front property lines. The front setback area shall:

The dominant roof slope is the slope shared by the largest portion of the roof.
 - (ii) If there is no legal primary dwelling on the lot before the urban lot split, and if two primary dwellings are developed on the lot, the dwellings shall match each other in exterior materials, color, and dominant roof pitch. The dominant roof slope is the slope shared by the largest portion of the roof.

- (iii) All exterior lighting shall be downward directed, shielded to prevent direct offsite illumination, the minimum number of fixtures necessary to provide pathway, stair/step, and entry illumination, and a maximum of 2 foot candles lighting intensity. No landscape lighting is allowed.
- (iv) No window or door of a dwelling that is constructed on the lot after the urban lot split may have a direct line of sight to an adjoining residential property. Fencing, landscaping, or privacy glass may be used to provide screening and prevent a direct line of sight.
- (v) If a dwelling is constructed on a lot after an urban lot split and any portion of the dwelling is less than 30 feet from a property line that is not a public right-of-way line, then all windows and doors in that portion shall either be (for windows) with the bottom of the glass at least six feet above the finished floor, or (for windows and for doors) utilize frosted or obscure glass.

(I) **Landscaping.**

- (i) Evergreen landscape screening shall be planted and maintained between each dwelling and adjacent lots (but not rights of way) as follows:
 - (I) At least one 15-gallon size plant shall be provided for every five linear feet of exterior wall.

(K) **Utilities.**

- (i) Each primary dwelling unit on the resulting lots shall have its own direct utility connection to the utility service provider.
 - (ii) Each primary dwelling unit on the resulting lots that is or that is proposed to be connected to an onsite wastewater treatment system shall comply with current County wastewater treatment system requirements for new parcels.
 - (L) **Building & Safety.** All structures built on the lot shall comply with all current local building standards. An urban lot split is a change of use.

- (A) A lot shall comply with each of the following fire-hazard mitigation measures:
 - (i) All enclosed structures on the site shall have fire sprinklers.
 - (ii) Windows in any portion of a dwelling with less than a five-foot setback to a property line shall be equipped with heat activated self-closing shutters.
 - (iii) All sides of all dwellings on the site shall be within a 150-foot hose-pull distance from either the public right of way or of an onsite fire hydrant or standpipe.
 - (iv) A lot shall have direct access to a public right of way with a paved street on a designated evacuation route.
 - (B) Prior to submitting an application for an urban lot split, the applicant shall obtain a certificate of compliance with all applicable fire-hazard mitigation measures in accordance with this subpart (e)(11). The town or its authorized agent shall inspect the site, including all structures on the site, and certify as to its compliance. The certificate shall be included with the application. The applicant shall pay the town's costs for inspection. Failure to pay is grounds for denying the application.
- (12) **Separate Conveyance.**
- (A) Within a resulting lot.
 - (i) Primary dwelling units on a lot that is created by an urban lot split may not be owned or conveyed separately from each other.
 - (ii) Common interest developments, as defined by Civil Code section 4100, are not permitted on a lot that is created by an urban lot split.

- (iii) All fee interest in a lot and all dwellings on the lot shall be held equally and undivided by all individual property owners.
 - (B) Between resulting lots. Separate conveyance of the resulting lots is permitted. If dwellings or other structures (such as garages) on different lots are adjacent or attached to each other, the urban lot split boundary may separate them for conveyance purposes if the structures meet building code safety standards, including but not limited to Chapter 8.04 and Chapter 15.04, and are sufficient to allow separate conveyance. If any attached structures span or will span the new lot line, the owner shall record appropriate Covenants, Conditions, and Restrictions (CC&R's), easements, or other documentation that is necessary to allocate rights and responsibility between the owners of the two lots.
- (13) **Regulation of Uses.**
 - (A) **Residential-only.** No non-residential use is permitted on any lot created by urban lot split.
 - (B) **No Short Term Rentals.** No dwelling unit on a lot that is created by an urban lot split may be rented for a period of less than 30 days.

- (14) **Notice of Construction.**
 - (A) At least 30 business days before starting any construction of a structure on a lot created by an urban lot split, the property owner shall give written notice to all the owners of record of each of the adjacent residential parcels, which notice shall include the following information:

 - (iii) The hours of construction,
 - (iv) Contact information for the project manager (for construction-related complaints), and
 - (v) Contact information for the Department of Planning and Building Services.
 - (B) This notice requirement does not confer a right on the noticed persons or on anyone else to comment on the project before permits are issued.

Approval is ministerial. Under state law, the Town has no discretion in approving or denying a particular project under this section. This notice requirement is purely to promote neighborhood awareness and expectation.

- (15) **Deed Restriction.** The owner shall record a deed restriction, acceptable to the town, that does each of the following:
- (A) Expressly prohibits any rental of any dwelling on the property for a period of less than 30 days.

 - (C) Expressly prohibits any separate conveyance of a primary dwelling on the property, any separate fee interest, and any common interest development within the lot.
 - (D) States that the property is formed by an urban lot split and is therefore subject to the town's urban lot split regulations, including all applicable limits on dwelling size and development.

(f) **Specific Adverse Impacts.**

- (1) Notwithstanding anything else in this section, the town may deny an application for an urban lot split if the Building Official makes a written finding, based on a preponderance of the evidence, that the project would have a "specific, adverse impact" on either public health and safety or on the physical environment and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact.
- (2) "Specific adverse impact" has the same meaning as in Gov. Code § 65589.5(d)(2): "a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete" and does not include (1) inconsistency with the zoning ordinance or general plan land use designation or (2) the eligibility to claim a welfare exemption under Revenue and Taxation Code section 214(g).
- (3) The Building Official may consult with and be assisted by planning staff and others as necessary in making a finding of specific, adverse impact.

- (d) **Approval.**
- (1) An application for a two-unit project is approved or denied ministerially, by the Director of Planning and Building Services, without discretionary review.
 - (2) The ministerial approval of a two-unit project does not take effect until the town has confirmed that the required documents have been recorded, such as the deed restriction and easements.
 - (3) The approval shall require the owner and applicant to hold the town harmless from all claims and damages related to the approval and its subject matter.
 - (4) The approval shall require the owner and applicant to reimburse the town for all costs of enforcement, including attorneys’ fees and costs associated with enforcing the requirements of this code.

- (6) **Unit Standards.**
 - (A) **Quantity.**
 - (i) No more than two dwelling units of any kind may be built on a lot that results from an urban lot split. For purposes of this paragraph, “unit” means any dwelling unit, including, but not limited to, a primary dwelling unit, a unit created under this Chapter (Chapter 17.049), an Accessory Dwelling Unit, or a Junior Accessory Dwelling Unit (Chapter 17.048).

(E) **Lot Coverage.** The total lot coverage shall not exceed 35 percent of the lot. This lot coverage standard is only enforced to the extent that it does not prevent two primary dwelling units on the lot at 800 square feet each.

(F) **Open Space.** No dwelling unit on a resulting lot subject to division (D) may cause the open space area to fall below 300 square feet per unit. "Open space area" shall not include any required yard or setback, required

building separation, access area, or area with dimensions of less than ten feet or slope of greater than ten percent, subject to division (D) above open space standard is only enforced to the extent that it does not prevent two primary dwelling units on the lot at 800 square feet each.

(II) The setbacks imposed by the underlying zone shall yield to the degree necessary to avoid physically precluding the construction of up to two units on the lot or either of the two units from being at least 800 square feet in floor area; but in no event may any structure be less than four feet from a side or rear property line.

(iii) **Front Setback Area.** Notwithstanding any other part of this code, dwellings that are constructed under this section shall be at least 10 feet from the front property lines. The front setback area shall:

(I) be kept free from all structures greater than three feet high;

(II) be at least 50 percent landscaped with landscaping on the FireSafe Marin Fire-Smart Plant list, drought-tolerant landscaping is encouraged, with vegetation and irrigation plans approved by a licensed landscape architect;

The dominant roof slope is the slope shared by the largest portion of the roof.
 - (iii) All exterior lighting shall be downward directed, shielded to prevent direct offsite illumination, the minimum number of fixtures necessary to provide pathway, stair/step, and entry illumination, and a maximum of 2 foot candles lighting intensity. No landscape lighting is allowed.

- (A) A lot shall comply with each of the following fire-hazard mitigation measures:
- (i) All enclosed structures on the site shall have fire sprinklers.

RESOLUTION NO. 2022-03

**A Resolution of The Fairfax Planning Commission
Recommending Town Council Approval of a
Ordinance Concerning Lot Splits and Duplex Development (SB 9)**

WHEREAS, in 2021, the California Legislature approved, and the Governor in September signed into law Senate Bill 9 (“SB 9”), which among other things, adds Government Code section 65852.21 and 66411.7 to impose new limits on local authority to regulate urban lot splits and two-unit projects;

WHEREAS, SB 9 allows local agencies to adopt objective design, development, and subdivision standards for urban lot splits and two-unit projects;

WHEREAS, the Town Council adopted an urgency SB 9 Ordinance which temporarily amended its regulations to comply with Government Code sections 66411.7 and 65852.21 and to appropriately regulate projects pursuant to SB 9;

WHEREAS, the Town now desires to adopt non-urgency regulations to comply with Government Code sections 66411.7 and 65852.21 and continue to appropriately regulate projects pursuant to SB 9 beyond the timeframe afforded by the Urgency Ordinance;

WHEREAS, the approval of urban lot splits and two-unit projects based solely on the Town’s default standards, without appropriate regulations governing lot configuration, unit size, height, setback, landscape, architectural review, among other things, would threaten public health and safety;

WHEREAS, under California Government Code sections 65852.21 (j) and 66411.7 (n), the adoption of an ordinance by a town implementing the provisions of Government Code sections 66411.7, and 65852.21, regulating urban lot splits and two-unit projects is statutorily exempt from the requirements of the California Environmental Quality Act (“CEQA”); and

WHEREAS, the Fairfax Planning Commission has held a duly noticed public hearing on February 24, 2022 and April 28, 2022 and reviewed the draft SB 9 Ordinance and finds it furthers the Town’s legitimate regulatory interests in regards to the above.

NOW, THEREFORE BE IT RESOLVED, the Planning Commission of the Town of Fairfax finds that this Ordinance is consistent with the Town's General Plan and hereby recommends to the Town Council that it approve the SB 9 Ordinance attached hereto as Exhibit "A".

The foregoing resolution was adopted at a regular meeting of the Planning Commission held in said Town, on the 28th day of April, 2022 by the following vote:

SENATE BILL 9 (SB 9): AN OVERVIEW

WHAT IT IS AND HOW IT IMPACTS RESIDENTIAL LAND USE

Senate Bill 9 (SB 9) is a new California State Law taking effect January 1, 2022.

Similar to previous state legislation on Accessory Dwelling Units (ADUs), SB 9 overrides existing density limits in single-family zones. SB 9 is intended to support increased supply of starter, modestly priced homes by encouraging building of smaller houses on small lots.

SB 9 WAIVES DISCRETIONARY REVIEW AND PUBLIC HEARINGS FOR:

BUILDING TWO HOMES
ON A PARCEL IN A SINGLE-FAMILY ZONE

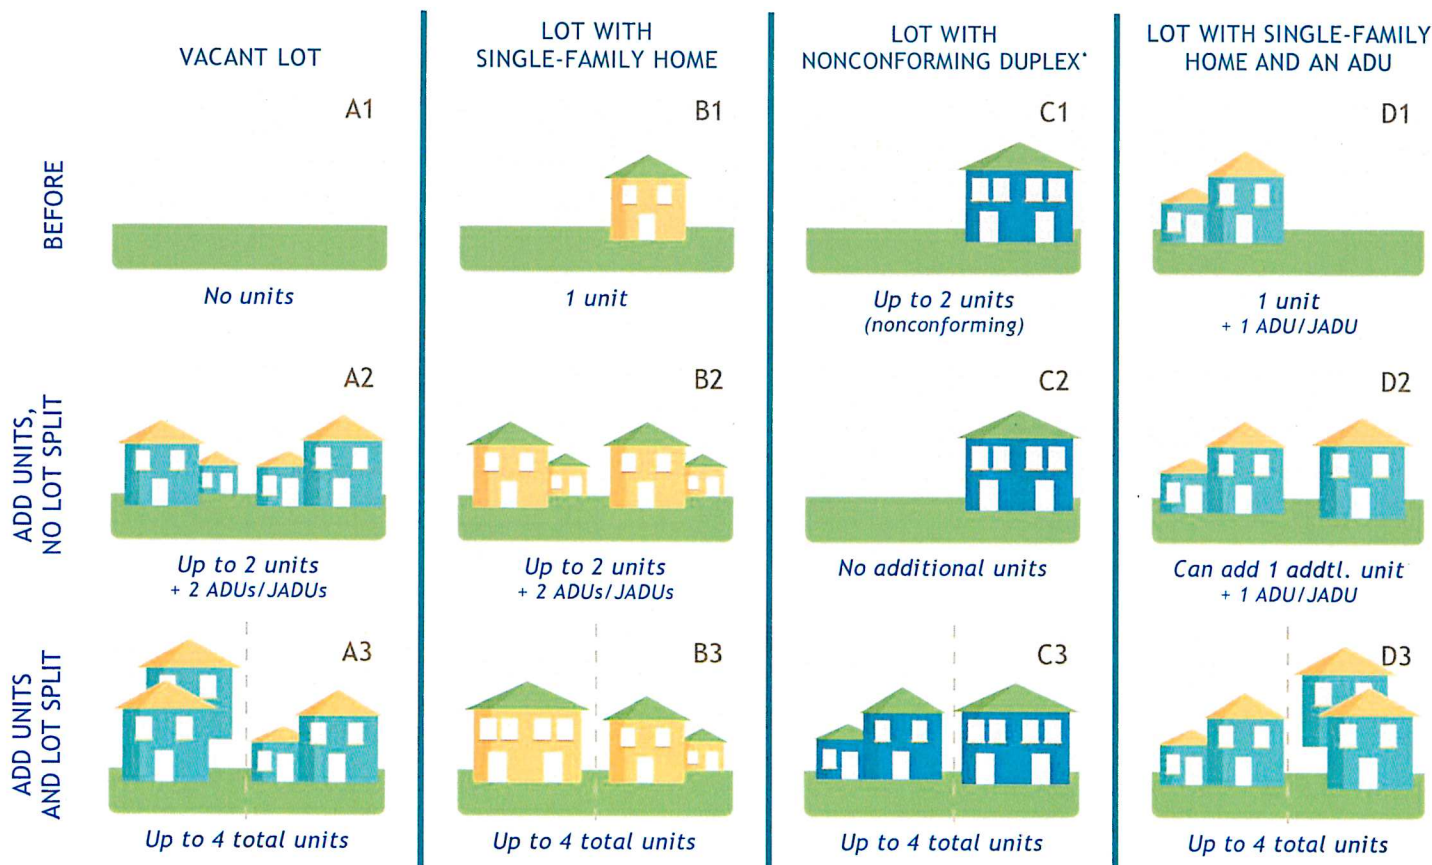

SUBDIVIDING A LOT INTO TWO
THAT CAN BE SMALLER THAN REQUIRED MIN. SIZE

Used together, this allows **4 HOMES** where 1 was allowed before.

SB 9 CAN BE USED TO: Add new homes to existing parcel • Divide existing house into multiple units • Divide parcel and add homes

WHAT IT CAN MEAN FOR DEVELOPMENT OF NEW HOMES

Illustrations are based on a preliminary analysis of the law. Details are subject to change and are for informational purposes only.

*Legally constructed but not currently permitted. Check your local ordinance for nonconforming use policies.

USING SB 9 WITHOUT A LOT SPLIT:

- Without a lot split, SB 9 does not limit the number of ADUs or JADUs (B2, D2) - but other laws might.
- SB 9 *could be interpreted* to allow 2 new units beyond an existing unit (up to 3 units/lot, plus any allowed ADUs/JADUs).

USING SB 9 WITH A LOT SPLIT:

- SB 9 does not require jurisdictions to approve more than 4 units total, including any ADUs/JADUs.

SINGLE-UNIT DEVELOPMENTS

SB 9 can be used to develop single units - but projects must comply with all SB 9 requirements.

DOES THE PROJECT QUALIFY?

2-UNIT DEVELOPMENTS AND LOT SPLITS

- Single-family lot (usually R-1)
- Located in an urbanized area or urban cluster¹
- Not in state/local historic district, not an historic landmark
- Meets requirements of SB35 subparagraphs (a)(6)(B)-(K)²:

PROPERTY CANNOT BE:

- Prime farmland or farmland of statewide importance (B)
- Wetlands (C)
- Identified for conservation or under conservation easement (I+K)
- Habitat for protected species (J)

PROPERTY CANNOT BE (UNLESS MEETING SPECIFIED REQUIREMENTS):

- Within a very high fire hazard safety zone (D)
- A hazardous waste site (E)
- Within a delineated earthquake fault zone (F)
- Within a 100-year floodplain or floodway (G+H)
- Project would not alter nor demolish:
 - Deed-restricted affordable housing
 - Rent-controlled housing
 - Housing on parcels with an Ellis Act eviction in last 15 yrs
 - Housing occupied by a tenant currently or in last 3 yrs³

Addtl. Qualifications for 2-UNIT DEVELOPMENTS

- Project does not remove more than 25% of exterior walls on a building that currently has a tenant or has had a tenant in the last 3 yrs *even if the rental unit itself isn't altered*

Addtl. Qualifications for LOT SPLITS

- Lot is split roughly in half - smaller lot is at least 40% of the original lot⁴
- Each new lot is at least 1,200ft² ^{5,6}
- Lot is not adjacent to another lot split by SB 9 by the same owner or "any person acting in concert with the owner"
- Lot was not created by a previous SB 9 split⁷

RELATIONSHIPS TO OTHER LAWS

CEQA Does not apply to 2-unit or lot split approvals or ordinances implementing 2-unit or lot split provisions

COASTAL ACT Applies, but no public hearings needed for duplex and lot split coastal development permits

HOUSING CRISIS ACT Local ordinances cannot impose restrictions that reduce the intensity of land use on housing sites (*including total building envelope, density, etc.*)

SB8 SB 9 projects are subject to Permit Streamlining Act deadlines

SB478 Does not apply to single-family zones

LIMITATIONS APPLIED

2-UNIT DEVS. AND LOT SPLITS

- Agencies **MUST** only impose objective⁸ zoning standards, subdivision standards, and design standards (they may impose a local ordinance to set these standards)
 - These standards **MUST** not preclude 2 units of at least 800ft²
- Projects must follow local yard, height, lot coverage, and other development standards, EXCEPT:
 - A local agency **MAY NOT** require rear or side setbacks of more than 4 feet, and cannot require any setback if utilizing an existing structure or rebuilding a same-dimensional structure in the same location as an existing structure
 - Project **MAY** be denied if a building official makes a written finding of specific, adverse impacts on public health or safety based on inconsistency with objective standards, with no feasible method to mitigate or avoid impact
- Agency **MAY** require 1 parking space/unit, unless the project is:
 - Within 1/2 mile of "high-quality transit corridor" or "major transit stop"⁹
 - Within 1 block of a carshare vehicle
- Agency **MUST** require that units created by SB 9 are not used for short-term rental (up to 30 days)
- Agency **MUST** allow proposed adjacent or connected structures as long as they comply with building codes and are "sufficient to allow separate conveyance"
- HOAs **MAY** restrict use of SB 9

2-UNIT DEVS

- Without a lot split, agency **CANNOT** use SB 9 to limit ADUs/JADUs *e.g., lot can have 2 primary units+1 ADU+1 JADU*
- Agency **MUST** include # of SB 9 units in annual progress report
- For properties with on-site wastewater treatment, agency **MAY** require a percolation test w/in last 5 years or recertification within last 10 years

LOT SPLITS

- Agency **MAY** approve more than 2 units on a new parcel *including ADUs, JADUs, density bonus units, duplex units*
- Project **MUST** conform to all relevant objective reqs. of Subdivision Map Act
- Agency **MAY** require easements for provision of public services and facilities
- Agency **MAY** require parcels to have access to, provide access to, or adjoin public right of way
- Project **MUST** be for residential uses only
- Applicant **MUST** sign affidavit stating they intend to live in one of the units for 3+ years¹⁰
- Agency **MUST** include number of SB 9 lot split applications in annual progress report
- Agency **CANNOT** require right-of-way dedications or off-site improvements
- Agency **CANNOT** require correction of nonconforming zoning conditions

KEY DECISIONS FOR AGENCIES TO MAKE

WHETHER TO REQUIRE:

- 1 parking space per unit
- 2-UNITS Septic tank percolation tests
- 2-UNITS Owner-occupancy
- SPLIT Public services/facilities easement
- SPLIT Right-of-way easements

WHETHER TO ALLOW:

- Creation of lots <1,200ft²
- SPLIT >2 units/new lot

DEFINE:

- Objective zoning/subdivision/design review standards
- "Acting in concert with owner"
- "Sufficient for separate conveyance"

CREATE:

- Application forms and checklists
- Recording of deed restrictions for short-term rentals and future lot splits
- Owner-occupancy affidavit

¹ Defined by the Census Bureau

² See Section 65913.4(a)(6) Exclusions for full details and definitions

³ Lot can split, then new units added to the lot w/o the Ellis-affected building

⁴ Each lot can be smaller than required minimum lot size

⁵ This number can be lowered by local ordinance

⁶ If min. size is 1,200ft², this requires a 2,400ft² lot, or 3,000ft² if a 60/40 split

⁷ This does not apply to previous lot splits taken under usual Map Act procedures

⁸ "Objective" as defined by the Housing Accountability Act

⁹ See Sections 21155 and 21064.3 of the Public Resources Code for definitions

¹⁰ Unless the applicant is a land trust or qualified non-profit
