RECOMMENDATION

Adopt the Resolution adopting the Operating and Capital Improvement Budgets for Fiscal Year July 1, 2023, through June 30, 2024, and Providing for the Appropriation of Expenditures in Said Budgets and Repealing All Resolutions in Conflict Herewith

DISCUSSION

On May 19th, the Council conducted a budget workshop to discuss the draft FY23-24 Operating and Capital Improvement budget. On June 7th, the Council conducted the public hearing for the budget.

The attached Adopted FY23-24 Operating and Capital Budget reflects the revisions made by the Council at its May 19th budget workshop and June 7th public hearing. The budget message provides a summary of the Council's direction received at the budget workshop.

The overall Town budget is approximately \$19.21 million:

- \$13.79M for General Fund operations
- \$1.27M for debt service and other special funds
- \$4.12M for capital improvement projects

The budget shows that the projected reserve at the end of FY 22/23 will be 45.8%.

For FY 23-24 the proposed budget anticipates reserves being 26.3%, which is above the 25% reserve policy established by Council. Staff believes this represents a prudent savings while also providing much needed services. The drawdown of reserves is focused on capital improvement and the funding for ongoing services is financially sustainable.

The proposed FY 23/24 budget reflects approximately 6.6% growth in allocations overall. The budget reflects planned spending public dollars on the improvements residents and Council Members value most: the town's aging infrastructure, services to residents, and the environment.

Of particular note, several significant infrastructure projects are planned, including road repairs, bridge rehabilitations, required interior work to the Fairfax Fire Station. American Rescue Plan Act (ARPA) funds are one-time monies in the amount of \$1.8 million; that will be used for a significant eligible project: storm water handling to help prevent catastrophic flooding in downtown and at Town Hall. Modest staffing increases are projected in the Planning Department to support housing programs, and costs associated with previously negotiated staff cost of living increases are shown throughout the budget, with the largest being visible in the largest department, Fairfax police. The Town's continued commitment to Climate and the Environment is evident with a approximately \$100,000 more than the previous year for programs focused on achieving Fairfax's Climate Action Plan goals.

FISCAL IMPACT

The budget sets the resources available for Council priorities. The Adopted FY23-24 budget draws down available reserves by \$2 million, of which \$1.8 million is from the FY21-22 estimated surplus for all funds, leaving an estimated General fund reserve of 26.3%.

Town of Fairfax Adopted Operating and Capital Budgets Fiscal Year 2023-2024

July 7, 2023

Town of Fairfax Adopted Operating and Capital Budgets for Fiscal Year 2023-24

Dear Mayor and Town Council:

The Adopted FY23-24 Operating and Capital Budget reflects the revisions made by the Council at its May 19th budget workshop and Council input from the May 19th Budget hearing.

The proposed overall Town budget is approximately \$19.21M:

- \$13.79M for General Fund operations
- \$1.27M for debt service and other special funds
- \$4.12M for capital improvement projects

Overall, this budget reflects an emphasis on completing projects needed to keep the town functioning well, including capital improvement projects, clearing some deferred maintenance, and adding staff-effort to the town's highest priority policy areas. The proposed operating budget is increased marginally over last year due to programs and on-going staff needs. The proposed capital budget is reduced significantly from last year, reflecting the completion of several small projects, and the deletion of the Pavilion seismic project. Despite the decrease in capital allocation, a significant in paving projects.

The town was projected to end FY 21-22 with a 48.9% reserve. In FY 22-23, the budget anticipated ending the year with a 30.0% reserve and is actually projected to end the year with a 45.8%. For FY 23-24 the proposed budget anticipates reserves being 26.3%, which is above the 25% reserve policy established by Council. Staff believes this represents a prudent savings while also providing much needed services. The drawdown of reserves is focused on capital improvement and the funding for on-going services is financially sustainable.

At its May budget workshop, the Council discussed and considered a proposed FY 23-24 budget with a reserve of 25.6%. Please keep in mind that the reserve is calculated as a percentage of current year appropriations for the General Funds.

With regard to the American Rescue Plan Act (ARPA) funding, the Town has received approximately \$1.8 million, which are placed in Federal Stimulus (Fund 25) in the Budget. ARPA funds are not included as part of the General Fund expenses so as not to skew the Town's operating budget. As shown on the detail for Fund 25, the Town has until December 31, 2024 to obligate funds and until December 31, 2025 to spend. At the budget workshop and previous meetings, the Council discussed using the ARPA funds for a significant qualifying project that will comply with Federal contracting and reporting standards: storm water project. The concept is to use this one-time ARPA funding to provide relief from flooding for which Fairfax is famous and which has caused significant concerns for residents, damage to town hall and damage to downtown in previous storms. The Council have the opportunity to approve this storm water project in this coming year and to officially approve the use of ARPA funds for this purpose. The Town was not required to specify the use of funds prior to receiving the monies.

REVENUES

For FY23-24, overall General Fund revenues are projected to be approximately 4.0% higher than the FY22-23 budget, when you adjust for sales tax projections. Fairfax frequently compares the proposed budget to the previously adopted budget, for a more apples to apple comparison.

Pages 1A and 1B of the budget show the comparison of general fund revenues between the adopted FY22-23 budget and the proposed FY23-24 budget. Below are the highlights.

Overall *property taxes* are expected to increase by 1.7% (approx. \$90,600). Some items of note are:

- Revenues from the Marin Wildfire Prevention Authority (MWPA) reflect the local share of the tax (\$104,710) which is consistent with the prior year's budget.
- It should be noted that property tax is based on assessed value as of January 2023 and staff's calculations based on Marin County projections.

Sales taxes are projected to grow 8.98% from the FY 22-23 adopted budget (approximately \$161,300).

User taxes consist of the Town's utility user tax of 4% and TOT (i.e., Hotel tax). Fairfax is projecting to receive slightly less than the prior year (approximately -0.5% change). This can be seen by reviewing the information on page 1A.

Franchise Fees include fees the Town receives for garbage, PG&E, and cable, which are projected to decrease approximately 2.4% from last year.

Fines and licenses are projected to decrease approximately 28.0%, based on actual receipts.

Rental and Maintenance fees for Town facilities are projected to decrease by less than 1%.

Investment Earnings are expected to increase approximately 500% or more, based on current interest rates and higher Town fund balances.

Charge for Current Services are the revenues the Town receives for its services such as dispatch services for the Town of Ross and Community College of Marin, and recreation activities. These revenues reflect an increase in police dispatch services based on agreements with College of Marin and Town of Ross, and an increase in the use of Town facilities for recreation classes and partnerships.

OTHER GENERAL AND SPECIAL FUNDS

The other major funds which contribute revenues towards operating expenses include:

Building & Planning (Fund 04) - Revenues (\$625,500) are projected the same as budgeted for FY 22-23. This is a reasonable projection, as actual FY 19-20, actual FY 20-21, actual FY 21-22,

and actual FY 22-23 were all above the previously adopted conservative revenue for Building and Planning. It is very difficult to project these revenues as they are dependent on residential and commercial permit requests.

Retirement Fund (Fund 06) - Revenues are from a Pension Obligation Parcel Tax which was established in the 1960's. Property owners pay \$.091 per \$100 of assessed valuation. This revenue is to be approximately \$2.08M. These funds can only be used for retirement-related costs.

Special Police (Fund 07) - This is the annual COPS grant received from the State. The Town is projected to receive \$170,000 this year. This tracks well with the amounts received in previous years.

Measure F – Municipal Services (Fund 20) - This is the special municipal service tax of \$210/residential & commercial unit. It can be used for public safety, youth/senior programs, capital projects, and wildfire prevention activities. The estimated amount of approximately \$768,000 reflects a \$23,760 (\$5 per unit) increase from last year.

Gas Tax (Fund 21) - Gas tax revenue collected by the State is distributed to cities/towns based on population. Gas tax can be used for road maintenance/repair and capital projects. The FY23-24 budget projects over \$410,000, an approximate 3.5% increase in Gas Tax based on State projections, which primarily impacts capital projects.

Overall, the above funds combine to contribute approximately \$2.21M to cover General Fund operating expenses and capital improvements.

EXPENDITURES

General Fund operational expenses are estimated to be approximately \$833,000 higher (6.6%) than the adopted FY22-23 budget. The "Appropriations Budget Comparison Table" (Table) on page 1C shows a comparison between the adopted FY22-23 budget and the adopted FY23-24 budget by department/division.

Below is a summary of the comparison by departmental categories.

Climate and Environment Department has added programs by approximately \$114,000. The projects displayed with allocated funding are well aligned with the Climate Action Committee's (CAC) recommendations.

Development Services is the Planning and Building Services Department. Housing Element and related Planning consulting projects represent a significant expense in FY 21-22, FY 22-23, and FY 23-24. The expenses, though not every year, are routine and cyclical, based on State requirements for updates. The majority of the professional services projected is needed for the Housing Element and other studies such as rezoning using objective development and design standards (ODDS).

Public Safety consists of Police, Ross Valley Fire Department (RVFD), and Disaster Preparedness. The **P**olice budget reflects an increase (13.2%) related to the costs associated with updated labor agreements that provide Cost Of Living Adjustments (COLAs) and associated benefits costs. The Town's contribution to the Fire Department JPA will increase by approximately \$152,000 or 5.53%. The Fire budget also includes \$15,750 for annual facility maintenance costs. In the Building Improvement Budget (Fund 05-905) \$60,000 is allocated in FY 23-24 for design toward remodeling of the Fairfax station required to accommodate three people on an engine. The design costs are not included in the Town's annual contribution to the JPA.

Public Works street maintenance budget has been increased by 17.9% or \$79,300.

Recreation and Community Services reflects program costs. Please note that as of FY 22-23, this department no longer includes the shared Climate Action staff with San Anselmo (this expense was moved to Climate and Environment), nor the Communications position that was previously moved to Town Clerk and is unfilled. In FY 22-23, the Council approved a Deputy Clerk/Administrative Analyst position that is managing the Town Newsletter and providing critical support in the Clerk's office.

Parks & Facility Maintenance reflects some needed on-going maintenance, janitorial costs for cleaning of Town rental facilities 5 days/week and includes disinfecting Town facilities. One full-time position is currently vacant and will be filled in FY 23-24.

CAPITAL IMPROVEMENT PROGRAM (CIP)

The proposed FY23-24 CIP budget is an ambitious program with a significant number of road repair projects. The CIP budget is approximately \$4,118,000:

- \$1,655,000 is for road maintenance and improvement projects,
- \$1,512,406 for bridges,
- \$210,000 for sidewalk repair including the downtown area,
- \$195,231 for storm water repairs and improvements (ARPA funded),
- \$170,000 for repairs needed due to creek damage, and
- \$420,635 for facilities, parks, and trail and town facility improvements.

Special Thanks

I would like to specifically thank the Finance Department, including Finance Director Michael Vivrette, Accountants Elena Gataulina and Janet Garvin; and Town Clerk Michele Gardner and Deputy Clerk/Administrative Analyst Christine Foster for their work on this year's budget.

I greatly appreciated the Council's, community's, and staff's support for all the Town's many important services to the community.

Respectfully Submitted,

Heather Abrams Town Manager

NOTES:

Secured & Unsecured PropertyTaxes - Homes, businesses, and other taxable real and personal property are subject to levy of property taxes. The fixed statutory rate is 1% of assessed valuation. Assessed value is based on the 1975 property values with subsequent increases limited to 2% or CPI growth, whichever is less. Property tax is the biggest revenue source for the General Fund. Includes Marin Wildfire Prevention Authority (MWPA) tax of \$104,710 for local efforts.

Real Estate Transfer Tax - The city levies a \$0.55 fee for each \$1,000 value of real property transferred in the City; the County Recorder imposes these fees and remits them to the City. Estimates are based on historical experience.

Sales taxes are the General Fund's second largest revenue source. The Town's 1% Bradley Burns Sales Tax is levied on all merchandise. These funds are received directly from the State on a monthly basis. Measure D is the five year 1/2 cent sales tax passed in November, 2012 and expired April 2017. Measure C is the 10 yr renewal and increase of the add-on sales tax from 1/2 cent to 3/4 cent. Revenue estimates are based on projections from Avenu, the Town's sales tax consultant.

Franchise Fees - Garbage, Gas & Electric, Cable: The Town receives franchise fees from various public utilities and other corporations who furnish gas, electric, water, Cable TV, refuse or similar services to citizens living within town boundaries.

ORGANIZATION

The department is budgeted for 17 full time positions. 11 sworn Police Officers and 6 non-sworn employees (5 dispatchers and 1 Police Service Technician), and 7 part time employees. (1 Police Reserve, 1 Police Cadet, and 5 part time dispatchers)

The department is comprised of the following full and part time Classifications which in this fiscal year are intended to be filled as follows:

- 1 Police Chief

7 part time reserve employees

As classifications remain the same, the filling of those positions is fluid based on the needs of the organization and qualifications and capabilities of employees to fill these classifications.

The Fairfax Police Department by nature through our services to the community generates approximately \$1.8 million in revenue that is allocated to the Town General Fund and other Town Accounts.

FY 2023-24 BUDGET JUSTIFICATION

The Fairfax Police Department FY 2023-24 budget includes an increase of approximately \$500,000. Several contributing factors influence this fiscal expansion, including:

- The California Public Employees Retirement System (CalPERS) pension rates increases between 6% and 14%.
- Projected healthcare premiums increases of 7%
- Cost of living adjustments (COLA).

The <u>amended Fairfax Police Officers' Association Memorandum of Understanding</u> highlights the two year compounding COLA increases for FY 2022-23 and FY 2023-24. Although the amended MOU was adopted by the Council in October 2022, the 14% increases are reflected in the FY 2023-24 budget.

Fairfax's public safety budget aids staff in providing and delivering the services and objectives needed to continue supporting our community.

ROSS VALLEY FIRE DEPARTMENT

July 1, 1982, the Fairfax Fire Department merged with the San Anselmo Fire Department to form the Ross Valley Fire Department (RVFD), which is administered under joint powers agreement (JPA) to provide fire protection to Fairfax, San Anselmo, and the unincorporated county area known as Sleepy Hollow. Through June 30, 2010, the Department provided service to Sleepy Hollow through a contract for service with the Town of San Anselmo.

July 1, 2010, the Sleepy Hollow Fire Protection District became a full member of the joint powers agreement. With the addition of Sleepy Hollow, the percentage shares of the Fire Department budget for the three members were set at: Fairfax 30.4%, San Anselmo 52.9%, and Sleepy Hollow 16.7%.

July 1, 2012, the joint powers agreement was amended to include the Town of Ross. With the addition of the Town of Ross the percentage shares of the Fire Department budget for the four members are: Fairfax 23.30%, San Anselmo 40.53%, Ross 23.37% and Sleepy Hollow 12.80%.

ORGANIZATION

The JPA is governed by a Board of Directors consisting of eight (8) Directors, two from each agency. An Executive Officers position rotates between the Town Managers of each of the towns. The Executive Officer and the Fire Chief report directly to the Board of Directors.

The department is comprised of the following personnel:

- 1 Fire Chief (shared services model)
- 3 Battalion Chiefs
- 12 Captains
- 15 Engineers
- 1 Administrative Assistant
- 2 Fire Inspectors

Total: 34 full time employees plus volunteers

In FY18-19, the JPA contracted with Marin County Fire to provide the Fire Chief functions under contract with the JPA for a five-year term. San Anselmo currently provides the financial services to the JPA under a service agreement.

2023 - 2024 BUDGET

The Ross Valley Fire Department operating budget for FY 2023-24 is approximately \$13,537,798. The budget is primarily funded through member contributions (approx. \$12M), outside revenues in the form of contracts for service provided to County of Marin, fees for service related to plan checks and inspections, and reimbursement by Ross Valley Paramedic Authority for costs associated with paramedic services.

Overall, the Town's contribution to the JPA will increase by approximately \$143,017 or 5.19% from \$2,753,508 to \$2,896,525. The Town's contributions include the annual base contribution plus prior obligations of the JPA before Ross joined. The Fire budget also includes \$15,000 for annual facility maintenance costs. This cost is not included in the Town's annual contribution to the JPA.

ACTIVITY DESCRIPTION

The Fairfax Fire Department was merged with the San Anselmo Fire Department to form the Ross Valley Fire Authority in July 1982. The Sleepy Hollow Fire Protection District subsequently joined, as did the The Town of Ross in July, 2012. The Authority is governed by a eight person board consisting of two representatives from each area. The annual budget is formulated by the Fire Chief and the Executive Officer. Funding for the Ross Valley Fire Dept operation budget is divided between the participating agencies. Fairfax's share is approximately 23.9% of the total. Each town owns and maintains their fire stations and is responsible for budgeting equipment replacement reserves and insurance on the station houses.

2023-24 Operating Budget **715 MISCELLANEOUS** DEPT The Retirement Fund is the repository for retirement funds collected from the Pension Obligation Parcel Tax. The Pension Obligation Tax of \$.091 per \$100 of Assessed Valuation was established in the 1960's. Proceeds are transferred as needed to the General Fund to offset retirement expenses. The Town participates in the California Public Employee Retirement System (PERS) and has two plans: Safety, for sworn Police and Fire and Miscellaneous for those working over half time. To address rising pension costs, the Town adopted a second lower tier for employees hired after July 1, 2009. In 2012, The state created a third lower tier (PEPRA) for employees hired after January 1, 2013 As of FY14, Town employees contribute their full employee share of pension ranging from 6.5% to 9% of salary.

44-46 DEBT SERVICE MEASURE K

2023-24 Operating Budget

716 DEBT SERVICE

The Measure K Debt service fund exists to handle the debt payments on the Measure K General Obligation bonds issued between FY2000-2006 to fund capital improvements to community facilities, streets, and storm drains within the Town. Borrowed funds were spent from the Fund 54 Measure K capital Improvement fund. Revenues are raised property taxes designated for debt service at a rate adopted by council annually suffient to pay principal and interest on the bond issues. The 2000 series bonds were refinanced in 2008 which provided \$158,050 of additional project funds. The 2002 series bonds were refunded in 2012 which provided \$193,726 of additional capital for Measure K street purposes. The Town refunded the 2006 issue in May, 2016 reducing debt service (interest) costs to ratepayers (See Fund 46). The rate charged to ratepayers was .025 per \$100 of Assessed valuation (AV) in FY22-23. The rate in FY23-24 will be.0225 per \$100 of AV.

48 LEASE AGREEMENT

2023-24 Operating Budget

716 DEBT SERVICE

On January 18, 2017, the Town entered into a lease financing agreement with Capital One Public Funding, LLC to refinance a significant portion of its Unfunded Accrued Liability (UAL) owed to CalPERS for Miscellaneous and Safety pensions. The Lease was in the amount of \$3,860,000 which covered payoff in full of the Town's Retirement Side Funds and Pre-2013 UAL for both Miscellaneous and Safety employees. The lease was refinanced September 29, 2020 with the existing lease holder, which waived all prepayment provisions and agreed to add \$6,460,955 of additional UAL to lease debt increasing the issue to \$9,402,000. The refinanced UAL included the balances of the three highest PERS tiers, Public Safety Tiers 1&2, and Miscellaneous Employees Tier 1 at June 30, 2021. The "Taxable Lease Revenue Bond, Series 2020" holds an all-in interest cost of 3.66% resulting in an estimated total cash flow savings of \$4,280,615 and maturing on August 1,2036. By comparison, the refinanced lease issue had an interest rate of 5.4% and the UAL with CalPERS was 7.0%. The issue began paying semi-annual principal and interest payments on February 1, 2021 and will continue 15 years to 7/15/36.

MEASURE A WORKPLAN

MEASURE A – PARKS is detailed in Fund 23 (on page 68)

DESCRIPTION:

Measure A is the one-quarter of one-percent sales tax originally approved by County voters in 2012 and approved again in June, 2022. As a condition of receiving the funds, the Town must submit a work plan to the County of Marin detailing the proposed uses of the funds.

Fairfax's Measure A Advisory Committee (Committee) meets annually to recommend allocations for the upcoming year. For FY23-24, the County estimates Fairfax will receive approximately \$70,873 in Measure A sales tax revenue in addition to the carryforward balance of \$179,354.

The Measure A Advisory Committee met in April 2023 to discuss the allocation of funds. Below is the Measure A Parks budget for FY23-24.

<u>Column A</u> ("Est. Expenditures") reflects the estimated year end expenditures for a project. <u>Column B</u> ("Carry-Over") represents the funding allocated to a project in a previous year(s), but not spent in FY22-23. The County requires the Town to reallocate carryover funds each year. <u>Column C</u> ("Proposed Allocation FY23-24") includes the continuation or increase in allocation of two items also allocated in FY22-23

<u>Column D</u> ("Proposed Recommended Allocation w/Carryover") includes the new allocation for funding for FY23-24 plus any carryover funding from previous years.

PAVEMENT MANAGEMENT PLAN

The Pavement Management Program (PMP) is a strategy designed to assist the Town with the maintenance and rehabilitation of its roads. The PMP focuses on maintenance treatments to extend the life cycle of roads. The PMP is developed based on a software system designed to take into account the overall condition of the Town's road network and annual street capital budget. The PMP recommends the most cost-effective approach for the Town to undertake to maintain its roads.

The following list identifies the road sections and maintenance treatment for the Town to undertake based on a budget of \$1,000,000 which also includes design costs. The list is intended to be guide for staff as field conditions may dedicate revisions to the type of road treatment (e.g., slurry seal, asphalt overlays) and which portions of the road to repair. The Town will be trying an asphalt rubber product which has a higher rubber content and may allow us to treat more roads for the same costs as rubberized asphalt.

For FY 2023-24 Roads planned for Pavement restoration and repair currently include

- Scenic Road between Azalea and Manor
- Claus Drive between Sir Francis Drake and Burdette
- Porteous Ave between Bolinas Road and Wood Lane

Pavement Maintenance Projects (minor work to extend life) include:

- Rocca Drive Crack Sealing
- Broadway Crack Sealing
- Ridge Road Patch Paving
- Bolinas Road Crack Sealing

Staff is currently working on an extended Five-Year Plan for Streets and Road Repair with overall goal of improving Pavement Condition Index for Town of Fairfax.
