# The 2020 Census is for our family.

Stretching across the United States, we are one family. Your voice matters, and your community matters.

Every 10 years, the United States counts everyone living in the country. Our community is depending on your participation, including our keiki and kupuna. Census data informs decisions about critical funding to help our families flourish. That includes funding for things like:

- › Supplemental Nutrition Assistance Program (SNAP)
- › Health clinics
- › Special education
- › Housing assistance
- › Public transportation
- › Water and waste disposal systems for communities

Beginning in mid-March 2020, every household in the United States will receive a notice to complete the census online, by phone, or by mail. The form asks a handful of basic questions. From May - July 2020, census takers from your community will visit households that have not yet responded, and they can assist you in completing your form. Your personal information is confidential, is protected by law, and can never be used to identify you.

# As Pacific Islanders...

... living in the United States, we have the right to be counted in the 2020 Census.

The U.S. census is a population count that happens every 10 years. Everyone in your home should be counted, including newborn babies and children of all ages.

The census informs how billions of dollars in public funding are spent each year.

Your responses to the census are confidential. You can respond online, by phone, or by mail.

Shape our future. Start by responding to the 2020 Census.
