## **2021 Audit Corrective Action Plan Franklin Township**

### **Finding 2021-01**

#### **Segregation of Duties:**

The Township does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Township are responsible for the issuance of permits and licenses; collections of taxes and permit and license fees; and recording of collections. Also, the reconciliation of bank accounts, the preparation of general ledger for the various funds, as well as certain payroll duties are performed by one person, the Chief Financial Officer. This is due, in part, to the limited number of personnel of the Township and the decentralized nature of governmental collection procedures. Accordingly, management and the Township Committee should be aware of this situation and realize that concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. It is recommended that consideration be given to providing for a more adequate segregation of duties with respect to the recording and treasury functions.

#### **Corrective Action:**

The finding was evaluated, however, due to budgetary constraints; no resolution can be made at this time. But, the Township has instituted new policies to segregate the duties to increase internal control. The Chief Financial Officer shall prepare the vouchers and ledger, but the Assistant Finance Officer shall be responsible for the execution of the prepared checks.

Payroll shall be prepared by the Chief Financial Officer. Thus, the Township has severely limited by the limited number of personnel, but we have created policies to strengthen internal controls.
