

# RELATED GENERAL PLAN POLICIES

Each policy in the City of Santa Ana General Plan is listed under the most related Goal and Element. Some policies, however, also reinforce other goals housed in different Elements.

To provide a more complete picture of all of the policies that support the goals of this Element, Table HE-1 lists each Housing goal in the far left column

and, in columns to the right, identifies related policy numbers from other Elements.

Goal HE-2, for example, is supported not only by the policies listed in this Element (HE-2.1 through HE-2.8), but also by Policy EP-3.4 in the Economic Prosperity Element (EP), two policies identified in the Conservation Element (CN), and six policies identified in the Land Use Element (LU).
