**ACT 537 SEPTIC SYSTEM
 REQUEST FOR EXCUSAL OR WAIVER**

Date: 3/28/25

Name: Tara & David Byers

Property Address: 1155 Tower Road York PA 17406

Mailin: [Redacted]

Phone n: [Redacted]

E-mail: [Redacted]

Tax number: _____ Parcel number: 31000LJ0039B0

I am hereby requesting excusal from the onlot system pumping/inspection requirement under the municipality's sewage management program. I am willing to attend the Board of Supervisor meeting to answer any questions the Board may have on my property. The reason for this request for an excusal or a waiver is as follows (check the most appropriate reason):

I already had my onlot sewage system pumped and inspected within 2 years of my District's cycle. Proof of compliance (canceled check, receipt, or report) is attached. In making this request, I understand that I will have to comply with the next pumping/inspection cycle for my sewage management district.

I own vacant land containing no buildings or onlot sewage systems.

My property contains an abandoned house and an onlot sewage system that is no longer in use. I am planning to properly abandon the system, including the treatment tank(s), on this property within the next year and will provide proof to the municipality once this has been completed.

Other: We inherited this property from Robert Ness who vacated the house on this property in 2019, moving into the trailer on 1127 Tower Road. In 2022, Stephanie Bentley, who was caregiving for her uncle requested and was granted a waiver for the septic. See attached waiver. The house remains unoccupied and as described in the waiver.

By signing this request, I attest that the information I have provided is accurate and true.
