**ACT 537 SEPTIC SYSTEM  
REQUEST FOR EXCUSAL OR WAIVER**

Date: 11/1/23

Name: Talant S. + Friedl E.

Address: 301 Ducktown Rd  
York PA 17406

Phone number: 7175424400

E-mail: talant5@yahoo.com

Tax number: \_\_\_\_\_ Parcel number: KK-82A

I am hereby requesting excusal from the onlot system pumping/inspection requirement under the municipality's sewage management program. I am willing to attend the Board of Supervisor meeting to answer any questions the Board may have on my property. The reason for this request for an excusal or a waiver is as follows (check the most appropriate reason):

\_\_\_ I already had my onlot sewage system pumped and inspected within the past year. Proof of compliance (canceled check, receipt, or report) is attached. In making this request, I understand that I will have to comply with the next pumping/inspection cycle for my sewage management district.

\_\_\_ I own vacant land containing no buildings or onlot sewage systems.

\_\_\_ My property contains an abandoned house and an onlot sewage system that is no longer in use. I am planning to properly abandon the system, including the treatment tank(s), on this property within the next year and will provide proof to the municipality once this has been completed.

\_\_\_ Other: no one to live in the house

By signing this request, I attest that the information I have provided is accurate and true.
