This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CARE

Your Primary Care Provider (PCP)
When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**; consult Find a Doctor at **bluecrossma.com/findadoctor**; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals
Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Deductible
Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **$1,000** per member (or **$2,000** per family).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **$7,350** per member (or **$14,700** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you're admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Service Area
The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area
If you're traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see https://www.holyoke.org/personnel-benefits-and-insurance/. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at bluecrossma.org/sbcglossary or call **1-800-486-1136** to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$1,000 member / $2,000 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, prenatal care, durable medical equipment, emergency room, prescription drugs, imaging, certain diagnostic tests, most office visits, mental health services, therapy visits, emergency transportation, home health care, and hospice services.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$7,350 member / $14,700 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see https://www.holyoke.org/personnel-benefits-and-insurance/. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at bluecrossma.org/sbcglossary or call **1-800-486-1136** to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$2,000 member / $4,000 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, prenatal care, durable medical equipment, emergency room, prescription drugs, imaging, certain diagnostic tests, most office visits, mental health services, therapy visits, emergency transportation, home health care, and hospice services.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$7,350 member / $14,700 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

YOUR CHOICE

Your Deductible
Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **$2,000** per member (or **$4,000** per family) for in-network and out-of-network services combined.

When You Choose Preferred Providers
You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your "in-network" benefits. See the charts for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you use is not a preferred provider, you're still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

How to Find a Preferred Provider
To find a preferred provider:

- Look up a provider on Find a Doctor at bluecrossma.com/findadoctor. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**

When You Choose Non-Preferred Providers
You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your "out-of-network" benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider's actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximums for medical and prescription drug benefits are **$7,350** per member (or **$14,700** per family) for in-network services and **$9,000** per member (or **$18,000** per family) for out-of-network services.

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for in-network or out-of-network emergency room services. The copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements
Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don't get pre-approval when it's required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see https://www.holyoke.org/personnel-benefits-and-insurance/. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$2,000 member / $4,000 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network preventive and prenatal care, durable medical equipment, imaging, certain diagnostic tests, hospice services, most office visits, mental health visits, therapy visits, prescription drugs; emergency room.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$7,350 member / $14,700 family in-network; $9,000 member / $18,000 family out-of-network.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

$1,000 Lifetime Benefit Maximum

WELCOME TO DENTAL BLUE,

A COMPREHENSIVE DENTAL PLAN PROVIDING BROAD NETWORK ACCESS TO MEET YOUR DENTAL CARE NEEDS.

Your Dentist
Dental Blue offers an extensive network of dentists. Over 90 percent of dentists in Massachusetts and Rhode Island participate with Blue Cross Blue Shield of Massachusetts. Dental Blue members also have access to participating dentists nationwide.

If you would like help choosing a dentist, or already have a dentist and want to know if they participate with your plan, you can call the dentist, look at the current dental provider directory, or call Member Service at the toll-free phone number shown on your Dental Blue ID card. You can also access the online dental provider directory at **bluecrossma.org**.

Your Benefits
The dental benefits your plan covers are subject to the calendar-year deductible and coinsurance (if applicable), and benefit maximum amounts shown in the chart. The calendar year begins on January 1 and ends on December 31 of each year. The chart also shows the percentage of costs your plan will pay for covered dental services. Many of the covered services have specific time or age limits.

Pre-Treatment Estimates
If your dentist expects that your dental treatment will involve covered services that will cost more than $250, Blue Cross Blue Shield recommends that your dentist send a copy of the "treatment plan" to Blue Cross Blue Shield before services are provided. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charge for each service. Once the treatment plan is reviewed, you and your dentist will be notified of the benefits available.

Remember, the payment estimate is based on your eligibility status and the amount of your calendar-year or lifetime benefit maximum at the time the estimate is received and reviewed. (The actual payment may differ if your available calendar-year or lifetime benefit maximum or eligibility status has changed.)

Multi-Stage Procedures
Your dental plan provides benefits for multi-stage procedures (procedures that require more than one visit, such as crowns, dentures and root canals) as long as you are enrolled in the plan on the date that the multi-stage procedure is completed. A participating dentist will send a claim for a multi-stage procedure to Blue Cross Blue Shield only after the completion date of the procedure. You will be responsible for all charges for multi-stage procedures if your plan has been cancelled before the completion date of the procedure.

How Dentists Are Paid - Participating Dentists
Dentists that participate with Blue Cross Blue Shield of Massachusetts, Blue Cross Blue Shield of Rhode Island, or participating out-of-area dentists accept the lesser of either the dentist's actual charge or the allowed charge as payment in full for covered services. You pay only your deductible and coinsurance (if applicable), and any allowed charges beyond your calendar-year or lifetime benefit maximum.

In Massachusetts, benefits are usually only provided when covered services are received from a participating dentist. The exceptions are described in your plan description.

How Dentists Are Paid – Non-participating Dentists Outside of Massachusetts
Benefits for covered services by a non-participating dentist outside of Massachusetts are provided based on the dentist's actual charge or the allowed charge, whichever is less. The allowed charge is based on a schedule of charges. You may be responsible for any difference between the dentist's actual charge or the allowed charge, whichever is less. You are also responsible for your deductible and coinsurance (if applicable), and charges beyond your calendar-year benefit maximum.

How Orthodontic Benefits Are Paid
Your plan includes orthodontic coverage. The lifetime benefit maximum is not part of your calendar-year benefit maximum; it applies only to orthodontic services. You are responsible for your coinsurance and any charges beyond your lifetime benefit maximum. Benefits are available on your effective date. If your orthodontic treatment began before you were covered under Dental Blue, a monthly fee will be paid for your remaining orthodontic visits until either your treatment is completed or the lifetime benefit maximum is exhausted, whichever comes first.

When Coverage Begins
You are covered, without a waiting period, from the date you enroll in the plan.

Dependent and Student Benefits
This plan covers your unmarried dependent children until age 19, or full-time students until age 25. Student coverage ends when the student turns 25, or marries, or on November 1 following the date the student discontinues full-time classes or graduates, whichever comes first. A disabled child over age 19 may qualify for continued coverage under a family membership. Notify the plan sponsor before the child's 19th birthday.

Accumulated Maximum Rollover Benefits
This dental plan includes an Accumulated Maximum Rollover Benefit. This rollover benefit allows you to roll over a certain dollar amount of your unused annual dental benefits for use in the future. There are limits and restrictions on this benefit. Refer to the Accumulated Dental Maximum Rollover brochure for further information.

Enhanced Dental Benefits
Enhanced Dental Benefits for certain dental care services are available for members who have been diagnosed with qualifying conditions. To learn more about specific conditions included in this benefit, review your plan description (and riders, if any) on MyBlue at **bluecrossma.org**.

If You Have to File a Claim
Participating dentists will send claims directly to Blue Cross Blue Shield. All you have to do is show them your Dental Blue ID card. The payment will be sent directly to your dentist as long as the claims are received within one year of the completed service.

If you receive care from a non-participating dentist, you will typically need to submit the claim yourself. Before submitting your claim, get an Attending Dentist's Statement form from Member Service.

After your dentist fills out the form, send it and your original itemized bills to Blue Cross Blue Shield of Massachusetts, P. O. Box 986030, Boston, MA 02298. All member-submitted claims must be submitted within two years of the date of service.

If you have a grievance, see your plan description for instructions on how to file a grievance.

Other Information
Coordination of benefits applies to plan members who are covered by another plan for health care expenses. Coordination of benefits ensures that payments from other insurance or health care plans do not exceed the total charges billed for covered services.

Your plan description has a subrogation clause, which means that Blue Cross Blue Shield can recover payments if a member has already been paid for the same claim by a third party.

DENTAL BLUE® ACCUMULATED MAXIMUM ROLLOVER

At Blue Cross Blue Shield of Massachusetts, we know that oral health is a critical part of overall health. That's why we offer a dental benefit that will allow you to roll over a portion of your unused dental benefits from year to year.

HOW MAXIMUM ROLLOVER WORKS

Beginning 60 days after the last day of your benefit period, your rollover amount will be added to your maximum benefit amount, increasing it for you to use that year and beyond (see below for amounts and maximums).

There is no cost to you. You don't need to do anything. To figure out the amount of benefit dollars that are eligible to roll over, just use the chart below. Start by searching for your benefit period maximum in the first column. If Blue Cross doesn't pay out more claims dollars on your behalf than the amount in the second column, your benefit maximum for the next year will increase by the amount in the third column.

And, your rollover amount keeps growing and is available for you to use as long as your employer offers this rollover benefit.* The last column will show you the total amount of additional benefit dollars you can earn. It's one more way we're working to improve health care for all our members.

You can accumulate benefit dollars to help offset higher out-of-pocket costs for complex procedures. This benefit applies to you automatically if:

- You receive at least one service during the benefit period
- You remain a member of the plan throughout the benefit period
- You don't exceed the claim payment threshold in the benefit period

If your dental plan's annual maximum benefit amount is:	And if your total claims don't exceed this amount for the benefit period:*	We'll roll over this amount for you to use next year and beyond:*	However, rollover totals will be capped at this amount:*
$500–$749	$200	$150	$500
$750–$999	$300	$200	$500
$1,000–$1,249	$500	$350	$1,000
$1,250–$1,499	$600	$450	$1,250
$1,500–$1,999	$700	$500	$1,250
$2,000–$2,499	$800	$600	$1,500
$2,500–$2,999	$900	$700	$1,500
$3,000 or more	$1,000	$750	$1,500

*This is not a flexible spending account (FSA). The amount reflects your benefit maximum for a given year.

DENTAL BLUE®
GOOD ORAL HEALTH LEADS TO BETTER OVERALL HEALTH

The connection is clear: Patients who take care of their teeth and visit a dentist regularly tend to be in better overall health. For example, the treatment of periodontal disease may help control blood sugar levels in diabetics; cut the risk of delivering a preterm, low-birthweight baby; and limit the severity of heart disease.[1]

HOW HEALTHY IS YOUR MOUTH?

Answer this questionnaire to find out.		
1. Do you brush your teeth less than once per day and floss less than several times per week?	Yes	No
2. Do your gums bleed when you brush your teeth?	Yes	No
3. Has it been longer than a year since your last dental visit?	Yes	No
4. Are you diabetic?	Yes	No
5. Have you had more than two fillings placed in the past two years?	Yes	No
6. Do you prefer eating sweets to eating fruits and vegetables?	Yes	No
7. Do you take medications that may cause a dry mouth?	Yes	No
8. Do you smoke and/or have more than two alcoholic drinks per day?	Yes	No

A higher number of "Yes" answers to these questions may mean you're at greater risk of developing oral health problems, which can impact your overall health and make controlling certain conditions more difficult.

Schedule Your Regular Dental Checkup

You can search for in-network dentists using our Find a Doctor tool at **bluecrossma.com/findadoctor**.

WHY IT'S IMPORTANT

The questions on page 1 call attention to important habits that can keep your mouth healthy, and identify risk factors that can lead to poor oral health. Following these habits and recognizing the warning signs can help you stay healthy.

HOW ORAL HEALTH AFFECTS CERTAIN CONDITIONS

Your oral health can affect health conditions, such as:

- **Heart Disease—**Researchers have linked increased bacteria in oral plaque to the increase of the same bacteria in arteries leading to the heart.[1]
- **Diabetes—**People with diabetes, especially when it's uncontrolled, are more likely to have periodontal disease than those without the condition, and periodontal disease can increase blood sugar.[2]
- **Pregnancy—**Pregnant women with periodontal disease are more likely to give birth to premature babies.[3]

HOW DENTAL BLUE HELPS

Our Dental Blue plans give you the tools, resources, and comprehensive coverage to help keep your mouth healthy. As a member, you enjoy:

- Preventive visits to the dentist at no cost to you*
- Access to one of the largest dental networks nationwide
- Enhanced Dental Benefits

*Check your plan benefits for details.

HEALTHY HABITS

Following these habits can improve your oral health and reduce your risk of periodontal disease, tooth decay, and oral cancer:

- Brush your teeth twice per day and floss daily.
- Visit the dentist regularly.
- Eat a well-balanced diet.
- Avoid smoking and having more than two alcoholic drinks per day.

RISK FACTORS

Being aware of these risk factors can help you prevent or manage an oral health problem:

- Bleeding gums
- Diabetes
- Frequent fillings or crowns
- Taking medications that reduce saliva

ENHANCED DENTAL BENEFITS

DENTAL BLUE® ACCUMULATED MAXIMUM ROLLOVER

At Blue Cross Blue Shield of Massachusetts, we know that oral health is a critical part of overall health. That's why we offer a dental benefit that will allow you to roll over a portion of your unused dental benefits from year to year.

HOW MAXIMUM ROLLOVER WORKS

Beginning 60 days after the last day of your benefit period, your rollover amount will be added to your maximum benefit amount, increasing it for you to use that year and beyond (see below for amounts and maximums).

There is no cost to you. You don't need to do anything. To figure out the amount of benefit dollars that are eligible to roll over, just use the chart below. Start by searching for your benefit period maximum in the first column. If Blue Cross doesn't pay out more claims dollars on your behalf than the amount in the second column, your benefit maximum for the next year will increase by the amount in the third column.

And, your rollover amount keeps growing and is available for you to use as long as your employer offers this rollover benefit.* The last column will show you the total amount of additional benefit dollars you can earn. It's one more way we're working to improve health care for all our members.

You can accumulate benefit dollars to help offset higher out-of-pocket costs for complex procedures. This benefit applies to you automatically if:

- You receive at least one service during the benefit period
- You remain a member of the plan throughout the benefit period
- You don't exceed the claim payment threshold in the benefit period

If your dental plan's annual maximum benefit amount is:	And if your total claims don't exceed this amount for the benefit period:*	We'll roll over this amount for you to use next year and beyond:*	However, rollover totals will be capped at this amount:*
$500–$749	$200	$150	$500
$750–$999	$300	$200	$500
$1,000–$1,249	$500	$350	$1,000
$1,250–$1,499	$600	$450	$1,250
$1,500–$1,999	$700	$500	$1,250
$2,000–$2,499	$800	$600	$1,500
$2,500–$2,999	$900	$700	$1,500
$3,000 or more	$1,000	$750	$1,500

*This is not a flexible spending account (FSA). The amount reflects your benefit maximum for a given year.
