

Mill Town Agriculture, 1 Cabot Street, Holyoke, MA, 01040  
Annual Report January 2021

To whom it may concern,

Mill Town Agriculture is, as of October 2021, a fully licensed Marijuana Cultivator. In the days following our license approval we began the process of moving plants into the facility, and now as we await their harvest, we are dutifully concerning ourselves with all the other facets of running the company and planning for its future in Holyoke.

The work done to transform the facility would not have been possible without the assistance of some of Holyoke's finest professionals from numerous trades. Wherever possible we have hired local, and will continue to do so, in accordance with our fledgling employment policies. Our most recent employees are two Holyoke residents to bring our number of employees to eight, and we look forward to welcoming more neighbors into our organization. Our burgeoning community outreach continued this year with a donation to the Christmas Dinner organized by OneHolyoke, with whom we are establishing further avenues for cooperation. We will continue to seek local partners with whom we can engage in a spirit of positivity and progress.

We have been witness to, and grateful for, the proficiency shown by both the Holyoke Fire Department and the Holyoke Police Department as we navigated the process toward full licensure, and since as we have sought to wrangle the vagaries of the technology involved in securing such a facility. We look forward to being able to count on their professionalism as we grow.

Our host contribution fee will be zero this year as we are yet to begin generating revenue. Similarly, we are yet to have completed a full seed-to-sale cycle and therefore have no records to submit.

If there is any additional information you should require please contact our current Compliance Director Simon Ransom Joyce ([simon@aggalt.com](mailto:simon@aggalt.com) tel:413-512-3986) and he can assist in whatever way possible.
