See MSBA Modules Visual below.

Module 1: Eligibility

Module 2: Project Team (procure the services of the Owner's Project Manager and Designer)

Module 3: Feasibility (document the educational program & existing conditions, generate an initial space summary, establish design parameters, evaluate alternatives, and recommend the most cost effective and educationally appropriate preferred solution / submit two reports: a Preliminary Design Program and a Preferred Schematic Report)

Module 4: Schematic Design (develop a final design program and robust schematic design of sufficient detail to establish the scope, budget and schedule for the Proposed Project)

Module 5: Project Scope and Budget and Project Funding Agreements (establish the project scope, budget, schedule, and MSBA financial participation / after approval by MSBA, enter into a Project Funding Agreement)

Module 6: Design Development, Construction Documentation, and Bidding (advance the design, generate construction documentation, procure bids and award a construction contract in accordance with the aProject Funding Agreement)

Module 7: Construction Administration (MSBA continues to monitor progress of the project to confirm that it remains on track and meets the expectation of both the District and the MSBA as defined in the Project Funding Agreement)

Module 8: Project Closeout (MSBA performs final audit to determine final total grant amounts and make final payment)
