STATEMENT OF INTENT/SUPPORT FOR SIGN ORDINANCE VARIANCE

On August 7, 2018, Atlas Sign Industries, Inc. ("Atlas"), through a subcontractor, Budget Signs, filed an application for a sign permit with the City of Jackson Signs and License Division for the CVS store located at 914 North State Street (the "Subject Property"). That application was disapproved by the Signs and License Division on August 10, 2018 reciting that only 15 sq. ft. of building wall signage is allowed in a Community Mixed Use-1 ("CMU-1") zoning district along with a monument ground sign no larger than 15 sq. ft. and not exceeding a height of 6 feet. (See Exhibit I) Please note that the Subject Property is zoned Neighborhood Mixed Use - 2 ("NMU-2") but that the sign ordinance allows the same signage for CMU-1 and NMU-1.

The existing signage at the CVS building consists of:

1. A pole pylon sign on the Subject Property's North State Street frontage that is 32 ft. high and has 2 boxed cabinets. The existing upper cabinet has a sign face of 158.66 sq. ft. (total - both sides).

The existing lower cabinet has a sign face of 30.20 sq. ft. (total - both sides). Both cabinets are internally illuminated.
2. The front elevation of the CVS store facing North State Street presently has 2 signs on it. The existing Northern "Photo Center" sign is 15 sq. ft. The existing Southern "CVS/pharmacy" sign is 167.71 sq. ft. counting the entire boxed cabinet background. These signs are both internally illuminated.
3. The side elevation of the CVS store facing Boyd Street presently has a "stacked text" "CVS pharmacy" sign on it that encompasses 128.41 sq. ft. counting the entire boxed cabinet background. It is also internally illuminated.
4. The rear receiving entrance door has a 24" x 18" aluminum panel placard sign screwed to it. The area of this sign is 3 sq. ft. This placard sign is not internally illuminated.

The proposed signage at the CVS building consists of:

1. The existing lower cabinet is proposed to be removed and not replaced and the upper cabinet is proposed to be refaced showing the CVS pharmacy heart logo as depicted on page 1 of Exhibit "G". The faces of the cabinet are proposed to remain the same size as the existing upper cabinet and the pole is proposed to remain the same 32 feet. The pole for the pylon sign on the Subject Property's North State Street frontage will be sanded, ground and repainted.
2. The signage on the North State Street elevation of the CVS store is proposed to only feature one sign, replacing the existing Southern "CVS/Pharmacy" sign. The new sign will not be boxed as the existing sign is, so the wall area occupied by the sign will only be 101.96 sq. ft. as opposed to the 167.71 sq. ft. of the existing boxed sign. The 15 sq. ft. Northern "Photo Center" sign will be removed entirely.
3. The signage on the Boyd Street elevation of the CVS store is proposed to be replaced. The existing 128.41 sq. ft. stacked sign is proposed to be replaced with a linear "CVS Pharmacy" heart logo sign which will not be boxed as the existing sign is. The wall area occupied by the sign will only be 101.96 sq. ft. as opposed to the 128.41 sq. ft. existing boxed sign.
4. The rear receiving entrance door sign will be replaced with a new aluminum 3 sq. ft. placard sign that is not internally illuminated.

See Exhibit "G" attached to this application for pictures of both the existing and proposed signs.

Public Health and General Welfare of the Community

Signage is used by all of us, as well as visitors to our city, to find businesses we desire to investigate or patronize.

The worn old signage will be replaced with modern, visually beneficial signage, all of which contributes to the welcoming and well-kept appearance of the Subject Property and the general welfare of the community. In addition, the building is to be painted in its entirety giving it a well maintained, clean and healthy appearance.

All of the illuminated signs will be LED lighted for greater energy efficiency, longer illumination life and less heat generation, all of which are much more ecologically friendly than

RECEIVED

JUL 16 2013

the existing neon light sources.

In addition, the Subject Property essentially has no place for landscaping except for the existing tree and lower landscaping located on the North State Street frontage immediately South of the pylon sign, so clearing out the plantings at that location will defeat the zoning ordinance's requirements for landscaping on commercial sites. This requirement exists for City beautification and ecological benefits (run off and rainfall absorption reasons and to ameliorate carbon emissions through the carbon dioxide/oxygen exchange of plants).

Public Safety

The pylon or pole ground sign is essential to the signage of the Subject Property for several reasons. First, to a driver headed South on North State Street, the CVS building is virtually invisible due to the deeper set back and lower topography of the building compared to the building immediately North of the CVS building. Consequently, the pole sign is useful for drivers to timely locate the store and to avoid abrupt and dangerous left turns into the Subject Property.

Conversely, a driver heading North along North State Street would not be able to see a ground sign on the North State Street frontage of the Subject Property unless that tree and other landscaping is eliminated. Without the ability to see that pylon sign to locate the CVS store, the driver would have to turn his eyes significantly to the right, off the roadway, to see the wall signage, constituting a driving danger. These considerations were taken into account by the City's Site Plan Review Committee and approved when the store was originally built. Therefore, a variance from the pylon height restriction of the Jackson sign ordinance is essential in the interest of public safety, as well as commercial feasibility.

Literal Interpretation Deprives Applicant of Rights Commonly Enjoyed By Others/Special Conditions Not result of Application Actions

Ordinance and Use History

Throughout the city, commercially zoned retail properties are allowed significant wall signage to identify their businesses. In the existing sign ordinance, C-2 zoned property is allowed wall signage of 15% of each building wall area and one ground/monument sign per street frontage not to exceed 35 ft. in height and 100 sq. ft. per sign face. The Subject Property was rezoned in 1977 from R-5 to C-2. Most of the properties in the 800 block of North State Street were also zoned C-2 before 2005. Then, in March of 2005, as a part of a comprehensive area wide rezoning (which wholly changed the design and character of the City zoning ordinance from a wholly suburban oriented ordinance to a more modern, more urban ordinance introducing mixed use classifications like NMU-1 and CMU-1) all of the properties fronting North State Street from Boyd Street to Fortification Street were rezoned to NMU-1 or CMU-1 for which the sign ordinance only allows wall signs of 15 sq. ft. and a monument sign no taller than 6 ft. and only 15 sq. ft. This is a drastic change in the signage allowed on the 900 block North State Street without any accompanying change in the limited commercial use or character of that block. As a consequence, the sign ordinance doesn't appropriately coordinate with the current zoning ordinance, necessitating increasing numbers of sign permit variance applications burdening the City Council.

Existing Neighborhood Property Uses

In the 800/900 block of North State Street, going from North to South on the East side of the street, there is a convenience store in the Southeast corner of the intersection of North State and Fortification Streets which has been there since 1982. Immediately South thereof is the

Picantes Mexican Grill, followed by Wing Stop wings and barbeque restaurant, followed by a converted residence which has housed various retail operations over the years which currently advertised as for rent indicating a CMU-1/C-3 zoning. Next lies the site of the former Mississippi Asthma and Allergy Clinic building which was a medical professional building from at least 1975. It is now a supplementary parking lot supplementing the scant on site parking of the Wing Stop restaurant. Immediately South thereof is the vacant former George Bell Carpets building which was converted to an experimental medical facility in the first decade of this century. South thereof is the Subject Property on the corner of Boyd and North State Streets. Across Boyd Street is Compere's Nursing Home.

Coming up the West side of the block from Boyd Street heading North is the Municipal Art Gallery, followed by the law firm of Funderburk, Sessum and Peterson, the Admiral Extended Stay and Retirement Center (formerly the Admiral Benbow hotel), followed by the Trustmark National Bank drive through facility, the Transamerica/Catchings Insurance Agency, a Regions Bank branch and Walgreen's in the Southwest corner of the intersection of North State and Fortification Streets. Of all of these properties, Walgreens and CVS are the newest, having been constructed within the last 30 years. The others have been there much longer.

Existing Neighborhood Signage

Of the properties on this block, on the East side of the North State Street, the convenience store and CVS originally had pole signs, erected while those properties were zoned C-2, that were allowed to extend up to 35 ft. in height. The convenience store's pole sign was replaced with a compliant monument sign but required a variance to be located within 10 ft. of the property line. They both, along with Wing Stop and Compere's Nursing Home, have wall signs that don't exceed the 15% of building wall space allowed under the C-2 standards of the sign

ordinance but do exceed the 15 sq. ft. the sign ordinance now allows for NMU-1 and CMU-1. On the West side of North State Street, the Admiral Extended Stay and Retirement Centers, the Regions Bank branch, the Transamerica/Catchings Insurance Agency, the Trustmark Bank drive thru facility and Walgreens all have significant monument signs, several of which exceed the CMU-1 and NMU-1 6 foot height limitation but comply with the 35 foot height restriction in the sign ordinance for the C-2 zoning category they enjoyed prior to the May 25, 2005 comprehensive area wide rezoning that reclassified these properties as NMU-1 and CMU-1. Like CVS, they also have wall signs that exceed the 15 sq. ft. allowed in the current sign ordinance for NMU-1 and CMU-1 zoning categories.

Neighbor Opinions

In discussion with the neighbors of the Subject Property, we have heard no objections to the proposed signage. We have met/spoken with the owners of: 1) Walgreens at the Southwest corner of North State and Fortification Streets; and 2) the Admiral Extended Stay and Retirement Center, 3) the Jackson Municipal Art Gallery, 4) the Trustmark National Bank drive through banking facility, 5) the Transamerica/Catchings Insurance Agency property, 6) the Regions Bank branch and 7) the law offices of Funderburg, Sessum and Peterson, all across North State Street from the Subject Property. We have also spoken with the owners/managers of the Convenience Store on the Southeast corner of North State and Fortification Streets Picante's Restaurant and Wing Stop.

Variance Requirements

Pursuant to Section 102-40 of the sign ordinance, in order to be favorably considered by the City, variance applications must demonstrate:

1. That special conditions and circumstances exist which are peculiar to the land,

RECEIVED

JUL 13 2010

structure or building involved and which are not applicable to other lands, structures or buildings in the same district.

2. That literal interpretation of the provisions of this section would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of this section.
3. That special conditions and circumstances do not result from actions of the applicant.
4. That granting the variance requested will not confer upon the applicant any special privilege that is denied by this section to other similar lands, structures or buildings in the same district.

Literal Interpretation

A literal interpretation of the provisions of the sign ordinance would deprive the applicant of rights to signage comparable to that currently enjoyed by CVS and most of the properties in the block described above because their commercial uses of their properties are compatible with the C-2 zoning permitted uses and signage authorized by the City sign ordinance. Despite the fact that, when the City amended the zoning of the 900 block of North State Street (without the request of any of the landowners), it improvidently failed to adequately modify the sign ordinance to accommodate signage traditionally associated with the commercial uses of the properties in that block.

Special Conditions and Circumstances Not Result of Applicant Actions

The special conditions and circumstances giving rise to this variance application do not result from actions by Atlas or CVS other than as a result of their desire to upgrade and modernize the appearance and efficiency of the building's signage. The change in signage allowed under the City's signage ordinance is not the result of any action by Atlas or CVS or CVS' predecessor in title. They are the result of improvident and punitive signage policies adopted by past City administrations. The Ditto administration was hostile to the concept that

RECEIVED

JUN 16 2013

signage is useful to the public and necessary to foster business success in the City.

Any policies or ordinances of the City which discourage businesses from periodically refurbishing or renovating the exterior appearance and signage of their business premises, simply encourage deferred maintenance of those properties and degrades the appearance of the business properties in the City, resulting in business discouragement and consumer disdain for those rundown appearing businesses. That encourages consumers to shop in the suburbs or online, which encourages responsible business owners to flee to the suburbs which, in turn, accelerates the erosion of the business community of the City and of the tax base and resulting revenues of the City. That creates a downward spiral of the vitality and fiscal well-being of the City. Such policies and regulations should be rooted out, reevaluated and revised to benefit, not deteriorate, the City. Pending the pertinent revision of the sign ordinance, the City Council must prudently and consistently deal with the variance applications of property owners, such as CVS, put in disadvantageous positions due to the dissonance between the terms of the zoning ordinance and the sign ordinance.

Special Conditions and Circumstances

The foregoing having been said, special conditions and circumstances exist which are peculiar to the Subject Property, its owner and Atlas. Because they desire to responsibly maintain the Subject Property and its appearance (which benefits the neighborhood and the City), due to the unreasonable restrictions of the sign ordinance, they will be put at a severe competitive disadvantage with their neighbors, particularly their principal competitor, Walgreens, which is also located in the 900 block of North State Street and which the City has previously given the benefit of a sign permit variance for its large monument sign at the corner of North State and Fortification Streets.

Special Privilege

If the City declines this application, it will deprive the applicant and owner of signage rights enjoyed by their neighbors and their principal competitor, creating conditions for the applicant and owner which are presently applicable to them but haven't been and aren't presently applicable to those same neighbors and principal competitor. Denying this variance application will essentially result in conferring on other similar lands, structures and buildings on this same block, not just in the same district, special privileges denied to the Subject Property.

However, granting this variance application will not confer on the Subject Property any special privilege that has been denied to any other similar lands, structures or buildings in this block or district.

Respectfully submitted,

CVS HEALTH, INC.

Re: Sign Permit Application

Dear Mr. Ayers:

Thank you for choosing to do business in the City of Jackson. The Signs and License Division of the City of Jackson has received and reviewed your sign permit application for CVS Pharmacy located at 914 N. State Street, Jackson, MS.

The sign permit application has been **DISAPPROVED** for the following reason(s):

Only 15 square feet of building signage is allowed in a Community Mixed Use-1 (CMU-1) zone for building signage. The ground sign must be a monument sign no larger than 15 square feet with a maximum height of 6 feet.

Correction Action: To resolve this matter the following options are available:

1. Resubmit a sign permit application that reflects building signage will not exceed 15 square feet and the ground sign will be a monument sign no larger than 15 square feet not exceeding 6 feet in height.
2. You may complete an application for a variance for submission to the City Council for review and consideration pursuant to Section 102-40 of the City of Jackson's Sign Ordinance. The variance application can be obtained from the Signs and License Division at 200 S. President Street, First Floor. The Sign Ordinance can also be found on the City of Jackson website at www.city.jackson.ms.us. The City of Jackson values your business and looks forward to assisting you in the future.

ORDER REQUESTING THE CITY COUNCIL REVIEW AND VOTE TO DENY THE SIGN VARIANCE REQUEST FOR CVS TO ERECT TWO BUILDING SIGNS TOTALING 296 SQUARE FEET AND ONE 80 SQUARE FOOT GROUND SIGN AT 32 FEET IN HEIGHT WITHIN A CMU-1 ZONE WHICH ONLY ALLOWS A TOTAL OF 15 SQUARE FEET FOR BUILDING SIGNAGE AND A 15 SQUARE FEET MONUMENT SIGN AT 6 FEET IN HEIGHT (WARD 7)

WHEREAS, the public health, safety or general welfare of the community may require that variances be granted in specific cases as set forth in City of Jackson Sign Ordinance, Sections 102-26, et seq., of the City of Jackson Code of Ordinances; and

WHEREAS, pursuant to Section 102-40, no action by the City Council may be taken concerning a variance from the sign regulations until after a public hearing in relation thereto, at which parties in interest and the general citizenry shall have an opportunity to be heard; and

WHEREAS, no variance from the Sign Ordinance shall be passed by the City Council unless and until an application seeking the variance is filed with the City's Signs and License Division, with such application containing, at a minimum, a legal description, location map, plot plan, the exact nature of the requested variance, the grounds upon which it is requested, and/or such other information as may be required by the Signs and License Division manager; and

WHEREAS, said variance application shall also demonstrate that:

1. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
2. The literal interpretation of the provisions of the Sign Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of the Sign Ordinance;
3. The special conditions and circumstances do not result from actions of the applicant; and
4. Granting the variance requested will not confer upon the applicant any special privilege that is denied by the Sign Ordinance to other similar lands, structures, or buildings in the same district; and

Item: #3
Date: 9-17-19
By: Hillman, Lumumba

WHEREAS, CVS, the applicant herein, has requested a variance from the Sign Ordinance regulations to erect two building signs totaling 296 square feet and one 80 square foot ground sign at 32 feet in height within a CMU-1 zone which only allows a total of 15 square feet for building signage and a 15 square feet monument sign at 6 feet in height.

IT IS THEREFORE, ORDERED that CVS is hereby (*denied*) a variance from the Sign Ordinance regulations to erect two building signs totaling 296 square feet and one 80 square foot ground sign at 32 feet in height within a CMU-1 zone which only allows a total of 15 square feet for building signage and a 15 square feet monument sign at 6 feet in height, it being determined that the parties in interest and the general citizenry first had their opportunity to be heard and that the applicant (*has not*) met the necessary criteria for the requested variance.

IT IS FURTHER ORDERED that the City Council has considered the variance application and denies the variance requested therein based on a finding that no special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district; the literal interpretation of the provision of the Sign Ordinance (*would not*) deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of the Sign Ordinance; the special conditions and circumstances do not result from actions of the applicant; and granting the variance requested (*will*) confer upon the applicant any special privilege that is denied by the Sign Ordinance to other similar lands, structures, or buildings in the same district.

care facilities by setting clear guidelines for activity in the immediate vicinity of the entrances to health care facilities; and

WHEREAS, the City recognizes that the exercise of a person's right to protest or counsel against certain medical procedures is a First Amendment activity that must be balanced against another person's right to obtain medical counseling and treatment in an unobstructed manner and that is free from increased health risks such as those associated with shouting or other amplified sound; and

WHEREAS, in consideration of all of the above-mentioned facts and circumstances that have been brought to the City's attention, it is in the best interest of the City, its citizenry, and all those seeking or providing medical services that the ordinance below be adopted.

NOW, THEREFORE, BE IT ORDAINED by the City Council of Jackson, Mississippi, adopts the following ordinance:

SECTION 1. The Jackson Code of Ordinances is hereby amended to include the following new Article which shall be codified in Chapter 86 as Article XI (Sections 86-401 thru 86-409), and read as follows:

Sec. 86-401. - Purpose.

This article is enacted to protect, preserve and promote the health, safety, and welfare for the citizens of the City of Jackson through the provision of unobstructed access to, and quiet environs within, Health Care Facilities for the purpose of obtaining medical counseling and treatment for residents and visitors to the City. The City Council recognizes that the exercise of a person's right to protest or counsel against certain medical procedures is a First Amendment activity that must be balanced against another person's right to obtain medical counseling and treatment in an unobstructed manner and that is free from increased health risks such as those associated with shouting or other amplified sound. The Jackson Police Department has been consistently called upon to mediate the disputes between medical providers, those seeking medical counseling and treatment, and those who would counsel against their actions so as to (i) avoid violent confrontations which would lead to criminal charges and (ii) enforce existing City ordinances which regulate use of public sidewalks and other conduct; such services require a dedicated and indefinite appropriation of policing services, which is being provided to the neglect of the law enforcement needs of the precinct(s) in which these facilities exist. The City seeks a more efficient and wider deployment of its services which will also help reduce the risk of violence and provide unobstructed access to Health Care Facilities by setting clear guidelines for activity in the immediate vicinity of the entrances to Health Care Facilities. It is the intent of this article to establish guidelines that will ensure that patients have unimpeded access to medical services that may be conducted in a calm environment while ensuring that the First Amendment rights of those seeking to communicate their message are not impaired. Having found less restrictive alternatives to be ineffective or impractical, the City finds that limited buffer and bubble zones and limitations on amplified sound

outside Health Care Facilities established by this article will ensure that patients' rights to safely receive medical services are protected while ensuring that the First Amendment rights of those who seek to communicate their message to their intended audience are not impaired.

Sec. 86-402. - Definitions.

"Health Care Facility" as used in this article includes but is not limited to hospitals, physicians' offices, walk-in medical centers, medical diagnostic centers, surgical centers, and facilities which are licensed, certified or otherwise authorized to perform medical procedures in this state and to provide health services. It shall not include residential homes, convalescent homes or other facilities that provide long term residency.

Sec. 86-403. – Eight-Foot Personal Bubble Zone.

No person shall knowingly approach another person within eight (8) feet of such person, unless such other person consents, for the purpose of passing a leaflet or handbill to, displaying a sign to, or engaging in oral protest, education or counseling with such other person in the public way or sidewalk area within a radius of one hundred (100) feet from any entrance to the property of a Health Care Facility.

Sec. 86-404. – Fifteen-Foot Buffer Zone.

No person or persons shall knowingly congregate, patrol, picket or demonstrate in a zone extending fifteen (15) feet from any entrance to the property of a Health Care Facility.

Sec. 86-405. – Limitations on Sound.

No person shall shout or, by any means, produce any amplified sound, including but not limited to a loudspeaker, drum, radio, phonograph, stereo set, tape or CD player, television, sound amplifier, or other electronic audio instrument or device that produces or reproduces amplified sound on any public street or sidewalk or from private property within one hundred (100) feet of the property line of a Health Care Facility, provided that the public streets or sidewalks adjacent to such facilities shall be clearly marked by conspicuous signs identifying those areas. Any Health Care Facility that identifies the facility as being located in a quiet zone in accordance with this article shall be subject to the same limitations on amplified sound described herein.

It shall be the duty of said Health Care Facilities or owners of such establishments to erect and maintain signs in some conspicuous place on every street, avenue or alley in the vicinity of every Health Care Facility, public or private, indicating that the same is a "quiet zone." The signs which must meet and conform to the City's sign code shall be placed on such streets, avenues or alleys upon which a Health Care Facility is situated

and shall read in a manner similar to, but not restricted to, the following: "Hospital — Quiet Zone" or "Health Care Facility — Quiet Zone."

Sec. 86-406. – Effective Hours.

The provisions of this article shall only take effect during the Health Care Facility's business hours and if the area contained within the zone described is clearly marked and posted.

Sec. 86-407. - Exemptions.

This article shall not apply to:

- (1) law enforcement, ambulance, firefighting, construction, utilities, public works, and other municipal agents acting within the scope of their employment, or
- (2) authorized security personnel employees or agents of the Health Care Facility engaged in assisting patients and other persons to enter or exit the premises.

Sec. 86-408. - Enforcement.

Nothing in this article shall prevent City of Jackson police officers from obtaining voluntary compliance by way of warning, notice, or education.

Sec. 86-409. - Penalties.

Any violation of any of the provisions of this article shall be a misdemeanor and shall be punishable by a fine of not more than \$1,000.00 or by imprisonment for not more than 90 days, or both.

SECTION 2. That all provisions of the ordinances of the City of Jackson in conflict with the provisions of this ordinance be, and the same are hereby, repealed; and, all other provisions of the ordinances of the City of Jackson not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 3. That should any sentence, paragraph, subdivision, clause, phrase or section of this ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Code of Ordinances as a whole.

SECTION 4. This ordinance shall become effective thirty (30) days after passage and publication.

MEMORANDUM

To: Mayor Chokwe Antar Lumumba

From: Dr. Mukesh Kumar, Director
Department of Planning and Development

Date: March 25, 2019

Subject: Agenda Item for City Council Meeting

Attached you will find an item for the agenda amending a section of Chapter 2 Administration, Article V – Boards Commissions and Committees. These amendments allow certain named boards and commissions to be exempted from ward-based geographic distribution requirements.

Historically the Historic Preservation Commission and the Board of Construction (Formally Board of Construction Appeals) have had issues maintaining sufficient active members to maintain quorums and meet efficiently. The Historic Preservation Commission has had numerous openings since 2014, and the former Board of Construction Appeals had not had a valid board member since prior to 2010.

These boards have very specific experience and technical requirements for members. Finding members with both qualification and interest is a challenge when trying to solely balance ward distribution. Removing the requirement will allow wider selection opportunities and allow the boards to return to full function, meet quorum, and conduct business effectively.

Current Historic Preservation Member Requirements:

Sec 70-46 - All commission members shall have a demonstrated knowledge or interest, competence, or expertise in historic preservation. All commission members shall be nominated by the mayor and confirmed by the city council with due regards for such fields as architecture, history, urban planning, archaeology and law, and others, to reflect the racial and economic diversity of the city. Further, one member shall be appointed from each of the seven wards within the city, and the remaining two members, shall be at-large members, appointed from different wards.

The Historic Preservation Commission currently has active members, and 3 vacancies needing appointment.

Board of Construction Requirements:

Sec 26-80 - The Board of Construction ("Board"), shall be established in this article and is to consist of eight (8) members. The Board is to be composed of one architect, one general contractor, one engineer, one master electrician, one master mechanical, one master plumber and two lay persons. Members of the board must be residents of the City of Jackson.

The Board of Construction will need all eight members appointed in the next month after the passing of the Building Ordinance modernization in March.

It is the intent of this Department to aim for the best geographic distribution attainable for each of the boards and commissions, but also to ensure that the boards are fully appointed and able to maintain quorum as needed to conduct business effectively.

ORDER REQUESTING THE CITY COUNCIL REVIEW AND VOTE TO DENY THE SIGN VARIANCE REQUEST FOR CVS TO ERECT TWO BUILDING SIGNS TOTALING 296 SQUARE FEET AND ONE 80 SQUARE FOOT GROUND SIGN AT 32 FEET IN HEIGHT WITHIN A CMU-1 ZONE WHICH ONLY ALLOWS A TOTAL OF 15 SQUARE FEET FOR BUILDING SIGNAGE AND A 15 SQUARE FEET MONUMENT SIGN AT 6 FEET IN HEIGHT (WARD 7)

WHEREAS, the public health, safety or general welfare of the community may require that variances be granted in specific cases as set forth in City of Jackson Sign Ordinance, Sections 102-26, et seq., of the City of Jackson Code of Ordinances; and

WHEREAS, pursuant to Section 102-40, no action by the City Council may be taken concerning a variance from the sign regulations until after a public hearing in relation thereto, at which parties in interest and the general citizenry shall have an opportunity to be heard; and

WHEREAS, no variance from the Sign Ordinance shall be passed by the City Council unless and until an application seeking the variance is filed with the City's Signs and License Division, with such application containing, at a minimum, a legal description, location map, plot plan, the exact nature of the requested variance, the grounds upon which it is requested, and/or such other information as may be required by the Signs and License Division manager; and

WHEREAS, said variance application shall also demonstrate that:

1. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
2. The literal interpretation of the provisions of the Sign Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of the Sign Ordinance;
3. The special conditions and circumstances do not result from actions of the applicant; and
4. Granting the variance requested will not confer upon the applicant any special privilege that is denied by the Sign Ordinance to other similar lands, structures, or buildings in the same district; and

Item: #47
Date: 9-174-19
By: Hillman, Lumumba

WHEREAS, CVS, the applicant herein, has requested a variance from the Sign Ordinance regulations to erect two building signs totaling 296 square feet and one 80 square foot ground sign at 32 feet in height within a CMU-1 zone which only allows a total of 15 square feet for building signage and a 15 square feet monument sign at 6 feet in height.

IT IS THEREFORE, ORDERED that CVS is hereby (*denied*) a variance from the Sign Ordinance regulations to erect two building signs totaling 296 square feet and one 80 square foot ground sign at 32 feet in height within a CMU-1 zone which only allows a total of 15 square feet for building signage and a 15 square feet monument sign at 6 feet in height, it being determined that the parties in interest and the general citizenry first had their opportunity to be heard and that the applicant (*has not*) met the necessary criteria for the requested variance.

IT IS FURTHER ORDERED that the City Council has considered the variance application and denies the variance requested therein based on a finding that no special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district; the literal interpretation of the provision of the Sign Ordinance (*would not*) deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of the Sign Ordinance; the special conditions and circumstances do not result from actions of the applicant; and granting the variance requested (*will*) confer upon the applicant any special privilege that is denied by the Sign Ordinance to other similar lands, structures, or buildings in the same district.

Dear Committee:

It is with great enthusiasm that the Greater Jackson Arts Council writes this letter of endorsement in support of **Johnny T's Bistro & Blues'** application for Qualified Resort Area status.

Johnny T's is one of Jackson's most beloved food and entertainment venues, and it's long-standing presence as a reliable anchor business within the Farish Street Historic District of Downtown Jackson makes it a cultural landmark of true significance.

The venue offers some of Mississippi's finest southern cuisine and live entertainment from local and touring musicians of a caliber that has made Johnny T's a go-to spot for the most ardent blues aficionados. So it should be no surprise that its 538 North Farish Street address is one of the most visited spots on the Mississippi Blues Trail.

As a neighbor, supporter, and friend of Johnny T's, we fully endorse their application for resort status qualification. This venue is a cornerstone of Jackson's authentic cultural tourism.

Sincerely,

Re: Accepting the Quote from Southern Connection Police Supplies for New Fleet Striping

The content of this memorandum is to request that the City of Jackson Police Department accept the quote of \$3,843.00 from Southern Connection Police Supplies for the striping of (7) new police vehicles. The Jackson Police Department requires this striping so that the police vehicles are visibly mark according to Section 25-1- 87, Mississippi Code of 1972 as amended, prescribes the manner in which municipal owned or leased vehicles are to be marked.

The striping design for the new fleet have met the requirements of the Police Department and will assure the safety of the police officers and the manner in which the citizens of Jackson can identify the police vehicles clearly.

I recommend that we accept the quote of \$549.00 per vehicle, (7) total for the amount of \$3,843.00 from Southern Connection Police Supplies.

Council Meeting: Regular Council Meeting, September 17, 2019

Purpose: To provide auctioneer services for the sale of municipal surplus personal property as required under state law

Cost: 9.65 percent of the gross revenue derived from the auction

Funding Source: Revenue from the Auction

Background:

The Fleet Management Division of the Department of Public Works is conducting its 2019 Sale of City-Owned Motor Vehicles and Equipment at Public Auction on September 21, 2019. Section 17-25-25 (4) of the Mississippi Code of 1972, as amend, authorizes a municipality to sell surplus personal property such as motor vehicles and equipment by auction. A requirement of Section 17-25-25 (4) is that the auctioneer or auction company meet the standards established by the Mississippi State Department of Audit.

Nick Clark Auctions has been providing satisfactory auctioneer services to the City of Jackson under a series of contracts since at least 2010. Mr. Clark has agreed to provide the auction services for this auction under the same compensation terms as its latest contract with the City. Re: City Auction – Sale of Surplus City Vehicles and other equipment –
September 21, 2019

The attached list of City owned vehicles and equipment has been dead lined due to repair cost, damage and decreased value as to the City's fleet. The cost to maintain this equipment due to age and mileage out weights its current value. Therefore, I am requesting authority to sell the attach list of vehicles and equipment at a City held auction to be held on September 21, 2019 at the Municipal Garage located at 4225-C Michael Avalon Drive.

The auction will be advertised in the Clarion Ledger and the Jackson Advocate prior to the auction date. Nick Clark, the auctioneer will send approximately forty-five hundred brochures out to potential buyer and will send a global e-mail twice to at least twenty-eight hundred prospective buyers.

Should you have any questions please feel free to contact me at (601) 960-2091.

Attached for your consideration is an agenda item authorizing the execution of any and all documents necessary to administer a grant from the Mississippi Department of Environmental Quality (MDEQ) in the amount of \$75,000.00 to fund the operation of the Environmental Service Center. The Solid Waste Division has been receiving this grant for the last several years and its purpose is to finance the contract associated with the collection and recycling of household hazardous waste. In addition, the ESC services residents in the tri-county area and prevents illegal dumping and the contamination of natural resources.

If you have any questions, please let me know.

Re: Tabulation of Bid for twenty-four months of services for chipping / grinding, hauling and disposal of vegetative debris. Bid No. 98846-082019 opened August 20, 2019

This memo provides justification to proceed with a term bid for chipping / grinding, hauling and disposal of vegetative debris. I would like to recommend Fiske International Group, Corporation as the best and lowest bid received for twenty-four months of services for chipping / grinding, hauling and disposal of vegetative debris. Bids were opened on August 20, 2019. Four (4) bids were received from Socrates Garrett Enterprises, Inc., Fiske International Group, Corporation, Apex Response Group, LLC, and Greenhill Forest Products, LLC. The bidders were asked to provide (1) a unit price per cubic yard to load and transport debris for city site to vendor's reduction site, (2) a unit price per cubic yard to chip/grind debris (price to include all equipment, mobilization, demobilization, fuel, labor and any other costs associated with the task), (3) a unit price per cubic yard to dispose of reduced debris (price to include all transport, equipment, fuel, labor and any other cost associated with the task), to a disposal facility that is in compliance with MDEQ regulations, and (4) percentage paid per unit to the City for sale of reduced material such as mulch.

As a part of this bid packet, the City will be reimbursed for the sale of reduced material such as mulch. Fiske International Group, Corporation will pay the City (\$0.40/cy-mulch).

A vegetative debris reduction program is greatly needed to free up much needed disposal space at the City of Jackson's Class I Rubbish Site. With this term bid, throughout the year, the contractor will be on site at the City's landfill to chip, grind and haul vegetative debris. The landfill accepts approximately 1600 cubic yards of debris per month. The contractor will leave the City 20% of the reduced debris or mulch, which we will use to address erosion problems and use for resale to the public.

It is recommended to accept the bid of Fiske International Group, Corporation, 15 Northtown Drive, Jackson, MS 39211. This bid meets all specifications.

If you have any questions, please let me know.

ORDER RATIFYING A CONTRACT WITH HEMPHILL CONSTRUCTION COMPANY, INC. FOR THE MILL STREET SEWER EMERGENCY REPAIR (WARD 7)

OFFICE OF THE CITY ATTORNEY
9-10-2019

WHEREAS, a portion of a sewer main collapsed within the right-of-way of Mill Street south of the Mill Street Bridge on Woodrow Wilson Avenue; and

WHEREAS, the collapse resulted in the discharge of raw sewage into the Mill Street right-of-way and has created a large sinkhole filled with raw sewage that is hazardous to the environment, human health, and public safety; and

WHEREAS, because of the adverse effect on human health, the environment, and public safety, the Mayor invoked the emergency procurement process, pursuant to Section 31-7-13 (k), a copy of which is attached to this Order and made a part of these minutes; and

WHEREAS, pursuant to the emergency procurement process, a contract has been executed with Hemphill Construction Company, Inc. in an amount not to exceed \$198,416.70 without further authorization of the governing authorities to make repairs to the collapsed sewer main, a copy of which is attached to this Order and made a part of these minutes.

IT IS, THEREFORE, ORDERED that the contract with Hemphill Construction Company, Inc. in an amount not to exceed \$198,416.70 without further authorization of the governing authorities for repairs to a collapsed sewer main in the right-of-way of Mill Street is ratified.

Item: #66
Date: 9-17-19

BY: MILLER, LUMUMBA

**DECLARATION INVOKING THE EMERGENCY
PROCUREMENT PROCEDURE**

I. REQUEST

There are currently three sewer collapses that require immediate, emergency repair because of the danger to human health and the environment they pose. There is currently a collapsed sewer line that is causing raw sewage to back up and discharge into the storm drainage system at the Mill Street and Woodrow Wilson Avenue overpass. There are also two collapses on North State Street at High Street and at College Street. Both of these collapses are on a heavily traveled segment of North State Street. The collapse of the pipe and the discharge of sewage into the surrounding ground has the potential to undermine the roadway in such a way that portions of the street may collapse under the weight of vehicles. This would cause damage to vehicles and could potentially cause injury and loss of life. Furthermore, the collapse at College Street could cause the discharge of raw sewage into the adjacent buildings owned by First Baptist Church of Jackson, including their early childhood care center.

According, I request that you declare this situation an "emergency" as that term is defined in Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, and authorize the Department of Public Works to hire one or more contractors to make the necessary repairs to the collapsed sewer lines, pursuant to Section 31-7-13 (k) if the Mississippi Code Annotated of 1972, as amended.

As background information to assist in your determination that an emergency exists, I have attached a memorandum from Bill Miley, Utilities Manager. I have also obtained the review and approval of the Office of the City Attorney and the Chief Administrative Officer as evidenced by the signatures below.

III. DECLARATION OF EMERGENCY

I hereby determine that the sewer line collapses at Mill Street and the Woodrow Wilson Avenue overpass, at North State Street and High Street, and at North State Street and College Street constitute an emergency as that term is defined under Section 31-7-1 of the Mississippi Code Annotated of 1972, as amended, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Jackson, Mississippi and its citizens, and that the Department of Public Works is authorized to hire one or more contractors to make the necessary repairs to the sewer lines pursuant to Section 31-7-13 (k) of the Mississippi Code Annotated of 1972, as amended.

According, this request is approved.

MEMORANDUM

TO: Robert Miller , Director of Public Works 

FROM:  Bill Miley, Utilities Manager

RE: Declaration of Emergency for Miscellaneous Sewer Projects

DATE: July 29, 2019

The City of Jackson has numerous emergency sewer projects that need immediate attention. The collapses have resulted in unsafe conditions to the Public Streets and Raw Sewage discharge in to City of Jackson's streets and storm drains at Mill Street and Woodrow Willison overpass and North State Street and High Street and North State Street and College Street causing some sewer back up in to customer's laterals. Emergency work is required to prevent further discharge of raw sewage and pavement failures which is a safety concern to the public

Due to location and depth of the sewer main, City forces are not able to make the repairs and a contractor must be hired to make the repairs. It is the recommendation of the Utilities Division that an emergency should be declared pursuant to Section 31-7-1- (f) and - 13 (k) of the Mississippi Code of 1972.
