I, Lamond Rankins, am submitting this statement of intent; to notify whomever of my intention of taking what is currently a vacant over grown dump lot and turning it into a prosperous neighborhood restaurant. I think my restaurant can benefit both the neighborhood as well as the city. This will be done through the hiring of personnel to work the establishment and additional tax money for the city.

Thanks in advance to whomever this may concern,

STATEMENT OF INTENT

The attainment of quality and affordable housing is an issue that continues to plague many cities and is increasingly becoming more and more elusive for many Americans. The rising costs associated with housing are a major barrier to the people becoming homeowners or renters which has contributed to the increase in the number families and individuals who are homeless. Local policies in some instances are impediments to options for a variety of housing types that could meet the diverse financial situations and housing needs of residents in the communities.

The City of Jackson like many other cities have modified their regulations to allow manufactured housing as an alternative to addressing the shortage of affordable and quality housing. Inherent in the policy changes are the acknowledgements of the advantages associated with manufactured housing:

- Cost - Manufactured housing units are more cost effective when compared to traditional housing. They are a realistic option for first time homeowners and/or for persons with limited budgets.
- Customization – Potential owners are more able to control the design of a home that is more suitable to their budgets and living space preferences.
- End to end process- There is a much shorter timeframe between the purchasing and being able to move into a manufactured home when compared to the timeframe associated with a “conventional” housing unit.

Our organization, Rosemont Human Services, Inc., is partnering with City of Jackson and the MS Manufactured Housing Association to develop a demonstration site that will consist of four (4) manufactured housing units in the Community. In order to develop the site (4306 Halsey Ave. (Parcel 306-122) 0 Halsey Ave (Parcel 306-121), 0 Halsey Ave (Parcel 306-120) & 4311 Officer Thomas Catching Dr (Parcel 306-128) in a manner that is reflective of the exiting residential lots in the area, we are requesting the required Use Permit to allow for the placement of the manufactured housing units on the subject properties.
