152021

WHEREAS, the City of Jackson has not increased its customer rates for providing water and sewer services since October 8, 2013; and

WHEREAS, an increase in these rates is necessary at this time to provide necessary additional revenue for the operation and maintenance of the City's water and sewer system, to service debt as it becomes due, and to replenish the Contingent Fund required under the City of Jackson General Bond Resolution; and

WHEREAS, pursuant to Section 21-13-11 of the Mississippi Code of 1972, as amended, this ordinance should take effect immediately upon passage because current rates are insufficient to provide for the operation and maintenance of the water and sewer system, to provide for the payment of indebtedness that will become due during the current fiscal year, and to provide the contingent funds required under the City General Bond Resolution for its outstanding water and sewer revenue bonds; and

WHEREAS, Section 122-234 (1) a. should be amended as follows:

(1) *Volumetric charges.* Volumetric charges will be determined as follows:

a. The volumetric charge will be determined by the water meter reading, or at the user's option, the user may furnish metering devices approved by the approving authority for measuring wastewater discharged into the city sewer system. This will apply to those users of the city sanitary sewer system who purchase all water from the city or other water utility. Those users having private wells or other sources of water supply shall install either water meters on the wells or other sources of water supply or approved metering devices on wastewater discharged to the city sewers. The schedule of sewer service charges, on a volumetric basis, is as follows: Each customer shall be charged ~~\$4.47~~ \$5.36 per 100 cubic feet of meter water consumption when the monthly water consumption is greater than the minimum amounts described in section 122-235.

and

WHEREAS, Section 122-235 (a) should be amended as follows:

(a) The schedule of minimum sewer service charges is as follows:

- (1) Each customer with a five-eighths-inch meter whose water consumption is 300 cubic feet or less shall be assessed a minimum monthly charge of ~~\$13.41~~ \$16.08.
- (2) Each customer with a one-inch meter whose water consumption is 670 cubic feet or less shall be assessed a minimum monthly charge of ~~\$29.95~~ \$35.91.

By: (King, Lumumba)

- (3) Each customer with a one and one-half or two-inch meter whose water consumption is 1,510 cubic feet or less shall be assessed a minimum monthly charge of ~~\$67.50~~ \$80.94.
- (4) Each customer with a three-inch or larger meter whose water consumption is 2,710 cubic feet or less shall be assessed a minimum monthly charge of ~~\$121.14~~ \$145.26.

and

WHEREAS, Section 122-268 (a) (1) a. should be amended as follows:

- (a) The rates and amounts required to be paid for consumption per month, exclusive of sales tax, by customers of the city waterworks residing within the city shall consist of the following components:
 - (1) *Volumetric rate*. A flat rate per 100 cubic feet will be charged regardless of the number of feet consumed.
 - a. The flat rate per 100 cubic feet is ~~\$3.21~~ \$3.85.

and

WHEREAS, Section 122-268 (a) (2) should be amended as follows:

- (2) *Service charge*. Service charges are calculated as follows:
 - a. In addition to the volumetric rate and meter charge, on all meters using more than 300 cubic feet per month there shall also be a monthly service charge of ~~\$7.44~~ \$11.55, chargeable for each month or part of month that this section is in effect.
 - b. In addition to the service charge in subsection (a)(2)a. of this section, for each meter serving more than one residential unit, there shall be an additional service charge of ~~\$7.44~~ \$11.55 for each such unit in excess of one. Residential unit means a dwelling complete with normal facilities of habitation intended for long-term occupancy including, but not limited to, apartments, condominiums, trailers, separate residential houses, apartment nursing homes, and permanent retirement residences.
